BUSINESS REPORT

(From April 1, 2020 to March 31, 2021)

1. Review of Results

(1) Overview of results

During the fiscal year ended March 2021 (April 1, 2020 – March 31, 2021), the world economy remained harsh due to the global fallout from the novel coronavirus pandemic. Although signs of recovery emerged thanks to national stimulus packages, progress in vaccination and other positive factors, the pandemic has yet to be contained, causing the outlook for the future to remain unclear.

Against this backdrop, the MGC Group nevertheless saw consistently strong demand for its semiconductor-related products and optical polymers. On the other hand, demand for such offerings as automotive-related products fell in the first half due to the novel coronavirus pandemic, while, at the same time, market prices remained sluggish for general-purpose products. However, the second half brought overall recovery in demand, along with upturns in methanol market prices.

In these circumstances, the MGC Group strove to execute basic policies under “MGC Advance2020,” a medium-term management plan. More specifically, the Group endeavored to improve its corporate value by promoting such strategies as “Strengthening the earning power of existing businesses with a focus on core businesses,” “Creating and developing new businesses,” and “Implementing investment strategies to form an optimal business portfolio.”

The MGC Group’s net sales decreased year on year due primarily to a drop in the sales volume of general-purpose aromatic chemicals and foamed plastics.

However, group operating income rose year on year, despite increases in repair and other fixed costs, thanks primarily to growth in the sales volume of semiconductor-related products and optical polymers, along with lower raw material and fuel prices.

Ordinary income increased due to the higher operating income as well as improvement in equity in earnings of affiliates related to overseas methanol producing companies that reflected the absence of one-off costs (¥7.8 billion) recorded in the previous fiscal year in connection with a joint venture in Saudi Arabia.

Net income attributable to owners of the parent grew, despite such factors as growth in impairment losses and a decrease in gain on sales of investment securities, due mainly to the increase in ordinary income.

In fiscal 2020, the MGC Group achieved ¥595.7 billion in consolidated net sales, a decrease of ¥17.6 billion (2.9%) from the previous year. Consolidated operating income was ¥44.5 billion, an increase of ¥10.2 billion (29.9%). As a result of recording equity in earnings of affiliates of ¥5.1 billion, an increase of ¥6.4 billion, consolidated ordinary income was ¥50.2 billion, an increase of ¥19.1 billion (61.5%). The Group achieved a profit attributable to owners of parent of ¥36.0 billion, an increase of ¥14.9 billion (70.5%).

(2) Results by business segment

MGC has changed its business segmentation to three segments “Basic Chemicals,” “Specialty Chemicals” and “Other” from the previous five segments, “Natural Gas Chemicals,” “Aromatic Chemicals,” “Specialty Chemicals,” “Information & Advanced Materials,” and “Other.” The comparisons on each segment were made upon having reclassified figures for fiscal 2019 using the updated business segment categories.

(Translation)

Basic Chemicals

Main businesses	Methanol, Methanol/Ammonia Based Chemicals, Specialty Aromatic Chemicals, Commodity Aromatic Chemicals, Foamed Plastics, Development and Sales of Resources, Life Science Related Products
-----------------	--

The methanol business saw an improvement in earnings thanks mainly to an upturn in market prices in the second half.

Methanol/ammonia-based chemicals posted a decrease in earnings compared with the previous fiscal year due mainly to a decline in market prices of MMA-based products and an increase in repair costs.

Specialty aromatic chemicals posted earnings on par with the previous fiscal year, due mainly to remarkable second-half recovery in the sales volume of meta-xylenediamine, which had previously been affected by first-half plunge in demand, in addition to solid sales of aromatic aldehydes.

Commodity aromatic chemicals suffered decreases in net sales and earnings compared with the previous fiscal year. This was, despite lower raw material and fuel prices, mainly attributable to sluggish sales volumes of meta-xylene and purified isophthalic acid, as well as lower sales prices of these offerings.

Foamed plastics were buoyed by second-half recovery in demand in the automotive industry, which had been hit by demand stagnation in the first half, and growing product needs associated with food packaging and civil engineering. Reflecting these and other factors, earnings from these offerings were virtually unchanged from the previous fiscal year.

