Announcement of starting the operation Solar Power Plant (4 projects)
at Chiba and Saitama area

We hereby announce that, our group company MaF LLC (Tokyo), will start the operation for Solar Power Plant (4 projects) at Chiba and Saitama area on February 1st, 2023.

The corporate PPA is a power purchase agreement that a power consumer concludes with a renewable energy power generation company (MaF LLC). MaF LLC installs a solar power generation facility on the roof and/or on-site space of a power consumer, and the power consumer purchases the generated power from the power generation facility.

In recent years, the corporate PPA model is expected to expand against the backdrop of soaring energy prices and growing demand for renewable energy.

1. Overview of the Solar Power Plant

(1) Site Location	Chiba and Saitama area
(2) Name of Operating Company	MaF LLC (Tokyo)
(3) Solar Power Plant Size	850kW (DC) *4 projects
(4) Estimated annual power generation	973,000kWh*4 projects

2. Future Outlook

We expect the impact of this implementation on the Company's current fiscal year business performance to be limited.
