1. Qualitative Information regarding the Current Quarter

(1) Descriptions regarding operating results

It should be noted that descriptions concerning the future in the text are based on judgement of the Company as of the end of the current quarter consolidated fiscal period.

The outlook of Japanese economy has been uncertain during the current third quarter consolidated cumulative period due to concerned negative effects from downward risks in overseas economy attributable to inflations and tight monetary policies around the world, though we are also seeing a normalizing trend of socioeconomic activities in lifting of movement restrictions under continued impacts from new coronavirus infection continuously.

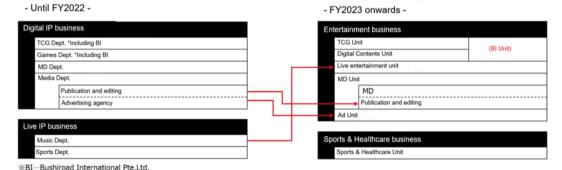

Under such circumstances, our Group has further accelerated our IP Developer Strategy and been committed to the global rollout and building of a structure for IP creations. Bushiroad Inc. hosted a large-scale event called "2023 Bushiroad Expo Asia in Hong Kong" in March 2023 gathering not only local users but also shop developers and made appeals our presence. "2023 Bushiroad Expo Asia" is scheduled to be hosted also in other five Asian cities. In the same month in March, we also have opened a booth at "Anime Japan 2023" and exhibited cards of "Weiss Schwarz", one of the TCG (trading card game) which celebrated 15th anniversary, and "Weiss Schwarz Blau" which has started in November 2022.

Note that our Group has decided to withdraw from the fitness club business at the end of FY2023 as we informed in the news release dated on April 25, 2023 for the "Notice concerning company split (incorporation-type) at our consolidated subsidiary for withdrawal from the fitness club business, share transfer of the newly established company, and recording of extraordinary losses due to withdrawal from the fitness club business". Also, as we informed on the same day in the "Notice concerning establishment of a subsidiary through company split (incorporation-type) of our consolidated subsidiary", we have decided to establish a new company "Bushiroad Works" in July 2023 with the major purpose for creating IPs, aiming to further enhance both quality and quantity in IP creations.

As a result of these decisions, operating results of the current third quarter consolidated cumulative period were as follows: Net sales of 35,156,482,000 yen (up 21.1% year-on-year); Operating profit of 2,037,185,000 yen (up 3.5% year-on-year); Ordinary profit of 2,689,645,000 yen (down 16.2% year-on-year); and Net profit attributable to owners of parent of 1,243,226,000 yen (down 38.9% year-on-year).

Operating results of individual business segments are as follows. Meanwhile, segmental net sales include sales to external customers.

The reportable segments have been changed as follows from the first quarter consolidated fiscal period, and year-on-year comparison and analysis are based on the segments after change.

1. Entertainment business

(1) TCG (Trading Card Game) Unit

"Weiss Schwarz" marked the 15th anniversary in March 2023 and has started earning a firm position as a long-established character card game. The Unit released major card merchandises during the current quarter including six cards in "HEAVEN BURNS RED" and "hololive production Vol.2" and four cards for "Touhou Project Vol.2" in "Rebirth for you". Other releases included a major merchandise in "Cardfight!! Vanguard" and a major card merchandise in "Shadowverse EVOLVE". In "Weiss Schwarz Blau", the Unit released four major merchandises for "Chiikawa" and "Strawberry Prince".

Continued from FY2022, TCG market is expanding significantly. As TCG market has continued to be booming both in Japan and abroad, the sales of TCG Unit have significantly grew year-on-year; however, the level of growth was similar with the previous quarter, because there were fewer new releases of major card merchandises

than in the fourth quarter of the previous fiscal year and in the current first quarter.

(2) Digital Contents Unit

In mobile games, "BanG Dream! Girls Band Party!" celebrated the 6th anniversary of release and the Unit conducted large-scale updates in which a wide variety of additions and changes were made. On another front, an announcement was made on release in April 2023 of "Love Live! School idol festival 2 MIRACLE LIVE!", while "Love Live! School idol festival" has finished its services.

In console games, additional download contents were launched for "Cardfight!! Vanguard Dear Days", though there was no release of new titles.

While mobile games have prepared for contents' coming back to popularity and releases of new title through reviewing of existing titles, console games are expected to see continued selling of contents download despite its nature of non-operation type games.

(3) BI (Bushiroad International) Unit

BI Unit belongs to both TCG Unit and Digital Contents Unit.

