Information: Number of golf course

- *1. Courses owned and courses managed under contract (including golf course management agreement) are included (including suspended golf courses).
- *2. Courses undergoing corporate reorganization procedures are not consolidated. If a course is sold, revenue from the beginning of the month through the day before the stock transfer date is counted.
- *3. Golf courses owned as asset (including suspended golf courses) are included; namely, 44 courses (based on 18 holes, 50.2 courses) in from May to September 2015, and 43 golf courses (based on 18 holes, 49.2 courses) in October 2015 are included.
- *4. Existing Golf Courses is for 42 golf courses (based on 18 holes, 47.2 courses) from March to September 2015, and 41 golf courses (based on 18 holes, 46.2 courses) in October 2015, which were the total operating facilities calculated by subtracting the three suspended courses affected by the Great East Japan Earthquake from all courses owned as of the end of March 2014.
- * Revenue includes all sales (including membership dues) relating to the relevant golf courses.
- * On August 1, 2014, a Business Trust-based Asset-Light Strategy was completed. Accordingly, for convenience of easy comparison, excludes the golf courses transferred to the business trust from the data on the golf courses owned and the existing golf courses for the same month of the previous year.
- * The fraction less than a unit calculates cutting off, and a total place and the case that is not equal to of each column in the publication numerical value of this document.
- * All of the above figures are calculated for management accounting purposes and are not audited by any audit corporation.