In fiscal 2020, Basic Chemicals Business achieved consolidated net sales of ¥315.0 billion, a decrease of ¥42.2 billion (11.8%) from the previous year and an operating income of ¥9.6 billion, a decrease of ¥1.6 billion (14.7%). The segment achieved ordinary income of ¥11.0 billion, an increase of ¥6.2 billion (131.3%).

Specialty Chemicals

Main Businesses	Inorganic Chemicals, Engineering Plastics, Optical Materials, Electronics Materials, Oxygen Absorbers(Ageless™)
-----------------	---

Inorganic chemicals posted an increase in earnings compared with the previous fiscal year thanks primarily to growth in the sales volume of chemicals for use in semiconductor manufacturing.

Earnings from engineering plastics were on par with the previous fiscal year thanks mainly to second-half recovery in demand for polycarbonates and polyacetal for automotive and other applications, despite lower first-half demand in these fields.

Optical materials were somewhat affected by signs of stagnation in sales volume in the fourth quarter due to such factors as shortages of semiconductors and inventory adjustments carried out by customers. However, these offerings posted increases in net sales and earnings due to the growing use of multiple camera lenses in smartphones and growth in optical polymer sales volume thanks to measures executed in October 2019 to enhance production capacity.

Electronic materials saw increases in net sales and earnings. This was mainly attributable to growing demand for products used in data centers and other ICT-related fields as well as the higher sales volume of BT materials for semiconductor packaging, the core product category for electronic materials, reflecting the introduction of a new product for use in antenna-in-package substrates to be installed in 5G-compatible smartphones.

Oxygen absorbers such as AGELESS™ posted an increase in earnings compared with the previous fiscal year, despite a decline in demand for tourism-related souvenirs, thanks mainly to a

solid volume of exports.

In fiscal 2020, Specialty Chemicals Business achieved consolidated net sales of ¥267.4 billion, an increase of ¥12.3 billion (4.8%), an operating income of ¥34.8 billion, an increase of ¥9.2 billion (36.2%), and an ordinary income of ¥37.5 billion, an increase of ¥9.3 billion (33.3%).

Other

In Other, the Group posted an increase in earnings from energy-related businesses due to surges in electricity rates in the fourth quarter.

Other business achieved consolidated net sales of ¥13.2 billion, an increase of ¥12.3 billion. Operating income was ¥3.2 billion, an increase of ¥3.1 billion, and ordinary income was ¥3.2 billion, an increase of ¥3.2 billion.

Sales by Business Segment

Segment	FY2019 (April 2019 - March 2020)		FY2020 (April 2020 - March 2021)		Year-on-Year Increase/ Decrease (%)

Total	613,344	100.0	595,700	100.0	△2.9

Note: Since FY2020 MGC has changed its business segmentation to three segments “Basic Chemicals,” “Specialty Chemicals” and “Other” from the previous five segments, “Natural Gas Chemicals,” “Aromatic Chemicals,” “Specialty Chemicals,” “Information & Advanced Materials,” and “Other.” The comparisons above were made upon having reclassified figures for fiscal 2019 using the updated business segment categories.

(3) Capital Expenditures

Capital expenditures for the current fiscal year were made largely in relation to reinforcing the production capabilities for existing products and maintaining/renovating equipment and facilities.

Major expenditures incurred are as follows:

1) Major facilities completed during the current fiscal year

No applicable items.

2) Construction initiated or continuing through the current fiscal year

MGC Pure Chemicals Taiwan, Inc.

- Production facility for industrial hydrogen peroxide (Specialty Chemicals)

Taixing Lingsu Specialty Materials Co., Ltd.

- Production facility for hydrogen peroxide, performance chemicals (Specialty Chemicals)

(4) Funding

The funds for equipment and facilities as well as for working capital for the current fiscal year were provided by MGC’s own resources, borrowings from financial institutions and issuance of corporate bonds.

(Translation)

MGC issued 20 billion yen in unsecured corporate bonds on September 3, 2020. Of this amount, 10 billion yen is used to redeem existing bonds, and remaining amount is used as part of capital investment to improve corporate value.

