(Additional Information)

Regarding accounting estimates considering the expansion of the COVID-19 pandemic

The COVID-19 global pandemic caused a sharp stagnation in economic and social activities, which had a considerable impact on our business performance in the fiscal year ended March 31, 2021. Although there are differences depending on the region, both Japan and international businesses are generally on a recovery trend.

We will continue to carefully monitor the social and economic impact of COVID-19 in Japan and international markets, and how this will affect our business performance.

Due to the unprecedented nature of the COVID-19 pandemic, there are currently no widely accepted views on how it will continue to develop in the future, or references regarding accounting estimates related this situation. Therefore, it is difficult to predict the trend. However, based on certain assumptions, we have developed estimates such as for the recoverability of deferred tax assets or goodwill and fixed asset impairment tests, and reflected these into our accounting same as the fiscal year ended March 31, 2020.

Most of Japan and international business performance showed a recovery trend during the second half of the fiscal year ended March 2021, although COVID-19 is still expanding in some international regions. It is assumed that the impact on our business performance from fiscal year ending March 31, 2022 onward will be minor and limited.

There are many uncertainties regarding the impact of COVID-19 on economic activities. If the above assumptions should change, the financial condition and operating results of the Company may be affected.

For the FY ended March 31, 2021 (April 1, 2020 through March 31, 2021)

(1) Transfer of Shares of Kawashima Selkon Textiles Co., Ltd.

The Company resolved at the Board of Directors Meeting held on November 24, 2020, that it has decided to sell 100% of its shares in Kawashima Selkon Textiles Co., Ltd. ("Kawashima"), a consolidated subsidiary of the Company, to Kawashima via a buyback transaction, and signed off on the share transfer agreement on the same date. The share transfer was executed on January 6, 2021.

### 1 Main reason for the transfer

The Company acquired a 34% ownership stake in Kawashima by underwriting a capital increase through third-party allotment in December 2010 and acquired the remaining 66% ownership stake in August 2011 through a share exchange, which led it to become a 100% subsidiary. The aim was to stabilize Kawashima's business profits and financial base, pursue synergies in terms of sales and reduce costs by building an efficient system for collaboration in logistics and indirect operations.

Recently, the Company received from Kawashima an offer of a management buyout (MBO) by the current management, who have deep understanding of the cultural, commercial, and technical value of Kawashima, in order for Kawashima to accelerate the speed of its business growth and to enhance its productivity and efficiency. Kawashima also plans challenge new designs and develop manufacturing techniques for next generations based on their manufacturing traditions. Since the proposal, the Company and Kawashima have been discussing and considering it.

As a result, since the offer from Kawashima is in line with the management direction of the Company to transform its operations (i.e., to strengthen governance, focus on core businesses to improve productivity and efficiency, promote synergies between businesses, and optimize business portfolio to strengthen future growth and financial position), the Company decided to transfer all of its shares to Kawashima to dissolve the capital tie-up.

# (2) Transfer of Shares of Japan Home Shield Corporation

The Company reached an agreement with MCP5 Investment Business Limited Liability Partnership, a fund whose management is entrusted to Mizuho Capital Partners Co., Ltd. ("Mizuho Capital Partners"), to transfer 100% of the issued common stock of Japan Home Shield Corporation ("Japan Home Shield") held by LIXIL Living Solution Corporation ("LIXIL Living Solution"), a wholly-owned subsidiary of LIXIL, subject to customary closing conditions and regulatory approvals, and signed off on the share transfer agreement. The transfer of shares was carried out on March 9, 2021.

#### 1 Main reason for the transfer

LIXIL aims to become an entrepreneurial company that can achieve sustainable growth and contribute to society by making better homes a reality for everyone, everywhere. To achieve this aim, LIXIL and its group companies are taking steps to transform its operations, including strengthening governance, focusing on actively managing its core businesses to enhance productivity and efficiency, driving synergies across its core business areas, as well as optimizing its business portfolio to accelerate growth and strengthen financial conditions.

