1. Corporate governance policy

“Mizuho's Corporate Identity,” which is composed of Corporate Philosophy, Vision and the Mizuho Values, serves as the concept that forms the basis of Mizuho’s business activities.

Mizuho creates lasting value. It is what makes us invaluable.
- Vision: Mizuho’s vision for the future, realized through the practice of “Corporate Philosophy”

 1. Customer First: The most trusted partner lighting the future
 2. Innovative Spirit: Progressive and flexible thinking
 3. Team Spirit: Diversity and collective strength
 4. Speed: Acuity and promptness

5. Passion: Communication and challenge for the future

We define “Mizuho's Corporate Identity,” form a basic management policy and strategies for our entire group based on that basic policy, have each company in our group work together and promote such group strategy. Thus we operate Mizuho's business giving due regard to creating value for diverse stakeholders and realize improved corporate value through continuous and stable corporate growth. As a result, we fulfill our social role and mission by contributing to internal and external economic and industrial development and prosperity of society.

For that purpose, we, as a holding company, play an active role in the management of our group; take on a planning function with respect to strategies and policies of our group and a controlling function with respect to each company of our group as part of its business management; establish a corporate governance system consisting of the Board of Directors at its core, which has received the mandate of the shareholders; and ensure that self-discipline and accountability of management of our group is fully functioning.

We have adopted a Company with Three Committees in order to realize the basic policy regarding our corporate governance system shown below:

- 1) Secure the effectiveness of corporate governance by ensuring the separation of supervision and management and making supervision of the management such as the execution of duties, etc., by executive officers the primary focus of the Board of Directors.
- 2) Make it possible for the management to make swift and flexible decisions and realize expeditious corporate management by the Board of Directors' delegating decisions on business execution to executive officers.
- 3) Utilize committees, etc., comprising mainly of outside directors who are independent from the management of Mizuho, and secure transparency and fairness in decision-making processes and the effective supervision of the management.
- 4) In the course of designing the organizations, etc., comprising the corporate governance system that realizes matters set out in items 1 through 3, the Company is to actively adopt operations and practices that are recommended at a global level regarding corporate governance as well as compliance with Japanese and foreign laws and regulations as a financial group expanding across the globe.

Regarding the fundamental perspectives, framework and governing policies of our corporate governance system (Board of Directors, Directors, Nominating Committee, Compensation Committee, Audit Committee, voluntary committee, etc., Mizuho's group governance and our advisor system), we have established the "Corporate Governance Guidelines" as high-level regulations superseded only by the Articles of Incorporation. For your reference, we put it on our website at

https://www.mizuho-fg.com/company/structure/governance/g_report.html#guideline.

[Reasons for not implementing each principle of our corporate governance policy]

We are implementing all the principles of the Corporate Governance Code.

[Principle 1.4] (Cross-Shareholdings)

“Policy Regarding Mizuho Financial Group's Cross-shareholdings of Other Listed Companies”

- As a basic policy, unless we consider these holdings to be meaningful, MHFG and the Three Core Companies* will not hold the shares of other companies as cross-shareholdings. This reflects factors including the changes in the environment surrounding Japan's Corporate Governance Code and the potential impact on our financial position associated with stock market volatility risk.
- We consider cross-shareholdings to be meaningful if they contribute to the maintenance and improvement of the corporate value of issuers and the Mizuho group based on their growth potential, outlook, or

revitalization perspectives or as a result of studies on present and future economic feasibility and profitability.

- We will regularly and continually examine whether shares held as cross-holdings are meaningful, and we will dispose of holdings determined to be deficient in meaning with due regard to the impact on the market and other matters. Through dialogue with the issuing companies, we will also reduce even those holdings we consider to be meaningful.

