## **About influences of the Noto Peninsula Earthquake in 2024**

Firstly, JTOWER would like to express our sincere condolences and sympathy toward the people affected by the Noto Peninsula Earthquake in 2024 which occurred in the Noto region on January 1, 2024.

We would like to inform you of the following details regarding the current impact of the earthquake on our group.

### 1. Situation

#### (1) Human damage

No human damage has been reported to any of our Group's employees.

#### (2) Damage to facilities

##### • Indoor Infra-Sharing

There was no IBS facility located in areas where the seismic intensity was 6 lower or more.

##### • Outdoor tower sharing

All of the 22 towers located in areas where the seismic intensity was 6 lower or more have been checked for any communication trouble, and we are steadily confirming the condition of the facilities in cooperation with telecommunications operators.

### 2. Impact on financial results

Currently, we conclude the earthquake has a minor impact on our consolidated results. We will provide prompt notice of any events that may have a material impact on our consolidated financial results.