As a leading company in geotechnical investigation for homes and home inspection, Japan Home Shield has covered a cumulative total of more than 1.8 million units in geotechnical investigation and 200,000 houses in home inspection since its establishment. Given the housing law changes and frequent natural disasters in recent years, the environment for housing is changing. Japan Home Shield has continued to listen to the voice of customers and achieved sustainable growth by improving its technology and services and offering new services such as foundation design.

For Japan Home Shield to aim for dramatic growth along with the expansion of the industry overall, and to further grow beyond its current business, LIXIL and Japan Home Shield have come to the decision that it is necessary to separate Japan Home Shield from LIXIL so that it can receive support from a new owner to further strengthen its business. As a result of mutual discussion, it was determined that the best path forward for Japan Home Shield was to partner with Mizuho Capital Partners for its know-how, network, and resources, and to establish an even stronger business foundation by receiving business and financial support from Mizuho Capital Partners.

LIXIL is proceeding with various initiatives to reform its business operations, and believes that the Share Transfer is in line with the Company's direction of aiming to create further synergies and improve efficiency by simplifying its business structure and integrating the organizations.

For the reasons described above, LIXIL has decided to transfer all common shares of Japan Home Shield held by LIXIL through LIXIL Living Solution.

(Note on Discontinued Operations) For the FY ended March 31, 2021 (April 1, 2020 through March 31, 2021)

(1) Transfer of Shares of Permasteelisa S.p.A.

The Company resolved at the Board of Directors Meeting held on May 1, 2020 that it has decided to sell 100% of the shares of Permasteelisa S.p.A ("Permasteelisa") held by its subsidiary LIXIL Corporation (extinguished due to absorption-type merger with the Company as the surviving company on December 1, 2020) to Atlas Holdings LLC ("Atlas"), and signed off on the share transfer agreement on the same date. The share transfer was executed on September 30, 2020.

#### 1 Main reason for the transfer

The Company's aim is to be an entrepreneurial company that can achieve sustainable competitiveness and growth in order to fulfill its corporate purpose to contribute to society by making better homes a reality for everyone, everywhere. To achieve this aim, the company is taking steps to transform its operations, including strengthening governance, focusing on actively managing its core businesses to enhance productivity and efficiency, driving synergies across its core business areas, as well as optimizing its business portfolio to accelerate growth and strengthen financial conditions. The transaction is in line with the Company's efforts to focus on its core businesses and simplify its business structure, enabling further synergies and efficiencies through enhanced integration.

Permasteelisa is a global leader in the engineering, project management, manufacturing and installation of curtain walls and interior systems, with high-end curtain walls positioned at the core of its business. Over its history, the company has established a solid position in markets around the world, including Europe, Asia and North America. However, despite being a world-class brand, Permasteelisa has encountered significant operational and financial challenges in recent years, requiring the Company and Permasteelisa to implement a comprehensive plan to revitalize the business and return it to growth and stability.

Permasteelisa's operations are also significantly different to those of the Company's core business operations in terms of business cycles and other factors. Therefore, the sale of Permasteelisa will allow the Company to further concentrate investing resources in driving synergies across its core businesses, consider investments in new and profitable growth areas to further enhance our core operations, as well as simplify and eliminate its ongoing exposure to different types of risks.

For these reasons, the Company has concluded the contract to transfer 100% of its shares of Permasteelisa to Atlas, an industrial holding company based in the U.S., which together with its affiliates operates a diversified group of manufacturing, distribution and construction businesses.

### (2) Transfer of Shares of LIXIL VIVA Corporation

Based on the resolution at the Board of Directors Meeting held on June 9, 2020, the Company signed a memorandum ("Memorandum") with Arcland Sakamoto Co., Ltd. ("Arcland Sakamoto") and LIXIL VIVA Corporation ("LIXIL VIVA"), a subsidiary of the Company, as well as an agreement ("Agreement") with Arcland Sakamoto regarding a series of transactions including: a cash tender offer scheduled to be conducted by Arcland Sakamoto for the ordinary shares of LIXIL VIVA ("Tender Offer"); a reverse share split of the ordinary shares of LIXIL VIVA; a transfer of the shares held by the Company via buy-back by LIXIL VIVA ("Share Transfer"), through which LIXIL VIVA becomes a wholly owned subsidiary of Arcland Sakamoto; and other transactions incidental or related to those transactions (collectively, "Transaction"). After the conclusion of the agreement, through the necessary procedures for the transfer of shares, the Share Transfer was completed on November 9, 2020.