“Standards Regarding the Exercise of Voting Rights Associated with Cross-shareholdings”

- MHFG and the Three Core Companies will exercise voting rights after comprehensive consideration of whether an issuing company has established effective corporate governance and is making appropriate decisions to improve its corporate value over the medium to long term. We will also consider any impact to our own corporate value. Further, if we are unable to agree on proposals made by issuing companies, we may consider disposing of our share holdings.
- We will consider specific proposals through dialogue with the issuing companies and studies conducted by our own specialized departments. In particular, when proposals such as those listed below could affect corporate value or shareholder interests, we will decide on the exercise of voting rights after comprehensive consideration of the purposes of the proposals and the issuing company’s approach to improving corporate value.
 - Proposals to re-elect directors and auditors, grant retirement benefits, pay bonuses and increase compensation amounts when an issuing company has posted a loss or paid no dividends for a certain period of time, or a corporate scandal has occurred.
 - Proposals to re-elect representative directors when profit on capital is going through a long-term slump or there are less than two independent directors after convening a general meeting of shareholders.
 - Proposals to appropriate retained earnings when there are ongoing low dividend distributions or when such proposals, if resolved, may adversely affect financial soundness.
 - Proposals to adopt or continue anti-takeover measures.
 - Proposals for reorganization such as through a merger.
 - Proposals for capital strategies, including issuing new shares.
 - Proposals to grant stock options to dilute overall shares.
 - Proposals to change articles of incorporation that may impact shareholder value.
 - Proposals based on shareholder proposals.

*: “Three Core Companies” refers to Mizuho Bank, Ltd., Mizuho Trust & Banking Co., Ltd. and Mizuho Securities Co., Ltd. (the same applies hereinafter)

MHFG has published an overview of assessment results of cross-shareholdings on its website at <https://www.mizuho-fg.com/company/structure/governance/structure/hold.html>.

[Principle 1.7] (Related Party Transactions)

When MHFG engages in transactions with its directors or major shareholders (i.e., related-party transactions), in order to ensure that such transactions do not harm the interests of the Company or the common interests of its shareholders, MHFG has established the following system:

- As a result of a resolution of the Board of Directors, MHFG has established the “Mizuho Code of Conduct” and the “Compliance Manual” to prohibit conflicts of interest conduct, bribery of shareholders in relation to exercise of their rights, and favors to shareholders, and to disseminate and ensure compliance with an arm’s-length relationship in related-party transactions. The Board of Directors, Audit Committee, Executive Management Committee and the President & CEO receive reports and perform monitoring, with respect to the status of compliance, etc., periodically and as necessary.
- When directors or executive officers engage in transactions in the line of business of MHFG or transactions that have conflicts of interest, MHFG has expressly provided in the “Regulations of the Board of Directors,” which was established as a result of a resolution of the Board of Directors, that such transactions are matters subject to approval by the Board of Directors, which are monitored at the Board of Directors through approval of or report on each actual transaction and audited at the Audit Committee pursuant to the “Audit Policies of the Audit Committee.”
- When directors or executive officers engage in transactions in the line of business of MHFG or transactions that have conflicts of interest and the Board of Directors approves the matters, the legal risk department of MHFG conducts legal review. Additionally, the legal risk department also conducts legal review, as necessary, on matters concerning transactions between MHFG and its group company.

[Principle 2.6] (Roles of Corporate Pension Funds as Asset Owners)

Our group has established “Mizuho Corporate Pension Fund” (the “Fund”), a corporate pension fund system. In order to demonstrate the expected functions as an asset owner, we are striving to fulfill this responsibility through filling prominent positions of the Fund with personnel with expertise in fund management and other pension related areas.

Moreover, along with announcing that the Fund accepted “Principles for Responsible Institutional Investors (the Japanese version of Stewardship Code)”, the Fund has implemented specific guidelines to fulfill the responsibilities thereof and disclosed the same.

Also, with regards to preventing conflicts of interest between MHFG and subscribers/beneficiaries of the Fund, we ensure that these are managed appropriately by fulfilling the fiduciary duties as provided in the Defined-Benefit Corporate Pension Act.

For your reference, it is available on our website at https://www.mizuho-fg.com/company/structure/governance/g_report.html#guideline.

iii) The Compensation Committee has established its policies and procedures for the Board of Directors to determine compensation for directors and executive officers in “II. 1. The disclosure of policies determining the amount of

compensation or method of calculating compensation of directors and executive officers.”

iv) MHFG has established its policies for the Nominating Committee to determine candidates for directors and for the Board of Directors to appoint or dismiss executive officers in “Composition of the Board of Directors”, “Appointment and Dismissal of Directors” and “Composition and Appointment and Dismissal of Executive Officers” of its “Corporate Governance Guidelines.”

In determining candidates for directors, MHFG takes procedures at the Nominating Committee as provided in “Operation of the Nominating Committee” of the “Corporate Governance Guidelines.”

