Proposal 4: Decision on Compensation for the Delivery of Restricted Stock to Directors (Excluding Outside Directors and Directors Who Are Audit & Supervisory Committee Members)

Compensation for Directors (excluding Directors who are Audit & Supervisory Committee Members) not exceeding 360 million yen per annum (not including compensation received in the capacity of an employee, for Directors who also serve as employees) was approved by the 106th Annual General Meeting of Shareholders held on June 24, 2015.

As part of a review of the compensation system for officers, the Company requests approval to provide compensation for the delivery of restricted stock to Directors (excluding Outside Directors and Directors who are Audit & Supervisory Committee Members; hereinafter referred to as “Eligible Directors”), in addition to this annual compensation limit, with the aims of providing Eligible Directors with an incentive to strive for the sustained enhancement of the Company’s corporate value, and further promoting value sharing between Eligible Directors and all shareholders.

Compensation for the delivery of restricted stock under this proposal shall be provided to Eligible Directors in the form of monetary claims. The total amount of the monetary claims to be provided to Eligible Directors shall not exceed 50 million yen annually (not including compensation received in the capacity of an employee, for Directors who serve concurrently as employees).

The Board of Directors shall determine the specific timing and allocation of compensation to each Eligible Director.

There are currently eight (8) Directors (excluding Directors who are Audit & Supervisory Committee Members), including one (1) Outside Director. If Proposal 2: Election of Six (6) Directors (Excluding Directors Who Are Audit & Supervisory Committee Members) is approved and passed without alteration, then there will be six (6) Directors (excluding Directors who are Audit & Supervisory Committee Members), including one (1) Outside Director.

Eligible Directors shall receive common shares of the Company through issuance or disposal, in return for contribution in kind of all monetary claims provided under this proposal, based on a resolution of the Board of Directors. The total number of common shares of the Company to be issued or disposed of in this way shall not exceed 50,000 shares. However, should the Company’s common shares undergo a share split (including a gratis allotment of the Company’s common shares), consolidation of shares, or other cause necessitating adjustment to the total number of common shares to be issued or disposed of, with an effective date on or after the date of the approval and passing of this proposal by the General Meeting of Shareholders, then the total number of common shares shall be adjusted as necessary within a reasonable range.

The amount to be paid in per share shall be determined by the Board of Directors, based on the closing price of the Company’s common shares on the Tokyo Stock Exchange on the business day prior to the date of the resolution of the Board of Directors (if no trades occur on that date, the closing price on the most recent trading day of the Company’s shares preceding that date) within a range that is not particularly favorable to the Eligible Directors receiving the common shares. The issuance or disposal of common shares to Eligible Directors, and the receipt of monetary compensation claims as contribution in kind, shall be conditional upon the Company concluding a restricted stock allotment agreement (hereinafter the “Allotment Agreement”) that includes the content shown below, with each Eligible Director. The maximum amount of compensation, the total number of the Company’s common shares to be issued or disposed of, and other conditions regarding the delivery of restricted stock to Eligible Directors under this proposal, are determined based on the purpose described above, the Company’s business conditions, the Company’s decision policy regarding the details of compensation for individual Directors, and other relevant matters. (If this proposal is accepted and passed, then the Company’s decision policy regarding the details of compensation for individual Directors will be amended as shown under [Reference] below.) Moreover, the shares of restricted stock to be delivered based on this proposal represent only 0.24% of the total number of issued shares of the Company (if the maximum number of shares of restricted stock were issued for a period of ten years, then this number would only represent 2.46% of the total number of issued shares of the Company), and the dilution rate is negligible. The delivery of restricted stock under this proposal is therefore deemed appropriate.

The Audit & Supervisory Committee has expressed the opinion that it considers the content of this proposal to be appropriate, as a result of consideration, based on deliberation by the Nominating and Compensation Committee, of factors including its effect as an incentive to achieve sustainable growth and enhance corporate value, as well as the relative proportions of cash compensation and stock compensation.

1. Transfer restriction period

Under the Allotment Agreement, an Eligible Director must not transfer, pledge or otherwise dispose of common shares of the Company allotted under the Allotment Agreement (hereinafter the “Allotted Shares”) from the day when the shares were allotted until the time immediately after the Eligible Director retires from the post at the Company or a subsidiary of the Company predesignated by the Company’s Board of Directors (hereinafter the “Transfer Restriction Period”). These restrictions are hereinafter referred to as the “Transfer Restrictions.”

2. Treatment at the time of retirement and gratis acquisition

In the event that an Eligible Director retires from the post at the Company or a subsidiary of the Company predesignated by the Company’s Board of Directors, prior to the expiration of a period predesignated by the Company’s Board of Directors (hereinafter the “Service Period”), except for reasons due to the expiration of the Eligible Director’s term of office, death or other proper cause, the Company shall rightfully acquire the Allotted Shares for no consideration.