In English language version "Weiss Schwarz", "Kaguya-sama: Love Is War?" and "Date A Live Vol.2" were released. In English language version "Cardfight!! Vanguard", two major card merchandises were released. It was also decided that English language version "Shadowverse EVOLVE" will be released in June 2023.

Performance of digital contents has remained firm in each title, and the number of implemented music exceeded cumulative 400 music in the English language version "BanG Dream! Girls Band Party!".

(4) Live Entertainment Unit

Bushiroad Music hosted many music lives and events including "BanG Dream! 11th☆LIVE" and a stage show named "Revue Starlight - The Live-#4 Climax" at Ariake Arena on February 4 (Sat.) and 5 (Sun.). However, in packaged merchandises, the Unit had a sagging result due to partial changes in the schedule for initial plan.

Theater company HIKOSEN saw a sagging result in the current third quarter, because some of the performances were cancelled. Use of the event hall "HIKOSEN THEATER" we acquired the year before last year has been on an increasing trend continued from the previous quarter.

(5) MD (Merchandizing) Unit

MD showed a favorable result in event business such as "BLUELOCK" and "Mob Psycho"; however, the sales still has been sagging, because the Unit is continuously slowing down the selling of merchandises with low profit margin since the second quarter. Publication and editing achieved strong results in selling of books and magazines related to TCG and collaboration among Units worked effectively.

The Unit was engaged in prior preparation for the future recovery and expansion of the business by participating in "Wonder Festival 2023 Winter" and "Japan Amusement Expo 2023" with an announcement of a figure brand "PalVerse" and merchandized works to be rolled out from the next fiscal year.

(6) Ad Unit

Bushiroad Move was involved in the multiple number of events in its agency business, offering cooperation in management and production of a large-scale event of a VTuber agency "hololive SUPER EXPO 2023" and serving as an executive committee member in one of the largest outdoor leisure events in Asia "Japan Camping Car Show 2023".

Performance days of voice actors affiliated with a voice actors' agency "HiBiKi" increased as real events and music live events where they appear are being hosted actively.

As a result of all those efforts, Entertainment Business recorded Net sales of 29,983,493,000 yen (up 20.0% year-on-year) and Segment profit of 1,880,304,000 yen (down 10.3% year-on-year).

2. Sports and Healthcare business

New Japan Pro-Wrestling Co., Ltd hosted "Antonio Inoki Memorial: WRESTLE KINGDOM 17 in TOKYO DOME~ Fighting Spirit Forever ~ on January 4, 2023, and attracted twice as many spectators as the Game hosted at Tokyo Dome on the same day in the previous year. As a result, it significantly contributed to the Net sale and Operating profit of the current third quarter consolidated cumulative period. The number of spectators attended at games hosted by New Japan Pro-Wrestling has remained on an increasing trend partly due in part to lifting of restrictions at event venues. On another front, Bushiroad Well-Be, which is operating fitness clubs mainly in Hokkaido, reported expansions of operating loss due to increase in operation costs caused by surges of energy prices.

As a result of all those efforts, Sports & Healthcare Business recorded Net sales of 5,172,988,000 yen (up 28.2% year-on-year) and Segment profit of 156,880,000 yen (the same quarter of the previous year had a segment loss of 127,927,000 yen).

(2) Descriptions regarding financial position

This is mainly due to decrease in retained earnings by 291,664,000 yen for the payment of dividends, on one hand, and increase in capital stock and capital reserve by 2,000,000,000 yen, respectively, for exercise of the subscription right for convertible bond-type bonds with share subscription rights, capital stock and capital reserve by 26,706,000 yen, respectively, for exercise of share subscription rights (stock options), and retained earnings by 1,243,226,000 yen for recoding of the quarterly net profit attributable to owners of parent, on the other.

(3) Descriptions regarding future prospects such as consolidated performance forecasts

Bushiroad Inc. has positioned the current fiscal year which is the first fiscal year of the 4-year medium term management plan as a year for preparation where the Company launched the unit system organization, further developed global talents, and made investment in game development. TCG Unit including the overseas operations expect favorable results though there will be fluctuations in the third quarter onward depending on quarters. Digital Contents Unit continues to make upfront investments in game development and also tries to stage a comeback by hosting large scale update for "BanG Dream! Girls Band Party!" and others scheduled for March 2023. As restrictions under the pandemic are being further relaxed and events with utterance have been allowed, each Unit plans to hold multiple numbers of large-scale events, expecting increase in attendances. With the factors mentioned above, consolidated performance for FY2023 is forecasted as follows: Net sale of 50,000,000,000,000 yen (up 19.1% year-on-year), Operating profit of 3,500,000,000 yen (up 3.2% year-on-year), Ordinary profit of 3,500,000,000 yen (down 31.5% year-on-year), and Net profit attributable to owners of parent of 2,300,000,000 yen (down 34.4% year-on-year).