(6) Key Challenges for the Mitsubishi Gas Chemical Group

In fiscal 2020, The MGC Group fell short of the management indicators set as targets for the final year of MGC Advance2020, the previous Medium-Term Management Plan.

This was the result of external factors such as oversupply due to the rise of emerging countries and a downturn in commodity product markets associated with US/China trade friction, as well as a decline in demand for some products due to the impact of the COVID-19. Internal factors, including the maturation of existing business structures and delays in creating and developing new businesses, also played a role.

Meanwhile in core and semi-core businesses, there was steady growth in products unaffected by market conditions, which have maintained their competitive advantage and led to solving social issues, while markets have also continued to grow.

Launched in fiscal 2021, newly formulated Medium-Term Management Plan, “Grow UP 2023”, establishes two new objectives under the MGC Way, the new MGC Group philosophy. The objectives involve “Shift to a profit structure resilient to environmental changes” and “Balance social and economic value.” MGC will pursue strategies to achieve these objectives comprised of three items for each.

◆ New Medium-Term Management Plan “Grow UP 2023”

● Objective 1

Shift to a Profit Structure Resilient to Environmental Changes : Business Portfolio Reform

■ Strategies

- Further strengthen competitively advantageous (“differentiating”) businesses
- Accelerate creation and development of new businesses
- Reevaluate and rebuild unprofitable businesses

To move forward with business portfolio reforms under the Plan, the MGC Group has reevaluated its business categories, classifying those businesses with both competitive advantage and growth potential as “differentiating businesses”. The MGC Group is developing a broad range of differentiating businesses to offer value to society which lead to “creating values to share with society”. In chemicals and materials, these include Meta-xylenediamine(MXDA), MX-Nylon, aromatic aldehydes and polyacetal; specialty products include electronics chemicals, BT-related material, optical resin polymers and ultra-high refractive lens monomers. The MGC Group will continue to focus management resources on these differentiating businesses, further strengthening profitability.

In addition, the Group will work to accelerate the creation and development of new businesses. Through revisions to its Research Promotion and Supervisory organization, the MGC Group is working to more flexibly draw out the capabilities of its human resources, while maintaining and expanding its existing businesses as a true R&D company and building a R&D system for creating innovation. At the same time, the Group will construct a system for responding to the needs of its customers and markets even more swiftly and precisely, striving to create value that leads to sustainable growth. The Group also plans to continue introducing new products by increasing its research personnel and making even more active investments in R&D.

In addition to these strategies, the MGC Group will also work to reevaluate and rebuild unprofitable businesses as it attempts to shift to a profit structure that is resilient to environmental changes. Specifically, by fiscal 2023, the Group aims to have more than 40% of overall sales come from differentiating businesses, and for unprofitable businesses or those needing rebuilding to represent less than 3% of total sales.

(Translation)

● Objective 2

Balance Social and Economic Value: Toward Sustainable Growth

■ Strategies

- Solve social issues through business
- Harmonize shared-value creation with environmental protection
- Strengthen discipline and foundation supporting business activities

Three strategies will be executed with the goal of balancing social and economic value.

While last fiscal year MGC identified materiality--priority issues for management--in line with formulating a new medium-term management plan, it has also established new fiscal 2030 targets to allow the company to make steady progress in materiality management, and has set new key performance indicators (KPIs) for fiscal 2023 aimed at achieving those targets. Specifically, KPIs have been set for GHG emission reductions aimed at air quality control, and for investments and R&D expenditures aimed at solving energy and climate change-related problems. MGC will tie this kind of materiality management to sustainable growth.

● Targeted Management Indicators (final fiscal year of Grow UP 2023)

Return on invested capital (ROIC) will be introduced as a new KPI aimed at promoting management with an awareness of capital efficiency. The MGC Group's goal in implementing these strategies is to set a new record high for operating income.

(JPY in billions)

Consolidated Performance	Target Value (Fiscal 2023)
Sales	730
Operating Income	70
Ordinary Income	80
ROE (Return On Equity)	9% or higher
ROIC(Return on Invested Capital) *	10% or higher

< Assumptions > Exchange rate : 105JPY/US\$,
Crude oil (Dubai) : 60US\$/BBL

*ROIC = Ordinary Income ÷ invested capital

The basic policy is to continue to provide stable dividends while flexibly purchasing treasury stock, while setting a new total payout ratio of 40% as a target for medium-term shareholder returns.

