Komori Corporation and Shanghai Eternal Machinery Co. Ltd(a member of BOBST group) enter into ODM agreement

The Komori Corporation and Shanghai Eternal Machinery Co. Ltd(a member of BOBST group) have entered into an Original Design Manufacturer (ODM) agreement. The agreement allows for the manufacture by Shanghai Eternal Machinery of a customized die-cutting machine and devices with Komori's creative input and technical requirement for incorporation into Komori production line.

Eiji Kajita, Director and Operating Officer Name, Position of Komori Corporation said, "Shanghai Eternal is a highly respected designer and builder of die-cutting equipment. This agreement will enable us to continue to offer our customers optimized price-competitive products for post press process while maintaining the quality that Komori products are known for."

Gary Tseng, General Manager of the Shanghai Eternal Machinery Co., Ltd., said, "Komori is known throughout the world for the technology innovation, quality and reliability of its printing machinery. We look forward to contributing equipment and future innovations to its product range."

About Komori Corporation

Komori Corporation, for over 90 years since its establishment in 1923 has been producing offset printing presses. Its flagship products include sheet-fed offset presses, web offset presses and related equipment. Moreover, Komori has been supplying security printing presses to the National Printing Bureau in Japan as well as to overseas customers in dozens of countries. Komori endeavors to improve the quality and productivity of its basic printing presses and develop printing information networks and automated integrated printing systems to respond to the recent trend of digital work flow and networking, and realize a total printing production system. With its sights

fixed on remaining a trusted Print Engineering Service Provider, Komori also works to bring the range of its proposals to bear in solving customer issues.
