Proposal No. 3 Revision of the Performance-Linked Share-Based Remuneration Plan for Directors (Excluding Directors Who are Audit & Supervisory Committee Members)

1. Reasons for proposal and justification

The Bank has to date been implementing the Board Benefit Trust (BBT), a performance-based share-based remuneration plan (the “Plan”) for Directors (excluding Directors who are Audit & Supervisory Committee Members) and Executive Officers (hereafter collectively called the “Directors, etc.”), since its introduction was approved at the 44th Annual General Meeting of Shareholders held on June 23, 2016 (the resolution at this meeting is hereafter called the “Original Resolution”). Following the enactment of the Act for Partial Amendment of the Companies Act (Act No. 70 of 2019) on March 1, 2021, which requires to establish an upper limit of shares to be granted as remuneration for directors, the Bank requests shareholders to again approve the resetting of the upper limit of points to be granted to the applicable Directors, etc. under the Plan.

This proposal, required in response to the legal amendment, aims to clarify the linkage of remuneration for the Directors, etc. with the Bank’s business performance and stock value, and to encourage the Directors, etc. to contribute to enhancing business performance and corporate value in the medium- to long-term by allowing the Directors, etc. and shareholders to share both benefits and risks from stock price fluctuations. The Bank justifies the proposal because it agrees with the Bank’s policy to determine remunerations for individual directors (described in “(2) Remunerations for Directors” in “2. Matters Related to Directors and Executive Officers” on P. 27 of this Notice [Japanese only]).

The Bank again requests shareholders to approve the proposal for the amount and details of remunerations to be supplied to the Directors of the Bank under the Plan, in addition to the remuneration limit for the Directors (excluding Directors who are Audit & Supervisory Committee Members) at ¥145 million annually (or ¥20 million for outside Directors) already approved at the 44th Annual General Meeting of Shareholders held on June 23, 2016. For details of the Plan, the Bank proposes to leave them to the Board of Directors as described in the following 2.

When the proposal No. 2 is resolved as proposed, three directors will be subject to the Plan.

2. Amount and details of remunerations under the Plan

(1) Outline of the Plan

The Plan is a performance-linked share-based remuneration plan under which the Bank’s shares are acquired through a trust using money contributed by the Bank as the financial funds (hereinafter the trust that is established based on the Plan is referred to as the “Trust”), and the Directors, etc. are provided with the Bank’s shares and an amount of money equivalent to the market value of the Bank’s shares (the “Bank’s Shares, etc.”) through the Trust with their positions and achievements in business performance considered in accordance with the Share Delivery Regulations for Officers established by the Board of the Directors. The Directors, etc. will receive the Bank’s Shares, etc. upon their retirement, in principle.

(2) Persons eligible for the Plan

Inside Directors (excluding Directors who are Audit & Supervisory Committee Members) and Executive Officers

(3) Trust period

From September 2016 until the termination of the Trust (The date of termination of the Trust shall not be specified. The Trust will continue as long as the Plan is not terminated. The Plan will terminate by the Bank’s delisting or the abolition of the Share Delivery Regulations for Officers, etc.)

(4) Trust amount

The Bank has implemented the Plan that applies to the five fiscal years from the year ended March 31, 2016 to the year ended March 31, 2020 (hereinafter, such five-fiscal-year period is referred to as the “Initial Period,” and the Initial Period and each five consecutive fiscal years following the Initial Period are respectively referred to as “Applicable Period”), as well as each Applicable Period that follows. The Bank contributed ¥1,029 million to the Trust as the financial funds for the purpose of acquiring the Bank’s shares to grant to Directors, etc. who are eligible as beneficiaries with the Bank’s Shares, etc. for the Applicable

Period under the Plan. The Trust acquired the Bank's 5,073,000 shares (before reverse stock split) for the Initial Period using funds contributed by the Bank.