* Plans and descriptions concerning the future such as target values provided in “Key Challenges for the Mitsubishi Gas Chemical Group” are based on information available to the Group as of the date of preparation of this document and certain assumptions which the Group deems reasonable, and therefore include uncertainties. Actual results may differ significantly from these projections due to various factors.

Note: 1. The amount of restricted stock remuneration to Directors is that of the provision for restricted stock remuneration (for eleven Directors excluding Outside Directors) for the fiscal year under review.

2. Monetary remuneration paid to Directors is to amount to within ¥600 million per annum, including reserved retirement benefits for each term of office (of which, the amount shall be within ¥50 million for Outside Directors who shall not be eligible for of the reserved retirement benefits), per resolution of the 91st Ordinary General Meeting of Shareholders held on June 26, 2018. The number of Directors upon conclusion of said General Meeting of Shareholders is 12 Directors (of whom, two are Outside Directors).

Meanwhile, in a framework separate from the monetary remuneration, remuneration that involves granting restricted stock shall amount to within ¥100 million per annum (Outside Directors shall not be eligible for payment thereof), per resolution of the 91st Ordinary General Meeting of Shareholders held on June 26, 2018. The number of Directors (excluding Outside Directors) upon conclusion of said General Meeting of Shareholders is 10 Directors.

3. Having taken into account Remuneration and Nominating Committee discussions involving Mr. Masashi Fujii, President and Representative Director, on remuneration allocations, the Board of Directors deems the President most suitable for evaluating the respective Directors while enlisting a broad-based view of the MGC overall. The Board of Directors has accordingly decided to entrust Mr. Masashi Fujii with decisions on allocations of annual remuneration for the respective Directors.
4. Indicators pertaining to performance-based remuneration enlist a combination of ordinary income and ROIC with the aim of providing incentive with respect to corporate performance. Accordingly, ordinary income of ¥31,116 million and ROIC of 4.9% served actual results with respect to such indicators.
5. Monetary remuneration paid to Audit & Supervisory Board Members is to amount to within ¥10 million per month, per resolution of the 80th Ordinary General Meeting of Shareholders held on June 28, 2007. The number of Audit & Supervisory Board Members upon conclusion of said General Meeting of Shareholders was 5 Audit & Supervisory Board Members.
6. Audit & Supervisory Board Members' remuneration consists only of a basic remuneration and is decided among the Audit & Supervisory Board Members within the amount stipulated by the General Meeting of Shareholders.

(5) Policies and Methods for Deciding Remuneration and Other Benefits of Directors

MGC has determined policies on making decisions regarding remuneration and other benefits for individual Directors, per resolution at its meeting of the Board of Directors held on February 17, 2021.

Having taken into account discussions regarding remuneration and other benefits for individual Directors pertaining to the current fiscal year, subsequent to consultation with the Remuneration and Nominating Committee consisting of the Chairman, the President, and all Outside Directors, the Board of Directors deems that such remuneration and other benefits for

individual Directors conforms with the methods for deciding details of remuneration and other benefits and also conforms with such policies on details regarding remuneration and other benefits that have been determined.

The policy on making decisions pertaining to remuneration and other benefits for individual Directors is as follows.

Remuneration for the MGC's Directors, excluding Outside Directors, consists of annual remuneration and restricted stock remuneration.

The annual remuneration consists of fixed basic remuneration decided in accordance with each Director's position and duties, in conjunction with performance-based remuneration based on various indicators of corporate performance. As for method payment, the eligible Directors receive annual remuneration paid on a monthly basis, divided into monthly installments, a certain percentage of which is set aside each month as part of a reserved retirement benefit, which is paid to Directors upon their retirement. MGC may take action to reduce such amounts depending on a Director's performance and other grounds. The performance-based remuneration is determined based on factors that include quantitative financial results and the extent to which targets have been achieved, using ordinary income and other such indicators, with the aim of furnishing incentive with respect to corporate performance. Moreover, performance-based remuneration accounts for roughly 30% of annual remuneration, which mainly consists of basic remuneration. This is a suitable remuneration mix given distinctive characteristics of MGC's business particularly in terms of its many years of monetizing respective businesses as a result of having engaged in various initiatives such as R&D, manufacturing process development, and market development.

