The Eligible Employees, etc. shall pay in monetary claims provided by the Company or its subsidiaries based on the Plan in full amount in the form of property contributed in kind, and shall receive common shares of the Company that shall be issued or disposed of by the Company. such common shares without contribution when certain circumstances arise.

In introducing the Plan, the Company considered its business conditions, the scope of the duties of each of Eligible Employees, etc. and other circumstances and aimed to secure officers and employees of ability and to further increase the motivation of each of Eligible Employees, etc. In consideration of these purposes, the Company has decided to provide a total of ¥63,712,400 in monetary claims (the “Monetary Claims”) and to grant 59,600 common shares (the “Allotted Shares”) in exchange for the contribution of the Monetary Claims. Further, the Company has set the transfer restriction period of about three years in order to maintain persistent incentives toward achieving the robust performance in mid to long term.

In the New Share Issuance, the 289 Eligible Employees, etc. who are entitled to the allotment of shares shall make in-kind contributions of all of Monetary Claims to the Company, and shall be issued the Allotted Shares of the Company. Each of the Eligible Employees, etc. is able to apply for the subscription of restricted shares on a voluntary basis and the Allotted Shares shall be allocated only to Eligible Employees, etc. who wish to exercise the subscription.
