1. FY2021/3 1Q Result

FY2021/3 1Q Results Summary

Net sales rose 29.9% year on year.

- B2C sales increased 31.0% YoY due in part to temporary demand created by the spread of COVID-19.
- B2B & B2School sales rose 27.2% YoY. This reflects B2B sales growth based on sales activity from the previous fiscal year. Some impact of school closures was seen on B2School sales, but this was minor as a percentage of total sales. At present, the impact of COVID-19 is not yet evident.

Operating income increased 86.5% year on year.

 Growth in operating income was achieved by raising productivity and business efficiency, which offset a rise in cost of sales due to an increase in the number of lessons per user as a result of COVID-19.

Both net sales and operating income hit post-IPO highs for the first quarter.

Operating income

FY2021/3 Initiatives

Carry out business operations focusing on improvements in profitability, expansion of net sales, system development, and R&D eyeing the use of technology.

Improvement of profitability

- There is enough human resource to operate the business, and the growth rate of employees, excluding Filipino tutors, has been kept in check.
- Continue to enhance productivity and business efficiency.

Expansion of net sales

- As for B2C sales, aim for growth in net sales by meeting growing demand from adults and students for training programs due to impact of COVID-19 (increase in time spent at home and school c;osures).
- As for B2B sales, aim for net sales growth by capturing demand for replacements for offline training and studying

System development

• Implement a major system replacement for sales expansion and service enhancement going forward.

R&D eyeing the use of technology, including data and Al

- Expand sales of an automated scoring system for speaking tests by combining AI and speech recognition technology.
- Continue to analyze massive amounts of lesson data and research methods to improve learning efficiency and increase the learning retention rate.

3. FY2021/3 1Q Topics

Developed Automated English Speaking Scoring System "PROGOS"

4. Management Strategy

The "With Corona, After Corona" Business Environment

Individual

- ✓ Some adherence to working in remote environments
- ✓ More side jobs and side businesses due to a poorer hiring environment
- ✓ No commuting frees up time for learning

Corporate

- ✓ Not just business, but also hiring and training is going online
- ✓ More remote work is stimulating freelancing, etc.
- ✓ Overseas businesses are managed remotely when you can't travel abroad

Educational institutions

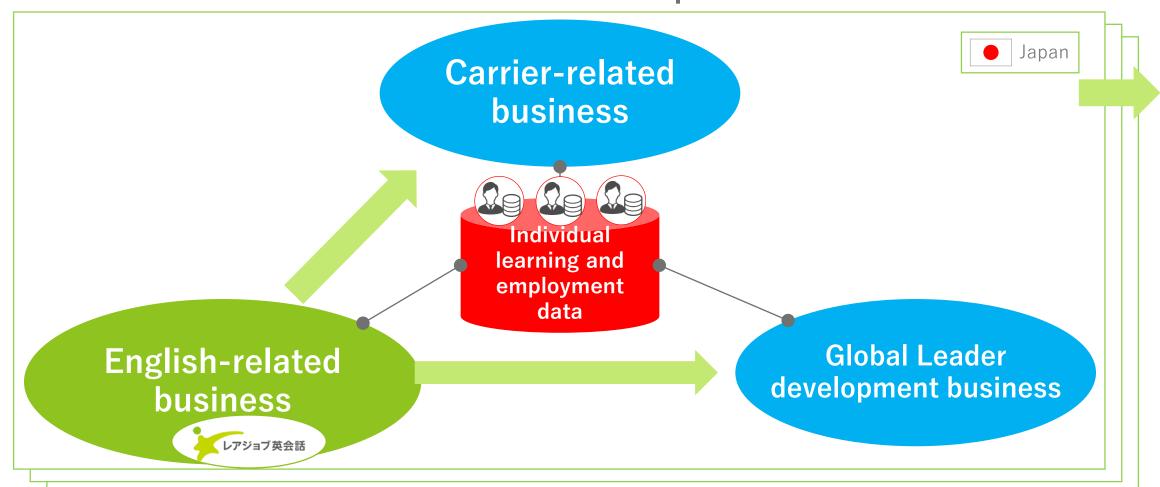

- ✓ More ICT and online learning due to school closures
- ✓ Lack of school teaching could be compensated with private online services at home

We are seeing **accelerated online learning**, which has been a goal of RareJob, and new opportunities due to a shift to **skill-based work styles**.