When the Board of Directors appoints or dismisses executive officers, the Human Resources Review Meeting conducts the deliberation of proposals as provided in the “Operation of the Human Resources Review Meeting” of the “Corporate Governance Guidelines” and thereafter they are resolved at a Board of Directors Meeting.

For your reference, "Corporate Governance Guidelines" is available on our website at https://www.mizuho-fg.com/company/structure/governance/g_report.html#guideline.

v) With regard to the reasons of determining candidates for directors, MHFG provides them each year on the reference materials of the “notification of general meeting of shareholders” where it presents to the general meeting of shareholders a proposal to determine directors. MHFG sends out the “notification of general meeting of shareholders” to all the shareholders as well as publishes it on its website at <https://www.mizuho-fg.com/investors/stock/meeting.html>.

[Supplementary Principle 4.1.1] (Roles and Responsibilities of the Board (1))

The Board of Directors of MHFG shall make decisions on business execution matters that have to be determined solely by the Board of Directors under laws and regulations, such as basic management policy, while it, in principle, shall delegate to the President & CEO, who is the Group CEO, decisions on business execution excluding matters to be determined solely by the Board of Directors under laws and regulations.

With regard to the purposes of the delegation from the Board of Directors to executive officers, MHFG has provided such information in “Role of the Board of Directors and Directors” of its “Corporate Governance Guidelines”. https://www.mizuho-fg.com/company/structure/governance/g_report.html#guideline.

[Supplementary Principle 4.1.3] (Succession Planning)

1. Basic concept and overview

- We are devoting ample time and resources to succession planning in order to appoint optimum personnel to positions such as Group CEO, principal management members who support the Group CEO (e.g. our in-house company heads) as well as top management of the Three Core Companies, with the purpose of achieving sustainable growth for the entire Group and improving corporate value over the medium- to long-term. In addition, in preparation for any unforeseen circumstances of the Group CEO, we also consider candidates for the Group CEO “after the next.”
- Implementation of and the status of operation of succession planning for the Group CEO and other positions are reported to meetings of the Nominating Committee and “Human Resources Review Meeting” (collectively “Nominating Committee, etc.”).
- The core elements of the succession planning for the Group CEO and other positions are deliberation at

meetings of the Nominating Committee, etc. on (i) the personnel requirements expected for each position, (ii) timing of the succession, (iii) setting up a candidate pool and taking the time to properly train candidates (including the necessary career selection for candidates), (iv) the personalities of the candidates members of the Nominating Committee, etc. have comprehended and (v) the decisions on candidates, etc., by taking into consideration the current Group CEO's opinion.

- The Nominating Committee, etc. discusses the selection of the Group CEO in full based on personalities and disregards formalistic human resource management such as annual promotion based on seniority, by utilizing multifaceted personnel evaluation information including a 360-degree evaluation of the candidate and third-party evaluation by an external institutional evaluator, thoroughly profiling candidates and taking into consideration the opinion of the current Group CEO. The current Group CEO fully cooperates with the Nominating Committee, etc. for the committee to gain an understanding of the personality of the candidates by, for example, establishing a process to directly grasp the abilities and qualifications etc., of candidates.

The Nominating Committee makes a decision on the appointment of a director who concurrently serves as the Group CEO while ensuring objectivity and transparency of the process.

2. Personnel requirements of the Group CEO

- Our Group CEO is expected to satisfy the following requirements as the head of the leading Japanese financial services group with a global presence and a broad customer base.

 - (b) The Group CEO needs to be a leader who can lead the Group and accomplish sustainable growth even in the face of uncertain environment or difficult situations, by confronting them decisively with his/her unshaken faith and flexibility to address changes.
 - (c) The Group CEO is required to possess extensive experience and knowledge, and the ability to foresee a new era. He/she needs to be an adversary who devotes his/her passion to create new value or make changes that contribute to our customers or the future of the economy and society.
- In addition to the above, in appointing the Group CEO, we examine required qualifications or abilities that we emphasize or further take into consideration after considering the business environment surrounding us at the time of succession, recognition of the era we are in based on such business environment as well as the direction of the group strategies.

