

## **Japan Display Comments on Today's Media Report**

TOKYO, Japan, March 19, 2014 – Japan Display Inc. (“JDI”) today announced that a report in today's media regarding a JDI plan for a new manufacturing plant is not based on any information released by JDI and is incorrect.

### **About JDI**

Japan Display Inc. (JDI) is the leading global manufacturer of advanced small- and medium-sized LTPS LCD panels. By leveraging its advanced technologies and the world's largest LTPS production capacity, JDI provides high resolution, low power consumption and ultrathin displays for smartphones, tablets, automotive electronics, digital cameras, medical equipment and other electronic devices. JDI, which commenced operations in April 2012, was formed through the consolidation of the display panel businesses of Sony, Hitachi and Toshiba. The company listed its stock on the First Section of Tokyo Stock Exchange today under the trading code of 6740. Visit <http://www.j-display.com/english/> for more information.
