- 1. Qualitative Information on Consolidated Financial Results for the Period under Review
- (1) Explanation of Operating Results

During the six months ended August 31, 2020 (March 1, 2020 to August 31, 2020), the Japanese economy deteriorated rapidly with significant decline in consumption and production due to the spread of the coronavirus disease (COVID-19) infection. As it was difficult to tell when COVID-19 would be contained, the outlook remained uncertain.

Most of the Company's stores, which operate nationwide, had to be temporarily closed for an extended period of time in April and May due to the stay-home requests made by the government and local municipalities and the state of emergency declared by the government on April 7. As a result of the temporary closure, customer traffic fell significantly. All of the Company's stores then resumed business operations on June 3 with the lifting of the state of emergency declaration on May 25. Customer traffic is gradually increasing, but it has not recovered to the level of the previous year.

Under such a business environment, the Company made every effort to expand EC sales by focusing on introducing its products in various digital media such as Instagram and taking measures including awarding extra points and offering limited time sales. As a result, EC sales increased by more than 20% year on year. However, the impact of the temporary closure and reduced operating hours of the stores was extremely large. Consequently, in the Apparel Business, net sales were ¥32,061 million, or 65.8% of the previous year's level, and in the Miscellaneous Goods/Accessories Business, net sales were ¥13,080 million, or 71.9% of the previous year's level.

As a result of the above, as for operating results for the six months ended August 31, 2020, the Company recorded net sales of $\pm45,165$ million (32.5% decrease year on year), operating loss of $\pm1,761$ million (operating profit of $\pm5,524$ million for the previous corresponding period), ordinary loss of $\pm1,983$ million (ordinary profit of $\pm5,488$ million for the previous corresponding period), and loss attributable to owners of parent of $\pm1,518$ million (profit attributable to owners of parent of $\pm3,468$ million for the previous corresponding period).

(2) Explanation of Financial Position

(Assets)

Current assets decreased by ¥2,270 million compared with the end of the previous fiscal year, due mainly to decreases in cash and deposits by ¥1,789 million and notes and accounts receivable - trade by ¥688 million. Non-current assets increased by ¥969 million compared with the end of the previous fiscal year, due primarily to increases in buildings and structures by ¥255 million and deferred tax assets by ¥872 million, despite a decrease in investment securities by ¥256 million.

(Liabilities)

Current liabilities increased by ¥1,580 million compared with the end of the previous fiscal year, due mainly to an increase in short-term borrowings by ¥13,206 million, despite decreases in notes and accounts payable - trade by ¥8,071 million, accrued consumption taxes by ¥1,213 million, provision for bonuses by ¥934 million and current portion of long-term borrowings by ¥293 million.

Non-current liabilities increased by ¥969 million compared with the end of the previous fiscal year, due primarily to increases in long-term borrowings by ¥756 million and asset retirement obligations by ¥86 million.

(Net assets)

Net assets decreased by ¥3,850 million compared with the end of the previous fiscal year, due mainly to a decrease in retained earnings by ¥3,718 million.

(3) Explanation of Consolidated Financial Results Forecast and Other Future Projections

The consolidated financial results forecast for the fiscal year ending February 28, 2021 were undetermined as it was difficult to tell when the spread of COVID-19 would be contained or to reasonably calculate its impact on business operations. However, the financial results forecast has been calculated based on the information and projections that are available at this point.

For details, please see "Notice concerning Revision of Financial Results Forecast" announced today (October 13, 2020).
