### (Notes)

Transactions of which the Company is unable to verify the actual existence

During the tax examination process that was conducted by the national tax authority on NS Solutions Corporation (the "Company") in mid-November of 2019, questions arose with respect to the actual existence of certain of the Company's recorded purchase and resale of goods transactions. Due to this situation, the Company established a Special Investigation Committee and investigated this matter. As a result, transactions of which the actual existence cannot be verified have been ascertained. Therefore, the Company has cancelled such transactions, and has recorded the deposits and withdrawals related thereto as temporary receipts of 46,404 million yen and temporary payments of 44,753 million yen, respectively, and has also recorded the net amount of 1,650 million yen as other non-current liabilities. In addition to the above, there were matters in relation to which orders were received and/or issued but not yet processed.

In connection with such matters, a lawsuit was filed against the Company on March 31, 2020. For details, please see Note: "Contingent Liability". Depending on the circumstances of these matters going forward, it is possible that these matters will affect the financial condition or business performance of the Company.

### Accounting Estimates and COVID-19 Pandemic

The spread of COVID-19 is not expected to end any time soon, and the economic activity level outlook for the current fiscal year is still extremely severe. Although the effect caused by the spread of the disease will continue for a certain period of time, the consolidated financial results forecast for the current fiscal year is made with the assumption that, in the second half of fiscal year 2020, the demand is expected to be at about the same level as that in the same period of the previous fiscal year.

Accounting estimates are made using the financial results forecast based on the above assumptions. The assumptions used in making accounting estimates involve a high degree of uncertainty and if COVID-19 persists longer than expected or if its effects on the business environment change, the financial condition and operating performance of the Group may be affected.

## Contingent Liability

Mizuho-Toshiba Leasing Company, Limited ("Mizuho-Toshiba Leasing") filed a lawsuit against the Company with the Tokyo District Court on March 31, 2020 (the date on which the complaint was served on the Company is June 24, 2020) regarding a claim for a penalty. On January 18, 2021, Mizuho-Toshiba Leasing amended its claim for this lawsuit by adding, as an alternative claim, a claim for the payment of sales price in accordance with the sales agreement.

In this lawsuit, Mizuho-Toshiba Leasing asserts that a sales agreement ("Sales Agreement") was entered into between Mizuho-Toshiba Leasing and the Company in August 2019 regarding our purchase of servers and peripherals, etc. from it, and the Company then terminated the Sales Agreement in November 2019, and based on that assertion, claims against the Company for penalty of the amount equivalent to the sales price, or, as an alternative claim, claims against the Company for the sales price in accordance with the Sales Agreement, the amount of which is 10,926 million yen plus its delay damages.

The Company will appropriately handle the matter, including demanding dismissal of the claim. This fact may affect the financial condition or business performance of the group. However, as of now, it is difficult to reasonably estimate the amount of such effect, and thus it is not reflected in the Quarterly Consolidated Financial Statements.
