Kanamic Network and Shikigaku form business alliance to provide ICT/management consulting services to elderly care providers

Kanamic Network Co., Ltd. (Headquarters: Shibuya-ku, Tokyo; Representative Director and President: Takuma Yamamoto; hereinafter the "Company"), which specializes in the medical and elderly care fields and provides cloud services that contribute to the realization of a "community comprehensive care system", has formed a business alliance with SHIKIGAKU. Co., Ltd. (Headquarters: Shinagawa-ku, Tokyo; Representative Director and President: Kodai Ando; hereinafter referred to as "Shikigaku"). Shikigaku provides management consulting services powered by its unique "Shikigaku" method.

In forming the business alliance, the Company aims to increase the productivity of medical / elderly care providers it serves as well as to improve the organizational structures of corporate clients aspiring to take their businesses public. Through the business alliance, the Company and Shikigaku will provide support to IPO-aspiring corporations via introductions to one another's services as well as co-sponsored seminars.

The Company (through its Kanamic Cloud Service) already provides ICT solutions in order to improve business productivity in the medical and elderly care industries and to advance the internal control structures of IPO-aspiring corporate clients.

Going forward, the Company will, through the foregoing business alliance, help transform medical and elderly care businesses (that face severe labor shortages and management challenges) into organizations capable of sustained business expansion. This will be achieved through the Company's provision of Shikigaku's management consulting services to (1) help clients achieve sound management driven by increased business productivity and (2) support organizational reform at IPO-aspiring corporate clients.

The Company will continue to deliver the "Kanamic Cloud Service" to contribute further to the safe and continuous provision of services by medical and elderly care providers.

■Commencement of the foregoing service (Commencement of the business alliance):
November 18, 2020 (Planned)

■About Shikigaku

Based on the philosophy of "maximizing the potential of people by spreading knowledge," Shikigaku provides management consulting services, powered by its unique method, "Shikigaku". Shikigaku has signed contracts to provide its services to a cumulative total of over 1,800 companies. Shikigaku is listed on the Mothers market of the Tokyo Stock Exchange (stock code: 7049).

■About "Kanamic Cloud Service"

The "Kanamic Cloud Service" is a "regional communication" cloud service that contributes to the realization of the "community comprehensive care system" that our super-aged society requires by making multidisciplinary communication among local governments, medical associations, and elderly care service providers possible. The Company's lineup includes an information sharing system for the purpose of facilitating communication among interdisciplinary professionals as well as a system for elderly care provider operations.
