- The significant growth in TV ad spots and steady performance in programming, contributed to the TV billings growth.
- Other than 4 mass media services, the Billings outweighed the number from the previous fiscal year. Marketing/Promotion and Internet Media were especially in a prosperous change.

Note (1) The amount of billings in "Sub total" under billings by industry differs from that of "Sub total" under billings by service area.

This difference reflects the presence of certain Group companies that are able to classify billings by service area but not by industry.

Billings from such companies are accounted for solely within billings by service area.