[Principle 4.8] (Effective Use of Independent Directors)

The Board of Directors shall not have more than fifteen (15) directors, which is the number of directors prescribed under the Articles of Incorporation. In light of the role of the Board of Directors to supervise the management, non-executive directors (outside directors and internal directors who do not concurrently serve as executive officers, managing directors, employees, or executive directors of MHFG or any subsidiary of MHFG) shall comprise a majority of the directors in the Board of Directors, while at least six (6) directors shall be outside directors (to fulfill the "Independence Standards of Outside Directors of the Company"). Based on this recognition, the Board of Directors confirmed that it properly fulfilled supervisory function is properly functioning, by, for example, focusing on monitoring the progress of the 5-Year Business Plan. In addition, we concluded that the Board of Directors as a whole, was highly effective, as each individual committee performed its role exceedingly satisfactorily. On the other hand, points to further improve the effectiveness of the Board of Directors became clear, and we recognized the need for further efforts. Specifically, we will address the following two issues:

- (1) Further expansion of proposals related to medium- to long-term management issues

Matters related to the independence of such directors and employees from executive officers

MHFG has established Audit Committee Office as a department responsible for assisting duties of Audit Committee and placed employees who are not subject to the chain of command structure of executive officers and other business executives. In order to ensure independence of the employees assigned to Audit Committee Office from executive officers, we seek prior consent of Audit Committee with respect to the reorganization of Audit Committee Office, personnel changes and other matters relating to employees assigned thereto and establishment of the budget thereof.

Status of communication between the Audit Committee, accounting auditors and Internal Audit Department

The Audit Committee executes its duties on the premise of the establishment and management of an internal control system in MHFG and its subsidiaries by approving the basic internal auditing plan and budgets of Internal audit Group, the entrustment of the Head and General Manager of Internal Audit Group, receiving reports from the Internal Audit Group regarding progress and results etc., of particular audits and plans, and seek inspections or issue specific instructions as necessary.

In addition, the Audit Committee monitors and inspects that accounting auditors are independent and appropriately conduct audits and receives periodic reports with respect to the status, etc., of audits from and exchanges opinions as necessary with accounting auditors in order to mutually strengthen cooperation.

The Internal Audit Group exchanges opinions and information with accounting auditors with respect to their assessment of risks on a regular basis and as necessary to strengthen cooperation so as to enhance effectiveness

and efficiency of the overall audit function.

2. Matters regarding the function of execution of duties, audit and supervision, appointment, decisions on compensation, etc. (Overview of current corporate governance structure)

MHFG maintains the following corporate governance structure.

□Supervision

○Board Members and Board of Directors

The main roles of the Board of Directors of MHFG are making decisions on business execution such as basic management policies, which are legally matters to be determined solely by the Board of Directors, and supervising the execution of duties by directors and executive officers. In order to fulfill the roles mentioned above, the Board of Directors shall appropriately establish and supervise the operation of the internal control systems (regarding matters such as risk management, compliance and internal auditing) and risk governance systems of Mizuho. The Board of Directors, in principle, delegate to our President & CEO, who is also the Group CEO, decisions on business execution (excluding matters that are legally required to be determined solely by the Board of Directors), for the purpose of realizing swift and flexible decision-making and expeditious corporate management and strengthening the supervision of directors and executive officers by the Board of Directors.

In light of the role of the Board of Directors to supervise management, the majority of the members of the Board of Directors consist of outside directors and internal directors who do not concurrently serve as persons performing executive roles ("Internal Non-Executive Directors," and together with outside directors, "Non-Executive Directors"). Currently, the Board of Directors consists of a total of 12 directors (six outside directors, two Internal Non-Executive Directors and four directors concurrently serving as executive officers), one of which is female director.

The Chairman of the Board of Directors shall, in principle, be an outside director (or at least a Non-Executive Director) in light of the role of the Board of Directors to supervise management. Ms. Izumi Kobayashi currently has been the Chairman of the Board of Directors since June 2020.

□Internal Audit Function and Others

The Internal Audit Committee is chaired by the President & CEO. The committee discusses and determines important matters concerning internal audit on the basis of the basic policy determined by the Board of Directors, and reports resolutions and important matters made by the committee to the Audit Committee and the Board of Directors.

To ensure independence of the internal audit function from the audited sections, we separate the Internal Audit Group from the groups which it audits and establish it as an independent group in its own right under the control of the Internal Audit Committee.

The internal audit infrastructure MHFG has established is as follows: MHFG has set up an Internal Audit Department to carry out internal audits based on the basic policy determined by the Board of Directors. It also checks the internal control structure of the various companies on the basis of the reports it receives from the major group companies of the results of internal audits and problems and issues that have been investigated by them. Thus, all information on the status of the major group companies' internal audits is held and controlled by MHFG's Internal Audit Department.

