

Summary Report of Consolidated Business Performance  
for the Second Quarter of Fiscal Year 2020  
(January 1, 2020 – December 31, 2020)

HYOGO, JAPAN – August 7, 2020 - Toyo Tire Corporation (“the Company”; President & CEO: Takashi Shimizu) announces its Consolidated Business Performance for the Second Quarter of Fiscal Year 2020 (January 1, 2020 through December 31, 2020) as follows:

Quantitative information about the quarterly financial results

(1) Business Results

●Net Sales:	150,586 million yen (a decrease of 27,971 million yen or 15.7% from the same period of FY2019)
●Operating Income:	7,928 million yen (a decrease of 7,415 million yen or 48.3% from the same period of FY2019)
●Ordinary Income:	4,379 million yen (a decrease of 9,473 million yen or 68.4% from the same period for FY2019)
●Profit Attributable to Owners of Parent:	520 million yen (a decrease of 7,001 million yen or 93.1% from the same period for FY2019)

(2) Results by Business Unit

The Tire Business unit posted net sales of 134,430 million yen (a decrease of 21,203 million yen or 13.6% from the same period of FY2019) and an operating income of 9,733 million yen (a decrease of 6,381 million yen or 39.6% from the same period of FY2019).

The Automotive Parts Business unit posted net sales of 16,129 million yen (a decrease of 6,758 million yen or 29.5% from the same period of FY2019) and an operating loss of 1,805 million yen (a decrease of 1,049 million yen from the same period of FY2019).

(3) Status of provision of reserves for product warranties and allowance for product repairs pertaining to the company's seismic isolation rubber issue

In the fiscal year ended December 2015, some products shipped by the company did not conform to performance evaluation criteria certified by Japan's Ministry of Land, Infrastructure, Transport and Tourism. When applying for Ministry certification for seismic isolation rubber for construction, in some cases the certification was based on applications lacking technical grounds.

For the second quarter of FY2020, the company posted an extraordinary loss of 1,751 million yen (product compensation response measure expenses of 1,438 million yen and a provision of reserves for product compensation of 313 million yen). This was because it became possible to make calculations as the situation progressed, and the company recorded 64 million yen in compensation, etc., and 630 million yen in miscellaneous charges (primarily, in payroll for the seismic isolation rubber task force, etc.).

Depending on the progress of how this is handled in the following quarter and beyond, if

future costs arise (mainly business compensation and repairs for damage such as delayed damages, expenses, etc., when repair work expenses are found to additionally exceed the reserve provisions), additional provision of reserves for product warranties may be posted, but at the present time it is difficult to reasonably estimate the amount.

#### (4) Explanation of financial situation

Total assets at the end of the second quarter of the consolidated accounting period were 434,128 million yen, a decrease of 34,618 million yen compared to the end of the previous consolidated accounting period.

Liabilities were 221,936 million yen, a decrease of 22,301 million yen compared to the previous consolidated year-end accounting period.

Interest-bearing liabilities were 123,898 million yen, an increase of 5,353 million yen compared to the previous consolidated year-end accounting period.

Net assets as of the end of the second quarter of the consolidated accounting period were 212,192 million yen, a decrease of 12,317 million yen compared to the end of the previous consolidated accounting period.

As a result, the capital ratio increased 1.0 points, compared to the previous consolidated year-end accounting period, to 48.5 %.

## Consolidated Balance Sheets
