**Announcement of starting operations of Manasah and Zaatari project
at Mafraq area in Jordan**

We hereby announces that, Our group company Enbio LeI Taqa FZC LLC (U.A.E) , started operations of Manasah and Zaatari Project (Solar Power Plant) at Mafraq area in Jordan on October 1st, 2021.

The annual water resources per person is extremely small at 129 m³ in Jordan. Therefore, the development and the fair use of water resources are becoming one of the main issues.

We can contribute to solve the issues of water resources by supplying the water gained by the power generation of our solar power plant to the local area including Zaatari refugee camp.

1. Overview of the Solar Power Plant

① Manasah Project

(1) Name of Solar Power Plant	Manasah Project
(2) Site Location	Manasah, Mafraq area, Jordan
(3) Name of Operating Company	Enbio LeI Taqa FZC LLC (U.A.E)
(4) Business Area	14,000 m ² (Solar Power generation and Water resource business)
(5) Solar Power Plant Size	620kW(DC)
(6) Estimated annual power generation	1,050,000kWh

② Zaatari Project

(1) Name of Solar Power Plant	Zaatari Project
(2) Site Location	Zaatari, Mafraq aream, Jordan
(3) Name of Operating Company	Enbio LeI Taqa FZC LLC (U.A.E)
(4) Business Area	200,000 m ² (Solar Power generation and Water resoure business)
(5) Solar Power Plant Size	330kW(DC)
(6) Estimated annual power generation	560,000kWh

2. Future Outlook

We generate 2,840,000kWh per year at 3 sites after starting these 2 solar power plants. We will look to develop more projects.

The prediction of sales of these 2 projects won't affect our forecast since we have already expected the sales in our initial budget.
