Proposal 4: Revision of Remuneration for Granting Restricted Shares to Directors Who Are Not Members of the Audit & Supervisory Committee of the Company

It was approved at the 45th Ordinary General Meeting of Shareholders held on February 25, 2016 that the amount of fixed remuneration for Directors who are not members of the Audit & Supervisory Committee of the Company (hereinafter the “eligible Directors”) shall be 150 million yen or less per year. In order to give the eligible Directors an incentive to pursue a sustainable improvement of the corporate value of the Company and to further promote value sharing with the shareholders, it was approved at the 49th Ordinary General Meeting of Shareholders held on February 26, 2020 to introduce a new remuneration plan for granting restricted shares (hereinafter the “Plan”) of up to 10 million yen per year, in addition to the remuneration mentioned above. (Hereinafter, the resolution of the proposal at the said Ordinary General Meeting of Shareholders is referred to as the “Initial Resolution.”)

Upon comprehensively considering factors such as the details of the medium- to long-term business plan and price trends of the Company’s shares after the Initial Resolution, the total amount of the monetary remuneration given in order to grant restricted shares to the eligible Directors shall be increased from the amount in the Initial Resolution to 24 million yen or less per year. The specific allocation of the remuneration to each of the eligible Directors shall be determined by the Board of Directors.

With regard to this Proposal, the Audit & Supervisory Committee has expressed its opinion that there are no matters of note in accordance with the Companies Act regarding the remuneration for eligible Directors.

Currently, the Company has six eligible Directors. If Proposal 2 is approved as originally proposed, the Company will have seven eligible Directors.

[Details of the revision]

The Initial Resolution, which has been effective to date, stipulates that monetary remuneration claims provided to the eligible Directors of the Plan be 10 million yen or less per year in total, in addition to the fixed amount of remuneration for eligible Directors, and the total number of common shares to be issued or disposed of for the eligible Directors be 12,000 shares or less per year.

The Plan allocates restricted shares to the eligible Directors by providing monetary remuneration claims to them based on a resolution of the Board of Directors of the Company. The eligible Directors shall pay out all the monetary remuneration claims to the Company as property contributed in kind to receive common shares of the Company that are issued or disposed of accordingly. The Company proposes to revise the Plan so that the total amount of monetary remuneration claims provided to eligible Directors is increased from the amount in the Initial Resolution to 24 million yen or less per year, with the total number of common shares to be issued or disposed of for the eligible Directors remaining at 12,000 shares or less per year.

There will be no revisions to the Initial Resolution except for the point described above.
