#### 4. Additional information for investors

With respect to the risks associated with new debt financing, the content of "Investment Risks" stated in our Security Report (*Yukashoken Hokokusho*) for the 42nd fiscal period ended February 28, 2023, has not changed.

Note: This is the English translation of original Japanese documents and is provided solely for information purposes. If there are any discrepancies between the translation and the Japanese original, the latter shall prevail.

<sup>&</sup>quot;Expected total assets" is calculated by adding or subtracting the increase or decrease amount of interest-bearing liabilities and unitholders' capital since March 1, 2023 to the total assets as of the end of the 42nd fiscal period ended February 28, 2023. LTV figure is rounded to the one decimal place. Accordingly, change in the LTV figures may not tally due to rounding error.
