#### 2. Reason

The Company's basic policy is to maintain a dividend payout ratio of at least 30% during the period of its medium-term business plan (fiscal 2020–2024).

We had forecasted year-end dividends in December 2022 of 33 yen, but given that consolidated earnings in this fiscal year surpassed the forecasts most recently released, we have increased dividends by 3 yen to 36 yen.

Please refer to the Outline of Consolidated Financial Statements [in Japanese], released today, for information on financial results for this fiscal year.