The results of both MHFG's and the major group companies' internal audits are reported to the Internal Audit Committee on a regular basis and at other times as necessary by the Head of the Internal Audit Group. The Head of the Internal Audit Group shall report the progress of individual audits and plans to the Audit Committee, respond to requests for inspections and accept specific instructions from the committee.

We have been audited by the accounting firm of Ernst & Young ShinNihon LLC since establishment of MHFG in 2003. Four CPAs are responsible for executing MHFG's accounting audit for the fiscal year ended March 31, 2021: Ryuji Takagi, Toru Nakagiri, Shinichi Hayashi and Mitsuhiro Nagao.

As of September 30, 2020, there were also fifty-two CPAs who assist them in the audit of MHFG and fifty-four other assistants.

(Note) The Dai-ichi Kangyo Bank, Ltd and the Fuji Bank, Ltd entered into an accounting audit contract with Ernst & Young ShinNihon LLC in 1976 (known as Dai-ichi Audit Firm and Tetsuzo Ota & Co. at that time, respectively). Since then, Mizuho Holdings, Inc. established through the stock transfer of the Dai-ichi Kangyo Bank, Ltd, the Fuji Bank, Ltd and the Industrial Bank of Japan, Ltd. in 2000, and we, MHFG established through capital contribution by Mizuho Holdings, Inc. in 2003, have continuously entered into an accounting audit contract with Ernst & Young ShinNihon LLC.

3. Reason for adopting current corporate governance structure

We, as a holding company, transformed into a Company with Three Committees with the belief that, under the current legal system, a Company with Three Committees is the most effective as a system to realize our fundamental perspectives regarding our corporate governance system for the following reasons:

- (1) To allow executive officers to make swift and flexible decisions on business execution and to implement business execution, and to allow the Board of Directors to focus on determining matters such as basic management policies and effectively supervising management.
- (2) To secure to the fullest extent possible a checks and balances function that fully utilizes the

viewpoints of outside parties and objectively secure appropriateness and fairness in decision-making through members of the Nominating Committee, the Compensation Committee, and the Audit Committee, which consist mainly of outside directors.

- (3) To make possible the creation of systems that are necessary to realize the fundamental perspectives regarding the corporate governance in a form that takes into account what we aim to be and its challenges.
- (4) To be in line with governance systems that are required globally with a strong recognition that our group operates globally and is in a position in which it should play a leading role in the industry as a financial group that is a Global Systemically Important Financial Institution (G-SIFI); to continue constructing an even stronger governance system that will agilely respond to domestic and global structural changes and overcome a highly competitive environment; and as a result, to allow us to fulfill its social role and mission, which is to realize continuous and stable corporate growth and improved corporate value and shareholder interests and contribute to domestic and global economic and industrial development and prosperity of society, in response to the demands of our stakeholders.

IV. Internal control framework

1. Internal control framework

Each director, including outside directors, supervises the status of various management by periodically receiving reports concerning the status of management of departments in charge of compliance and risk monitoring, etc., at meetings of the Board of Directors.

The Audit Committee audits the legality and appropriateness of the execution of duties by directors and executive officers, etc., and executes its duties through effective coordination with the Internal Audit Group, etc., based on the establishment and management of an internal control system in MHFG and its subsidiaries. Audit Committee members who are authorized to collect reports and investigate business property directly execute audits of directors and executive officers at the management level of each in-house company, unit, group, etc. and Subsidiary.

Following the concept of the “three lines of defense” as shown in the Basel Committee on Banking Supervision’s “Corporate governance principles for banks,” in addition to autonomous controls by the in-house companies, units, etc. (1st line-of-defense) and monitoring by the departments in charge of compliance and risk management (2nd line-of-defense), we have internal audit departments that belong to the internal audit group, based on the Internal Audit Committee that is independent from 1st line-of-defense and 2nd line-of-defense, which conduct internal audits (3rd line-of-defense) for the in-house companies, units, etc. as well as for the departments in charge of compliance and risk management. Through these measures, we ensure the appropriate nature and effectiveness of our internal controls.

In addition, as part of its efforts to strengthen its internal control framework, MHFG has set up the Disclosure Committee and enhance its disclosure controls and procedures.
