#### Notice Concerning Acquisition of Investment Asset

Frontier Real Estate Investment Corporation (the "Investment Corporation") hereby announces the decision of Mitsui Fudosan Frontier REIT Management Inc., the Investment Corporation' asset management company (the "Asset Management Company"), on the acquisition of Shinsaibashi Square on December 22, 2014 as described below. Since the seller of Shinsaibashi Square falls under the category of "Interested Parties" set forth in the Interested-Party Transaction Regulations of the Asset Management Company, the consent of the Investment Corporation based on the approval of the Investment Corporation's Board of Directors meeting held on December 19, 2014 had been acquired pursuant to the Interested-Party Transaction Regulations.

- (4) Contract Date: December 22, 2014

- (6) Seller: Mitsui Fudosan Co., Ltd.\*\*\*

- \* While the acquired asset is an actual real estate as of the contract date, the seller has agreed to change the asset to trust beneficiary interest by the acquisition date at its own responsibility.

- \*\*\* For details regarding seller's profile, please see Item 5. in the following section.

#### 2. Rationale

The proposed acquisition of the Property is in line with the Investment Corporation's "basic asset management policy" and "investment stance" as provided in its Articles of Incorporation. In its decision to acquire the Property, the Asset Management Company considered, *inter alia*, the following factors:

#### (1) Location

The Property is situated along Midosuji, a main street that connects the north and south sides of the Kansai region's central business and commercial areas such as Umeda, Shinsaibashi and Namba. Near Shinsaibashi on Midosuji there are many roadside shops of globally renowned luxury brands including CHANEL and PRADA, and it is therefore recognized as a globally leading brand street. In addition, the Property is located on a corner plot at the intersection of Midosuji and a road that connects to an arcade street of Shinsaibashi which runs parallel to Midosuji, and the area is bustling throughout the day.

The site in particular can be said to be in an excellent location that is hard to attain, with the highest potential as a commercial spot along Midosuji, as NIKE to the north, APPLE on the diagonal side and PRADA to the south have flagship stores at the intersection. Furthermore, the site is rare with high potential for attracting more visitors due to the increase in inbound tourists.

#### (2) Features of the Property

The Property is an urban retail facility developed by Mitsui Fudosan Co., Ltd. and completed on September 1, 2014. The facilities are comprised of a north building and south building. The south building houses German luxury brand HUGO BOSS's largest roadside shop in Japan, and an overseas luxury brand is also scheduled to open a roadside shop in the north building next spring. With long-term fixed-term building lease contracts for both the north and south buildings, the property will contribute to stable earnings of the Investment Corporation.

#### 7. Broker Profile

Not applicable

#### 8. Execution of SC Management Agreement

The Investment Corporation has executed a basic agreement concerning SC management with Mitsui Fudosan Co., Ltd., the parent company of the Asset Management Company, for the purpose of effectively utilizing the expertise of Mitsui Fudosan Co., Ltd. in operation and management of retail facilities. The Investment Corporation will, based on the terms of the aforementioned basic agreement, enter into an SC management agreement that sets out detailed work (including property management) for the Property.

<sup>\*\*</sup>Undisclosed as the previous owner has owned the property for over a year.

#### 9. Interested-Party Transaction

Since the seller of the Property falls under the category of "Interested Parties" set forth in the Interested-Party Transaction Regulations of the Asset Management Company, the consent of the Investment Corporation based on the approval of the Investment Corporation's Board of Directors meeting held on December 19, 2014 had been acquired following the deliberation and resolution of the Compliance Committee meeting on December 17, 2014, and the conclusion of the contract was resolved by the Asset Management Company at the Board of Directors meeting on December 22, 2014, pursuant to the Interested-Party Transaction Regulations.

Therefore, the contract will be concluded with a decision following similar procedures. Mitsui Fudosan will re-commissioned a part of the SC management business to Frontier REIT SC Management, a Mitsui Fudosan Group company that specializes in the particular business.

10. Impact on Financial Status of the Investment Corporation in the Event of Failure to Fulfill Forward Commitment, Etc.

The acquisition of the Property falls under the category of forward commitments, etc. (refers to contracts for forward and future transactions, for which settlement and delivery take place one or more months after their signing) (the "Forward Commitment"). The Forward Commitment states that, in the event of a material violation of contractual obligations by one party and the transaction of the Property fails to be executed on the term of payment for reasons attributable to one party, the other party shall have the right to cancel the Forward Commitment and, in the event of cancellation of the Forward Commitment, the party which received damages due to violation of the contract has the right to claim compensation for damages. However, the Investment Corporation's payment obligation is only to be fulfilled with the condition that the Investment Corporation has completed the financing required for the payment of the purchase price. The Investment Corporation is thus not obliged to pay the purchase price if it is not able to procure the funds necessary for the payment of the purchase price, and it is believed that the likelihood of the Forward Commitment significantly impacting the Investment Corporation's finances is low.

#### 11. Outlook