Bushiroad Inc. recorded impairment loss on the following asset group for the current third quarter consolidated cumulative period.

(1) Assets recognized for impairment loss

Location	Purpose	Туре	Impairment loss
Kanto	Operations of fitness clubs	Building, equipment and machines	45,654,000 yen
Hokkaido	Operations of fitness clubs	Land, building, equipment and machines, etc.	274,417,000 yen

In principle, Bushiroad Inc. identifies asset groupings according to the groupings used in management accounting, by which income and expenditure are controlled continually.

The basic strategy of Bushiroad Inc. is to develop various business as an IP developer in the areas including animation, music, event, MD, and others putting IPs at its center. In order to further enhance our services, we have made Bushiroad Well-Be (the trade name was Sopratico Co., Ltd. as of February 2020), which was operating fitness club business (hereafter "the Business") mainly in Hokkaido, our consolidated subsidiary in February 2020 (the trade name was changed on April 1, 2022). However, with the expansion of new coronavirus infection occurred immediately after we took the stakes to consolidate the company, the number of fitness club members significantly dropped and the profit in the Business eventually decreased having impacts also from surges in energy prices on the operational costs. Although the company was working on launch of healthcare business releasing "New Japan Protein" jointly developed with one of our group company New Japan Pro-Wrestling Co., Ltd in January 2023, the entire business has still significantly deviated from the business plan we assumed before the acquisition. Considering these situations, Bushiroad Inc. has decided to withdraw from the Business as part of the optimization of our business portfolio, establishing a new company to have it succeed the Business through company split (incorporation-type), and transferring all the shares of the newly established company to Mr. Takashi Ooba, the current representative director of Bushiroad Well-Be.

As a result of this decision, the Business being operated by Bushiroad Well-Be was recognized as having the signs of impairment.

Recoverable amount is to be calculated based on net salable amount of the asset. Incidentally, the recoverable amount was assessed as zero, because feasibility on sale of real estate properties such as lands and buildings on an as-is basis is low due to their locations and nature of the structures specialized in fitness gym and also because the expected costs for clearing the lands exceed the market values of the lands.

(Company split on Bushiroad Well-Be)

Bushiroad Inc. made a resolution as follows at the company's board meeting held on April 25, 2023 to withdraw from the fitness club business (hereafter "the Business") being operated by the consolidated subsidiary Bushiroad Well-Be Co., Ltd. (hereafter "Bushiroad Well-Be) by splitting the Business through company split (incorporation-type) (hereafter "the company split") and having the newly established company succeed the Business, with transfer of 100% shares of the newly established company to Mr. Takashi Ooba (hereafter "the share transfer"), the current representative director of Bushiroad Well-Be.

1. Purpose

The basic strategy of Bushiroad Inc. is to develop various business as an IP developer in the areas including animation, music, event, MD, and others putting IPs at its center. In order to further enhance our services, we have made Bushiroad Well-Be (the trade name was Sopratico Co., Ltd. as of February 2020), which was operating fitness club business mainly in Hokkaido, our consolidated subsidiary in February 2020 (the trade name was changed on April 1, 2022).

However, with the expansion of new coronavirus infection occurred immediately after we took the stakes to consolidate the company, the number of fitness club members significantly dropped and the profit in the Business eventually decreased having impacts also from surges in energy prices on the operational costs. Although the company has been working on the launch of healthcare business releasing "New Japan Protein" jointly developed with one of our group company New Japan Pro-Wrestling Co., Ltd., in January 2023 as part of the launch, the entire business has remained significantly deviated from the business plan we assumed before the acquisition.

Considering these situations, Bushiroad Inc. has decided to withdraw from the Business, establishing a new company to have it succeed the Business through company split (incorporation-type) and transferring all the shares of the newly established company to Mr. Takashi Ooba, the current representative director of Bushiroad Well-Be.

We had multifaceted considerations about various possibilities before making the decision and has arrived at a judgment that, in aiming at a long-term growth of each business, it would be best for the Business to depart from the group of Bushiroad Inc., a listed company, through the share transfer to Mr. Ooba, who has been managing the business since before the acquisition, and to work on business development in a way community-oriented services are enhanced through Mr. Ooba's strengths in that field, while the healthcare business being pursued as a new business is to aim for development by strengthening collaborations with other business of our group.
