### Notice of Opening of "Sustainability" Website

Oisix ra daichi inc. (hereinafter the "Company") announces that we have opened a "Sustainability" website so that make our stakeholders widely aware of our ESG (Environmental, Social and Governance) policies and specific initiatives aimed at realizing a sustainable society.

The company aim to realize a sustainable society by solving food-related social issues through business methods, based on our corporate philosophy of "Farm for Tomorrow, Table for Tomorrow." At this website, we disclose the ESG policies we consider and specific examples of our efforts to resolve issues.

"Sustainability" website URL

<https://en.oisixradaichi.co.jp/sustainability/>

The company will continue to aim to further increase corporate value through proactive disclosure of information and expansion of initiatives related to sustainability and through dialogue with stakeholders going forward.
