**Notice Concerning Acquisition of Comprehensive Assessment System for Built Environment Efficiency
("CASBEE") Certification for Buildings (New Construction) and
Certification for CASBEE for Real Estate**

Japan Logistics Fund, Inc. (hereinafter referred to as "JLF") announced today that one property listed below has received Comprehensive Assessment System for Built Environment Efficiency ("CASBEE") Certification for Buildings (New Construction) and three properties listed below have received Certification for CASBEE for Real Estate.

1. Overview of CASBEE Certification

CASBEE is a method designed to comprehensively assess the environmental efficiency of buildings and promoted throughout Japan under the guidance of the Ministry of Land, Infrastructure Transport and Tourism.

CASBEE Certification is a system where third-party institutions examine and certify assessment results prepared in accordance with CASBEE for New Construction or CASBEE for Real Estate, etc. CASBEE Certification for Buildings (New Construction) is based on CASBEE for New Construction, which is evaluated based on the design details of new construction, and is rated in five levels (from five stars "★★★★★" ("S") to two stars "★★" ("C")).

In addition, Certification for CASBEE for Real Estate is based on CASBEE for Real Estate, which covers existing buildings that have been completed for at least one year, and evaluates the overall environmental performance of buildings in four levels (from five stars "★★★★★" ("S") to two stars "★★" ("B")).

For details of CASBEE Certification, please refer to the following website.

* Website of CASBEE Certification:

<https://www.ibec.or.jp/CASBEE/english/certificationE.htm>

2. Assessment Result of CASBEE Certification for Buildings (New Construction) and Certification for CASBEE for Real Estate

CASBEE Certification for Buildings (New Construction)

Property Name	Location	Certification Rank	Assessment Date	Evaluating Body
Urayasu Logistics Center	Urayasu, Chiba	A	August 3, 2022	Bureau Veritas Japan Co., Ltd.

Certification for CASBEE for Real Estate

Property Name	Location	Certification Rank	Assessment Date	Evaluating Body
Misato Logistics Center	Misato, Saitama	A	July 29, 2022	Center for Better Living
Saitamakisai Logistics Center	Kazo, Saitama			
Kazo Logistics Center	Kazo, Saitama			

3. Future Measures

With the acquisition of CASBEE Certification for Buildings (New Construction) and Certification for CASBEE for Real Estate, the percentage of portfolio with green building certification obtained by JLF is now 69.8%. JLF is conscious of fulfilling its social responsibilities such as consciousness to the environment and contribution to society, and will continue to implement sustainability practices, such as environmental and energy-saving measures for its logistics properties.

Percentage of portfolio with green building certification (as of August 5, 2022)

Type of certification	Number of properties	Leasable area (m ²)	Percentage of portfolio (by area)
Certification for CASBEE for Real Estate	19	688,083.02	50.0%
BELS Certification	13	380,038.32	27.6%
DBJ Green Building Certification	6	187,898.80	13.7%
CASBEE Certification for Buildings (New Construction)	1	37,378.68	2.7%
Percentage of portfolio with green building certification	30	960,540.34	69.8%

*Some properties have multiple certifications, so the total of the figures for each certification does not equal the figure for the "Percentage of portfolio with green building certification".