The restricted stock remuneration involves granting a certain volume of shares to Directors in alignment with their positions and duties, in a manner whereby remuneration furnished for the sake of granting treasury shares is paid to the Directors each fiscal year on a lump-sum basis. Such shares are subject to transfer restrictions so that recipients are required maintain holdings for a certain period of time. This helps encourage a sense of shared value with shareholders and furthermore provides incentive for recipients to help achieve sustainable growth with respect to MGC's corporate value.

In addition to these forms of remuneration, MGC may pay an amount considered appropriate as a bonus upon resolution of a General Meeting of Shareholders.

Remuneration paid to Outside Directors who maintain positions of independence from business execution is limited to fixed amounts of basic remuneration.

Total amounts of annual remuneration for Directors shall be determined by the Board of Directors, subsequent to consultation with the Remuneration and Nominating Committee and after having reviewed comprehensive factors such as corporate performance, world standards, and employee salary trends. With respect to remuneration allocations on an individual basis, the Board of Directors has taken into account Remuneration and Nominating Committee discussions involving the President on remuneration allocations, and accordingly deems the President most suitable for evaluating the respective Directors while enlisting a broad-based view of the MGC overall in that regard.

The policy above shall be determined by the Board of Directors, subsequent to consultation with the Remuneration and Nominating Committee consisting of the Chairman, the President, and Outside Directors.

(2) Summary of Operational Status of Systems to Ensure Appropriate Business Operations

① Systems for Ensuring Duties of Directors and Employees Are Executed in Compliance with Laws, Regulations, and Articles of Incorporation

- 1) MGC seeks to conduct CSR activities and achieve thorough compliance, by emphasizing publication of the MGC Corporate Behavior Guidelines Directives for Corporate Actions etc. by delivering it through the President's message.
- 2) MGC revised the MGC Corporate Behavior Guidelines in February 2020 and the MGC Group Code of Conduct in March 2020 and the MGC Compliance Handbook on April 1, 2020 based on changes etc. in social demand since the last revision.
- 3) Internal Control & Risk Management Committee met three times during the fiscal year under review, and deliberated the readiness and operational status of internal controls. Furthermore,

(Translation)

after being approved by the Board of Directors, information concerning basic policies and plans relating to internal controls deliberated by the Committee is spread to MGC officers, employees, and all Group Companies.

- 4) Compliance Committee met two times during the fiscal year under review, deliberated specific items. The Compliance Consultation Desk, in addition to the internal desk, has had an external desk established as well, in order to lower the hurdle in making reports.
- 5) Internal audits are performed based on audit plan, and measures are undertaken to maintain the proper performance of duties. Items designated by internal audits are responded to within timeframes established by the audited division.
- 6) To eliminate anti-social forces, in addition to the creation of a response manual and spreading information internally, when entering into contracts with outside parties, MGC seeks a pledge that the party is not an anti-social force, and contracts can be nullified, etc. if it is later determined that the party is an anti-social force.

② Systems for Ensuring Efficient Execution of Duties by Directors.

- 1) MGC is working to reinforce the management execution system and strengthen its governance through clearly defining the functions and responsibilities of management, by placing an Executive Officer system that makes prompt decision-making possible, and allows the Board of Directors to concentrate on making decisions on the most important business matters and conduct supervision over business execution.

Regarding matters that have material effect on MGC, decisions are made via considerations through multifaceted deliberations at a Management Council that deliberates on management policies and at an Operations Council that deliberates on specific execution plans, and the advice of attorneys and other professionals is received as needed.

- 2) Based on the medium-term management plan and annual budget, performance is regularly monitored.
- 3) Duties and authorities of Directors, officers and employees are reviewed on a yearly basis to work toward ensuring efficient and appropriate execution of duties.

