The Company has entered into an agreement with them in accordance with Article 28, Paragraph 2 of the Company's Articles of Incorporation to limit their liability pursuant to Article 423, Paragraph 1 of the Companies Act. The maximum amount of liability pursuant to the agreement is the amount stipulated by laws and regulations.
- 5. The Company has entered into a directors and officers insurance agreement (the "Agreement") with an insurance

company, as prescribed in Article 430-3, Paragraph 1 of the Companies Act, to cover legal damages and expenses for defense as insurance payment in the event that a claim for damages is made against the insured during the insurance period relating to the duties performed by the insured as officers. Each candidate will be included in the Agreement as the insured.

Proposal 3: Revision of Amount of Remuneration, etc. for Directors

The maximum total amount of remuneration, etc. for Directors was determined by a resolution of the 170th Annual General Meeting of Shareholders held on June 29, 2016 to be " \pm 1.7 billion annually (including \pm 0.1 billion annually for External Directors)," and has not been changed to the present. Taking into consideration various factors such as the decrease in the number of Directors, we propose the approval of the revision of the maximum amount of remuneration to Directors to be " \pm 1.4 billion annually (including \pm 0.1 billion annually for External Directors."

Given that the current revision of the amount of remuneration, etc. for Directors takes into consideration the above factors, and that the content of the "Policy on the determination of the details of individual remuneration, etc. for Directors" (for outline of the policy, please refer to page 35 of the Business Report (available only in Japanese version)) resolved at the Company's Board of Directors will continue to be deemed reasonable as the determination policy, if this proposal is approved, the Company does not intend to change this policy. In addition, this proposal represents a maximum amount of remuneration, etc. set forth in the above policy and the number of Directors who are to be recipients of remuneration. Furthermore, the Company has obtained the opinion of the Advisory Committee for Nomination and Remuneration, a voluntary committee established by the Company, to the effect that this proposal is in line with the above policy and appropriate. Accordingly, the Company has determined that the content of this proposal is reasonable.

In addition, the amount of remuneration, etc. for Directors shall not include the amount of salary for the portion of employees who are concurrently serving as Directors, as in the past. Currently, the number of Directors who receive remuneration, etc. is 16 (including 3 External Directors). If Proposal 2 is approved as originally proposed, the number of Directors who are to receive remuneration will be 9 (including 3 External Directors).
