Japan Logistics Fund, Inc. (hereinafter referred to as "JLF") announced today that 17 properties listed below have received Certification for Comprehensive Assessment System for Built Environment Efficiency ("CASBEE") for Real Estate.

1. Overview of CASBEE Certification

CASBEE is a method designed to comprehensively assess the environmental efficiency of buildings and promoted throughout Japan under the guidance of the Ministry of Land, Infrastructure Transport and Tourism.

CASBEE Certification is a system where third-party institutions examine and certify assessment results prepared in accordance with CASBEE for Real Estate or CASBEE for New Construction, etc. Certification for CASBEE for Real Estate is based on CASBEE for Real Estate, which covers existing buildings that have been completed for at least one year, and evaluates the overall environmental performance of buildings in four levels (from five stars " $\star\star\star\star\star$ " ("S") to two stars " $\star\star\star\star\star$ " ("B")).