③ System for Archiving and Managing Information on Execution of Duties by Directors

Information pertaining to the execution of duties by Directors is archived and managed in accordance with the Document Control Procedures and other internal rules through the creation of management registers and their archival for an established length of time.

④ Rules and Other Systems for Managing Risk of Loss

- 1) Standards, Operational Rules, etc. have been established under Basic Rules on Internal Control & Risk Management as systems to manage risk during ordinary periods and emergencies. Additionally, as mentioned previously, Internal Control & Risk Management Committee met three times during the fiscal year under review, providing supervision and instructions on the status of risk management.

In addition, to prepare for the continuing COVID-19, the Crisis Countermeasures Headquarters was established continually based on Internal Control & Risk Management regulations, and we are taking measures to prevent infection, such as executing work from home at head office, various infection prevention measures at plants etc.

- 2) In addition to voluntary responsible care (RC) activities, in accordance with policies established at environmental safety meetings attended by all Directors, MGC strives to protect the environment and maintain safety, and continuously repeats the PDCA cycle for the protection of the environment and maintenance of safety, including confirming the progress of activities with internal audits.

⑤ System for Ensuring Appropriate Execution of Business by MGC Group

- 1) Based on regulations such as Rules on Subsidiaries and Affiliates, Group companies are managed through supervisory divisions, and regular reports on management status, etc. are received from Group companies. Additionally, a reporting system has been created for times of emergency. While a medium-term management plan and annual budget that include Group companies are formulated and performance management is being conducted, MGC aims to ensure appropriate decision-making through the assignment of officers, etc.
- 2) To ensure the appropriate execution of business within MGC Group companies and enhance risk management, the Internal Audit Division systematically conducts internal audits at major Group companies, and through a supervisory division Internal Control & Risk Management Committee strives to maintain and enhance each Group company's risk management system. Additionally, MGC states that the Compliance Consultation Desk is available for use by all individuals involved in the Company Group's business activities.

⑥ Systems for Ensuring Effective Auditing of Audit & Supervisory Board Members

- 1) Aside from attending meetings of the Board of Directors, Executive Officers, and other important committees, Audit & Supervisory Board Members exchange opinions with Representative Directors and the Board of Directors, receives reports on business execution from each department, and periodically conducts onsite audits of key subsidiaries. Furthermore, Audit & Supervisory Board Members strive to enhance the effectiveness of audits, including by working together and exchanging opinions with Independent Auditor and Internal Audit Division.
- 2) Through various committees related to Internal Control & Risk Management and Compliance, reports are provided to Audit & Supervisory Board Members, on the status of control, etc. Also, consultations and reports discussed with Compliance Consultation Desk are quickly reported, and it has come to be well understood that unfavorable treatment of individuals who make reports is prohibited.
- 3) Staff dedicated to audit functions based on instructions from Audit & Supervisory Board Members are placed, and all costs required for business activity audits are defrayed.

6. Policy on Appropriation of Retained Earnings, etc.

The MGC Group places the improvement of corporate value as a challenge on the management of the greatest importance. Based on the view that the improvement of corporate value will lead to the benefits of all stakeholders including shareholders, the MGC Group takes into consideration investment and lending plans, financial health, and future business trends in order to realize future business growth, and works to achieve a balanced allotment of retained earnings and returns to shareholders. Retained earnings are allotted to be used as investment and lending funds for business expansion and growth and to strengthen the corporate structure. Regarding dividends, the decision to continue steady dividends is made taking into account trends in business results, while working to improve capital efficiency and enhance returns to shareholders through implementing flexible purchase of treasury shares in consideration of the levels of retained earnings and shareholder return, while MGC will set a new total payout ratio of 40% as a target for medium-term shareholder returns. The year-end dividend payout for FY2020 was ¥35. Since the interim dividend payout was ¥35, the annual dividend for FY2020 is ¥70 per share, same amount as FY2019, which resulted in 40.4% of dividend payout ratio on a consolidated basis.

Regarding dividends for the next fiscal year, the interim dividend is planned to be ¥35 per share, while the year-end dividend is planned to be ¥35 per share.

Opinion

We have audited the consolidated financial statements of namely, the consolidated balance sheet, the consolidated statement of income, the consolidated statement of changes in net assets and the notes to consolidated financial statements of Mitsubishi Gas Chemical Co., Inc. (the Company) from April 1, 2020 to March 31, 2021, in accordance with paragraph 4, Article 444 of the Companies Act.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of the Company and consolidated subsidiaries and the results of its operations for the period covered thereby in conformity with accounting principles generally accepted in Japan.

Basis for the Opinion

We conducted our audit in accordance with auditing standards generally accepted in Japan. Our responsibility under the auditing standards is stated in "Auditor's Responsibility for the Audit of the Consolidated Financial Statements." We are independent of the Company and its consolidated subsidiaries in accordance with the provisions related to professional ethics in Japan, and are fulfilling other ethical responsibilities as an auditor. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management, Audit & Supervisory Board Members and the Audit & Supervisory Board for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting principles generally accepted in Japan, and for designing and operating such internal control as management determines is necessary to enable the preparation and fair presentation of the consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing whether it is appropriate to prepare the consolidated financial statements in accordance with the premise of a going concern, and for disclosing matters relating to going concern when it is required to do so in accordance with accounting principles generally accepted in Japan.

Audit & Supervisory Board Members and the Audit & Supervisory Board are responsible for monitoring the execution of Directors' duties related to designing and operating the financial reporting process.

Auditor's Responsibility for the Audit of the Consolidated Financial Statements

Our responsibility is to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to express an opinion on the consolidated financial statements from an independent standpoint in an audit report, based on our audit. Misstatements can occur as a result of fraud or error, and are deemed material if they can be reasonably expected to, either individually or collectively, influence the decisions of users taken on the basis of the consolidated financial statements.

We make professional judgment in the audit process in accordance with auditing standards generally accepted in Japan, and perform the following while maintaining professional skepticism.

- Identify and assess the risks of material misstatement, whether due to fraud or error. Design and implement audit procedures to address the risks of material misstatement. The audit procedures shall be selected and applied as determined by the auditor. In addition, sufficient and appropriate audit evidence shall be obtained to provide a basis for the audit opinion.

- In making those risk assessments, the auditor considers internal control relevant to the entity's audit in order to design audit procedures that are appropriate in the circumstances, although the purpose of the audit of the consolidated financial statements is not to express an opinion on the effectiveness of the entity's internal control.

- Assess the appropriateness of accounting policies adopted by management and the method of their application, as well as the reasonableness of accounting estimates made by management and the adequacy of related notes.

- Determine whether it is appropriate for management to prepare the consolidated financial statements on

the premise of a going concern and, based on the audit evidence obtained, determine whether there is a significant uncertainty in regard to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If there is a significant uncertainty concerning the premise of a going concern, the auditor is required to call attention to the notes to the consolidated financial statements in the audit report, or if the notes to the consolidated financial statements pertaining to the significant uncertainty are inappropriate, issue a modified opinion on the consolidated financial statements. While the conclusions of the auditor are based on the audit evidence obtained up to the date of the audit report, depending on future events or conditions, an entity may be unable to continue as a going concern.

- Besides assessing whether the presentation of and notes to the consolidated financial statements are in accordance with accounting principles generally accepted in Japan, assess the presentation, structure, and content of the consolidated financial statements including related notes, and whether the consolidated financial statements fairly present the transactions and accounting events on which they are based.

- Obtain sufficient and appropriate audit evidence regarding the financial information of the Company and its consolidated subsidiaries in order to express an opinion on the consolidated financial statements. The auditor is responsible for instructing, supervising, and implementing the audit of the consolidated financial statements, and is solely responsible for the audit opinion.

The auditor reports to Audit & Supervisory Board Members and the Audit & Supervisory Board regarding the scope and timing of implementation of the planned audit, material audit findings including material weaknesses in internal control identified in the course of the audit, and other matters required under the auditing standards.

The auditor reports to Audit & Supervisory Board Members and the Audit & Supervisory Board regarding the observance of provisions related to professional ethics in Japan as well as matters that are reasonably considered to have an impact on the auditor's independence and any safeguards that are in place to reduce or eliminate obstacles.