Furthermore, after the expiration of the Initial Period, the Bank will make additional contributions to the Trust, of up to ¥600 million (¥250 million for Directors [excluding directors who are not Audit & Supervisory Committee Members] and ¥350 million for Executive Officers) for each Applicable Period until the termination of the Plan. However, in the case of making such additional contributions, if the Bank's shares (excluding a number of the Bank's Shares that have not yet been provided to the Directors, etc. equivalent to points granted to them for each Applicable Period up to the immediately preceding Applicable Period) and money remain in the Trust (such shares and money are collectively referred to as the "Remaining Shares, etc."), the total amount of the Remaining Shares, etc. (the amount for the Bank's shares shall be the book value on the final day of the immediately preceding Applicable Period) and additionally contributed money shall not exceed the amount approved through this Proposal. When the Bank decides to make additional contributions, it shall make a disclosure in a timely and appropriate manner.

- (5) Acquisition method of the Bank's shares and number of shares to be acquired by the Trust
The Trust shall acquire the Bank's shares through the stock market on which the Bank's shares are listed or by way of subscribing to the disposition of the Bank's treasury shares, using the money contributed in accordance with (4) above as the funds. When the maximum of points to be granted to the Directors, etc. is set at 64,000 per fiscal year as described in (6) below, the maximum of the Bank's shares to be acquired by the Trust for each Applicable Period shall be 320,000 shares.
- (6) Maximum number of Bank's Shares to be granted to Directors, etc.
For each fiscal year, Directors shall be granted the number of points determined with their positions, achievements in business performance and other factors considered in accordance with the Share Delivery Regulations for Officers. The maximum number of the points to be granted to Directors (excluding Directors who are Audit & Supervisory Committee Members) and Executive Officers per fiscal year shall be 27,000 and 37,000, respectively. This has been decided after the Bank judged it is appropriate by comprehensively considering the current level of remuneration provided to officers, the trend and outlook in the number of Directors, etc., and other factors.
Each point granted to the Directors, etc. shall be converted into one common share of the Bank at the time of the provision of the Bank's shares, etc. as explained in (7) below (provided, however, in case where the Bank's shares become the subject of a share split, allotment of share without contribution, or consolidation of shares, etc. after this proposal is approved, the maximum number of points and accumulated number of points granted, or the conversion rate shall be adjusted in a reasonable manner in proportion to the relevant ratio, etc.).
The number of shares equal to the maximum of points granted to the Directors, etc. per fiscal year (64,000 shares) shall be around 0.3% of the total number of issued shares (as of March 31, 2021; after deducting treasury shares).
The number of points for Directors, etc. used as the basis for the provision of the Bank's Shares, etc. described in (7) below shall be calculated by multiplying that of the points granted to Directors, etc. by a coefficient defined in accordance with type of retirement (no more than 1), in principle (hereinafter referred to as the "Defined Number of Points" for the points calculated in this manner).
- (7) Provision of the Bank's Shares, etc.
If a Director, etc. retires and fulfills the beneficiary requirements stipulated in the Share Delivery Regulations for Officers, the Director, etc. may receive the Bank's shares from the Trust after their retirement in accordance with the Defined Number of Points as explained in (6) above, in principle, by completion of the prescribed procedures to become a beneficiary.
However, if the relevant Director, etc. fulfills the requirements stipulated in the Share Delivery Regulations for Officers, they will receive monetary provisions equivalent to the market value of the Bank's shares instead of the provision of the shares for a certain percentage of the points in accordance with said Regulations. For this case, the Trust may sell the Company's shares in order to make the monetary provisions.

Moreover, if a Director, etc. who received points but is deemed by the Board of Directors to have caused damage to the Bank by intention or negligence, or to have impaired the Bank's reputation or credibility, they shall not be entitled to receive the monetary provision.

(Ref) Criteria for determining independence of outside Directors

Independent officers must, in principle, currently satisfy or have recently satisfied the following independence criteria in addition to the requirements prescribed by the Financial Services Agency:
