WealthNavi Inc. (the “Company”) is pleased to announce that the Company joined Keidanren (Japan Business Federation) on April 15, 2021. Please refer to the attached press release for details.

WealthNavi joined Keidanren (Japan Business Federation)

WealthNavi Inc. (Head office: Shibuya-ku, Tokyo; Representative Director and CEO: Kazuhisa Shibayama; hereinafter, “the Company”), the provider of “WealthNavi,” the top Japanese robo-advisor (*) in terms of assets under management and number of users, announces that the Company joined Keidanren (Japan Business Federation) on April 15, 2021.

■Background of Entry

With the mission of “Helping working families build wealth,” “WealthNavi” helps working families in Japan make long-term investment with a globally diversified portfolio and build wealth for their comfortable retirement.

Through this Keidanren membership, the Company will contribute to the realization of “Society5.0” promoted by Keidanren through its business.

By actively participating in the activities of Keidanren and exploring the possibility of collaboration with the members of Keidanren, the Company will broaden the possibilities for business development and strengthen its initiatives to support working families to build wealth.

* Morningstar’s research of specialist online operators based on the Japan Investment Advisers Association “Contact Asset Status, September 2020)–Wrap Accounts and Discretionary Accounts)” (as of December 2020).

■Main features of robo-advisor “WealthNavi”

1. Automate long-term and diversified investment asset management

The power of technology automates “long-term, funded, and diversified” asset management practiced by wealthy people and institutional investors around the world. “WealthNavi” allows customers to make long-term and diversified investments in 11,000 securities in about 50 countries around the world through 6 to 7 ETFs (Exchange-Traded Funds) based on the modern portfolio theory. All processes of asset management from asset allocation, trading of securities, automated deposits, rebalancing are handled automatically.

2. “WealthNavi” for busy working families

“WealthNavi” is mainly used by working families in their 20s and 50s. With risk tolerance assessment through answering five questions from a PC or smartphone, “WealthNavi” recommends an optimal wealth management plan for each customer and enables customers to check daily

performance tracking at any time. Even busy working families can easily manage their assets for the future in their spare time.

3. Supports comfortable asset management with various functions

A variety of functions such as “Life planning tool” that supports the achievement of asset management goals, “Fractional ETF trading” that realizes an optimal portfolio even with a small amount of investment, and “AI wealth management advice” make it possible for customers to manage their assets comfortably. The Company has obtained patents for “Automated deposits with rebalancing” and “Automatic tax optimization (DeTAX) function *” for their core technologies.

* There are conditions for applying automatic tax optimization (DeTAX), and the Company does not guarantee that the tax burden will be deferred.

4. A simple fee / asset management algorithm is also published

The fee is only 1% (1.1% including consumption tax) of the assets under management (*). The asset management algorithm is published in a white paper and can be viewed by anyone on the website of “WealthNavi.” excluding cash portion, annual rate, excluding consumption tax.

* Excluding cash portion, annual rate. A 0.5% discount fee (excluding cash portion, annual rate, 0.55% including consumption tax) is applied to the portion of assets under management exceeding 30 million yen.
