(Changes in accounting policies)

The accounting standard for fair value measurement "Guidance on Accounting Standard for Measurement of Fair Value" (ASBJ Guidance No. 31, June 17, 2021) was issued by the Accounting Standards Board of Japan on June 17, 2021. The new accounting policy prescribed by the "Guidance on Accounting Standard for Measurement of Fair Value" (ASBJ Guidance No. 31, June 17, 2021) has been applied from the beginning of the current fiscal year, and the new accounting policy prescribed by the "Guidance on Accounting Standard for Measurement of Fair Value" is applied prospectively in accordance with the transitional measures prescribed in paragraph 27-2 of the Guidance on Accounting Standard for Measurement of Fair Value. The impact on the consolidated financial statements is immaterial.

(Segment information)

(1) Overview of reportable segments

The Group's reportable segments are those for which financial information is available separately and regular evaluation by the Board of Directors is being performed in order to evaluate performance.

The Group comprises six reportable segments, "Power Generation and Sales Business", "Transmission and Distribution business", "Overseas Business", "Other energy services businesses", "ICT services business" and "Urban Development Business", classified in consideration of the types of products and business activities.

The main products and business activities belonging to each Reportable segment are described below.

Reportable segment	Main products and business activities
Power Generation and Sales business	Power generation and retail business in Japan
Transmission and Distribution business	Power transmission and distribution business in Kyushu
Overseas Businesses	Power generation and transmission and distribution business outside of Japan
Other energy services businesses	Businesses that contribute to stable power supply, such as construction and maintenance of electrical equipment, Gas / LNG sales business, Coal sales business, renewable energy business
ICT services business	Data communication business, optical broadband business, telecommunications construction and maintenance business, information system development business, data center business
Urban Development Business	Urban development, real estate, social infrastructure business

(Matters relating to changes in reportable segments, etc.)

In accordance with the revision of the business management classification of the Kyuden Group for the purpose of monitoring progress towards the management targets (FY2030) of the "Kyuden Group Management Vision 2030" and the financial targets (FY2025), which are interim targets for the realization of the management vision, we have changed the reportable segments. Old reportable segments were "Power Generation and Sales", "Transmission and Distribution", "Other Energy Services", and "ICT Services", and "Others", and these were changed to "Power Generation and Sales", "Transmission and Distribution", "Overseas", and "Other Energy Services", "ICT Services", "Urban Development". In the old style, reportable segments "Other Energy Services" included "Overseas Business" and "Others" included "Urban Development".

The segment information for the previous fiscal year has been prepared based on the reporting segments after the change, and is presented in the previous fiscal year in "(3) Information regarding sales, profits, assets and other items by Reportable segment".

(2) Calculation method of sales, profits, assets and other items by Reportable segment

The accounting method of Reportable segment is similar to the Preparation of consolidated financial statements. Reportable segment is based on operating income basis, and Inter-segment sales are based on market price.
