Notice of GRESB Infrastructure Assessment results

Takara Leben Infrastructure Fund, Inc. (the “Fund”) hereby announces that it participated in the 2021 GRESB Infrastructure Fund Assessment and earned the highest possible 5-star rating and also recognized as “Asia Sector Leader”. The details are as follows.

1. Assessment results

In the GRESB Infrastructure Fund Assessment, the Fund was awarded a 5-star GRESB rating and also recognized as “Asia Sector Leader” based on its relative ranking of overall score across five quintiles. The overall score reflects the Fund’s policies and systems for addressing ESG issues, ESG activity reporting, ESG risk assessment and analysis process, and the operator’s asset assessment results.

Also, in the GRESB Infrastructure Asset Assessment, the Fund’s infrastructure assets and the CSR strategies and measures of its operator, Takara Leben Co., Ltd., were evaluated particularly favorably and therefore earned a 4-star rating.

2. The Fund's approach going forward

The Takara Leben Group - to which the Fund and asset manager Takara Asset Management Co., Ltd. belong - aims to build safe communities for all people in line with its corporate philosophy of “THINK HAPPINESS AND MAKE THE HAPPINESS.”

The basic policy of both the Fund and the asset management company is to contribute to the creation of an eco-friendly, sustainable environment. They aim to generate value through the use of natural energy, create employment in the community, further the development of society and the economy, combat global warming, and help improve energy self-sufficiency.

The Fund and the asset management company will concretely and proactively address ESG issues going forward based on the thinking that achieving the aforementioned basic policy and realizing a sustainable society will contribute to improvements in value for investors.
