Confirmation of Details Regarding Stock Compensation-Type Stock Options

On April 23, 2021, Marubeni Corporation (hereinafter, "Marubeni" or the "Company") has announced the subscription amount and other details of its 10th stock acquisition rights and its 4th stock acquisition rights with market value conditions which were decided on April 22, 2021. As previously announced, on March 23 Marubeni Board of Directors decided to implement stock acquisition rights as stock compensation-type stock options for its executive officer.

I. Marubeni Corporation 10th Stock Acquisition Rights

1. Name of the stock acquisition rights: Marubeni Corporation 10th Stock Acquisition Rights
2. Paid-in value for the stock acquisition rights

   82,800 yen for each stock acquisition right (828 yen per share)

   (＊)Above price is calculated using the Black-Scholes model that based on Marubeni's closing share price on Tokyo Stock Exchange on the allotment Date.

   The compensation claim whose amount is equal to the total amount of the paid-in value for the stock acquisition rights held by the person to whom the stock acquisition rights are to be allotted is offset by his or her obligation to pay the paid-in value for the stock acquisition rights.

II. Marubeni Corporation 4th Stock Acquisition Rights with market value conditions

1. Name of the stock acquisition rights: Marubeni Corporation 4th Stock Acquisition Rights with market value conditions
2. Paid-in value for the stock acquisition rights

   23,400 yen for each stock acquisition right (234 yen per share)

   (＊)Above price is calculated using the Monte Carlo simulation that based on Marubeni's closing share price on Tokyo Stock Exchange on the allotment Date.

   The compensation claim whose amount is equal to the total amount of the paid-in value for the

stock acquisition rights held by the person to whom the stock acquisition rights are to be allotted is offset by his or her obligation to pay the paid-in value for the stock acquisition rights.
