

November 20, 2020

Casa Inc.

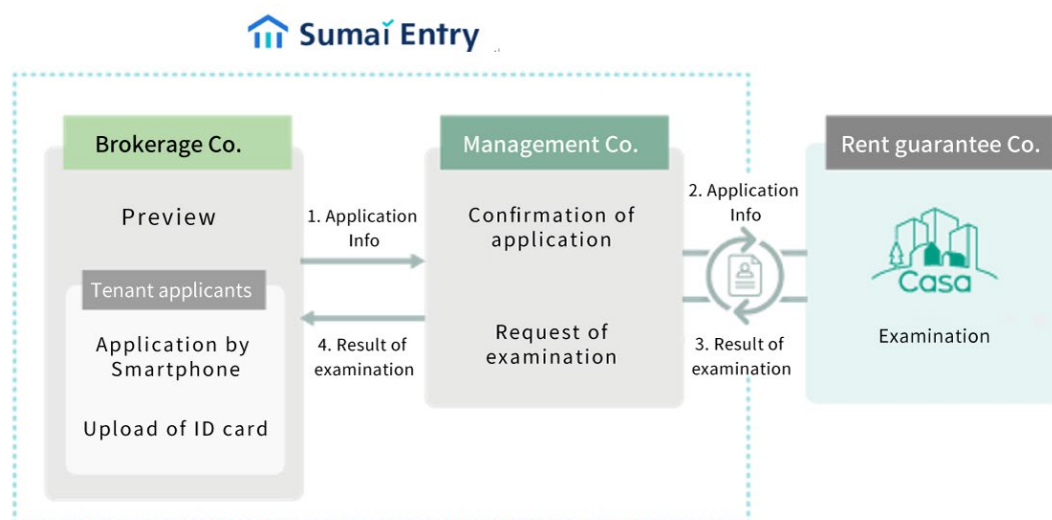

Collaboration with “Sumai Entry” of e-Seikatsu has just started

We have started to link the application information of "Sumai Entry" supplied by e-Seikatsu Co., Ltd. (Minato-ku, Tokyo, CEO: Zenichi Maeno, Second Section of the Tokyo Stock Exchange: 3796) a real estate tech company that develops and provides cloud / SaaS that strongly promotes DX in the huge real estate market.

"Sumai Entry" is a cloud service which provides move-in application Web service that makes the acceptance and examination of move-in applications between tenant applicants, rental brokerage companies, real estate management companies, and rent guarantee companies paperless, and preview reservations between rental brokerage companies and real estate management companies that improves efficiency.

By linking with "Sumai Entry", tenants, brokerage companies, and management companies will not have to create a handwritten guarantee consignment application when using our rent guarantee service. As a result, smooth guarantee examinations are possible, and rental brokerage companies and management companies can improve operational efficiency.