### 1 Main reason for the transfer

The Company's aim is to be an entrepreneurial company that can achieve sustainable competitiveness and growth in order to fulfill its corporate purpose to contribute to society by making better homes a reality for everyone, everywhere. To achieve this aim, the Company is taking steps to transform its operations, including strengthening governance, focusing on actively managing its core businesses areas, enabling further synergies, as well as optimizing its business portfolio to accelerate growth and strengthen financial conditions.

The transaction is in line with the Company's efforts to focus on its core businesses and simplify its business structure, enabling further synergies and efficiencies through enhanced integration.

LIXIL VIVA operates home improvement centers that provide a wide range of housing related merchandise, materials and renovation services. LIXIL VIVA has established a solid position in the industry thanks to its strengths, particularly its offering of a wide variety of merchandise necessary for renovations via its vast store space, which can provide business customers with one-stop service. LIXIL VIVA, however, has been facing a challenging business environment with intensifying competition in the retail home improvement center industry caused by a decrease in the number of customers due to population decline in Japan, changes in consumer behavior, and shifts in the channel landscape with the expansion of drugstores, e-commerce, and so forth.

The business of LIXIL VIVA is distribution and retail business which differs from the Company's core business. Therefore, the Share Transfer will enable the Company to invest its resources not only in its core businesses to drive synergies across those businesses, but also in new and profitable growth businesses, which will lead to further business efficiency. In addition, although LIXIL VIVA has been operationally independent from the Company, its independence in terms of the capital ties following the Share Transfer will support the Company in strengthening business relations with other home improvement center operators, which are important customers to the Company, as a more independent supplier.

# ② Description of the tender offer and methods of share transfer

The Company conducted an auction process in which the Company invited a wide range of potential candidates to acquire the ordinary shares of LIXIL VIVA, in order to select the most appropriate candidate for the Company, LIXIL VIVA and the minority shareholders of LIXIL VIVA. After thorough consideration, Arcland Sakamoto was selected as the transferee based on its superiority in terms of maximizing economic value for the Company and the certainty of completing the sale, including finance ability among others. LIXIL VIVA also concluded that the proposal received from Arcland Sakamoto was superior for LIXIL VIVA and its shareholders after examining comprehensively and carefully the evaluated equity value, the direction of the business strategy after the Transaction, and other factors in the proposal. Subsequently, Arcland Sakamoto, LIXIL VIVA and the Company began negotiations, and on June 9, 2020, the Board of Director's Meeting resolved to transfer all ordinary shares of LIXIL VIVA held by the Company to LIXIL VIVA through the Share Transfer and signed off on the Memorandum and the Agreement on the same date. The Transactions are comprised of three conditions;

a) ensuring that the only shareholders of LIXIL VIVA are the Company and the tender offeror (Arcland Sakamoto) via the Tender Offer, or through a stock consolidation conducted by LIXIL VIVA ("Stock Consolidation") in the event the tender offeror is unable to acquire all of the LIXIL VIVA shares (excluding, however, the LIXIL VIVA shares owned by the tender offeror, the untendered shares owned by the Company, as well as the treasury stock owned by LIXIL VIVA) via the Tender Offer;

b) for the purpose of securing the funding and distributable amount needed for the acquisition of LIXIL VIVA treasury stock defined in c); (i) having the tender offeror provide LIXIL VIVA with funding that can be directed toward the consideration for the acquisition of LIXIL VIVA treasury stock; and (ii) conducting reductions in capital, capital reserves and profit reserves of LIXIL VIVA ((Note 1) "Reduction in Capital, etc.") in accordance with Paragraph 1 of Article 447 and Paragraph 1 of Article 448 of the Companies Act; and

c) the acquisition of treasury stock among the untendered shares owned by the Company as implemented by LIXIL VIVA, conditioned on both the realization of the Tender Offer as well as the effect of the Stock Consolidation.

The ultimate purpose of the transactions is to make LIXIL VIVA the wholly-owned subsidiary of the tender offeror.