Future business development

With the advancement of online and skill-based work style, we are building on our English-related business. Developing global leader business and carrier-related business in Japan and overseas.

Aiming for a Breakthrough Improvement of Learning Effect Using Technology

Develop products offering a strong learning effect using technology, work in cooperation with other companies, provide a platform for acquiring English conversation skills, and aim to dramatically improve the learning effect.

Learning efficiency

Assessment

Accurately evaluating individual conditions

Automate the speaking test by combining Al technologies such as voice recognition and natural language processing

Recommendation

Recommending suitable plan/content for individuals

Accumulate learning data and recommend learning plan content that is best suited to individuals.

Expand services and collaborate with other companies' services to provide a wide range of learning plan content.

Providing wide range of

Amount of learning

Continuous learning

Implementing system for keeping motivation toward continuous learning

Accumulate and analyze lesson audio data to visualize hardto feel results.

Aim to provide an English learning platform that unifies the above.

Direction of Business Development

As work styles change, we aim to provide services that accommodate the needs of those new work styles.

Global leader development business

- English is a tool, and the aim is to acquire skills for working on the global level.
- Creating new business with low cost by leveraging Filipino tutors and learning platforms in online English conversation business.

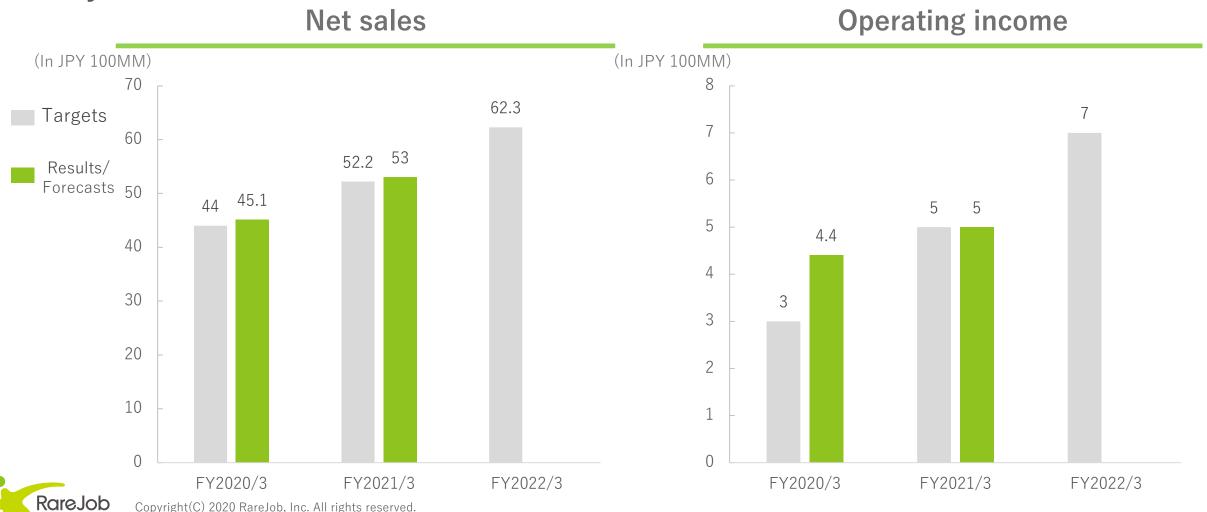

Career-related business

- Matching individuals with English fluency and global skills with companies in need of global talent.
- Dramatically improving humanresource matching precision by using speaking-test results and global-skills assessment results.

Progress towards medium-term performance targets from FY2020/3 through FY2022/3

Net sales and operating income went over the targets for FY2020/3, and we expect that we will hit the performance targets for the medium-term, despite being affected by COVID-19 for FY2021/3.