Conflicts of Interest

We have no interest in the Company which should be disclosed in compliance with the Certified Public Accountants Act.

Audit & Supervisory Board's Audit Report

AUDIT REPORT

We, the Audit & Supervisory Board, deliberated and prepared this audit report as follows on the execution of duties by MGC Directors during the 94th business term from April 1, 2020 to March 31, 2021, based on the audit report prepared by each Audit & Supervisory Board Member:

1. Method and Description of Audit by Audit & Supervisory Board Members and Audit by Audit & Supervisory Board

- (1) We determined the audit policy, audit duty assignments and the like, received reports from each Audit & Supervisory Board Member on individual audit status and results, received reports from the Directors and Independent Auditor on the status of the execution of their duties, and requested explanation as necessary.
- (2) Each Audit & Supervisory Board Member conducted the audit by following method as well as we made efforts to collect information and enhance the auditing environment by communicating with the Directors, each department, Internal Audit Division, other employees, and others in accordance with the Audit & Supervisory Board Members' Audit Standards, audit policy, audit duties, and the like as determined by the Audit & Supervisory Board. Implementation of the initial audit plan involved making use of an online meeting platform for certain aspects of the audit to avoid transmission of COVID-19.
 - i) We attended the Board of Directors' Meetings and other important meetings, received reports from Directors, employees and others on the status of execution of their duties, requested explanation as necessary, examined important decision-rendering documents and other documents, and investigated the state of activities and assets at the head office and principal business offices. With respect to subsidiaries, we communicated and exchanged information with the division controlling each subsidiary in MGC, the directors and Audit & Supervisory Board Members of subsidiaries, requested business reports therefrom as necessary, and investigate the state of activities and assets.
 - ii) With respect to the contents of resolutions of the Board of Directors regarding the development of systems necessary to ensure that the execution of duties by directors complies with laws and regulations and the articles of incorporation, and other systems prescribed by Article 100, paragraph 1 and 3 of Ordinance for Enforcement of the Companies Act as systems necessary to ensure the properness of operations of group of enterprises consisting of stock company and its subsidiaries, and the systems developed based on such resolutions (internal control systems), as stated in the business report, we periodically received reports from the Directors, employees and others, requested explanations as necessary and made opinions, regarding the readiness and operational status of such systems.
 - iii) We monitored and verified that the Independent Auditor maintained its independence and performed its auditing duties adequately, as well as received reports from the Independent Auditor on the performance status of its duties and requested explanations as necessary. We received a notice from the Independent Auditors to the effect that structures for ensuring that duties are appropriately performed (matters stipulated in the items under Article 131 of the Regulations on Corporate Accounting) were being improved pursuant to Quality Management Standards for Auditing (October 28, 2005; Business Accounting Council) and requested explanations as necessary.

The business report and its supplementary schedules for this business term, the non-consolidated financial statements (non-consolidated balance sheet, non-consolidated statement of income, non-consolidated statement on changes in net assets and notes to non-consolidated financial statements), their supplementary schedules, and consolidated financial statements (consolidated balance sheet, consolidated statement of income, consolidated statement on changes in net assets and notes to the consolidated financial statements) for this business term were examined based on the foregoing method.

2. Results of Audit

- (1) Audit Result of Business Report, etc.
 - i) The business report and its supporting schedules are recognized as correctly presenting the state of MGC in accordance with the laws, regulations and the Articles of Incorporation.
 - ii) No dishonest acts or material violations of laws, regulations or the Articles of Incorporation

(Translation)

were recognized in connection with the performance by Directors of their duties.

iii) We acknowledge that the Board of Directors' resolutions with respect to the internal control systems are appropriate. We also acknowledge that in terms of the readiness and operation of said systems, continuous improvements are being made and therefore, did not find any matter to be mentioned regarding such internal control systems.

(2) Audit Result of Non-Consolidated Financial Statements and Their Supplementary Schedule

We are of the opinion that the method and results of the audit performed by the Independent Auditor, Crowe Toyo & Co., are appropriate.

(3) Audit Result of Consolidated Financial Statements

We are of the opinion that the method and results of the audit performed by the Independent Auditor, Crowe Toyo & Co., are appropriate.
