In addition, we will inform you that we have posted a provision of allowance for loss on valuation of investment in subsidiaries and affiliates (non-consolidated performance) in connection with this fire.

There are no revisions to the forecast of full-year consolidated financial results at

this time.

3. Recording of provision of allowance for loss on valuation of investment in subsidiaries and affiliates (non-consolidated performance)

Regarding the stock of Unicharm India Private Ltd. owned by the Company, the provision of allowance for loss on valuation of investment in subsidiaries and affiliates was recorded as an extraordinary loss of ¥17,142 million in the non-consolidated financial statements for the 2nd quarter of the fiscal year ending December 2020, considering the decrease in net assets due to the loss caused by the fire.
