Proposals and References

Proposal 1: Appropriation of Surplus

Concerning the appropriation of surplus, the Company has a basic policy to provide stable and continuous dividends and to increase the amounts thereof. Also, to improve the corporate value and shareholders' value of the Company, we ensure stable earning capabilities, promote capital investments and investments in R&D to grow new businesses and products and strive to improve our financial structure.

With the recognition of its responsibility toward shareholders, the Company pays an interim dividend and a year-end dividend annually, in principle, based on the business results for each fiscal year.

With regard to a year-end dividend for the fiscal year under review, taking the above policy into account, we will pay the following dividends.

To pay the dividends, it is proposed to conduct a partial reversal of the general reserve.

1. Matters related to year-end dividends

The year-end dividend for the fiscal year under review is proposed to be ¥2.5 per share. Including the interim dividend of ¥2.5 per share already paid, the annual dividend will be ¥5.00 per share.

(1) Type of asset for the dividends: Cash

(2) Matters related to the allocation of the assets for the year-end dividend to shareholders and the aggregate amount:

¥2.5 per common share of the Company

Aggregate amount: ¥918,668,803

(3) Effective date and payment start date: June 27, 2016

2. Other matters related to the appropriation of surplus

(1) Item and amount of surplus that will decrease: General reserve ¥15,000,000,000

(2) Item and amount of surplus that will increase: Retained earnings brought forward ¥15,000,000,000

Proposal 2: Reserve Stock Splits

1. Reason for necessitating the reserve stock splits

Having released the “Action Plan for Consolidating Trading Units,” all domestic exchanges in Japan aim to consolidate all common stocks of listed domestic companies to 100-share trading units. The Company conforms to the policy, as it listed on the Tokyo Stock Exchange and the Nagoya Stock Exchange, and will change the trading unit of its shares from 1,000 shares to 100 shares. Additionally, the Company will conduct the reserve stock splits (consolidation of five shares into one share) to maintain the level of the minimum investing unit at ¥50,000 or more and less than ¥500,000, which is recommended by the stock exchanges.

2. Details of the reserve stock splits

(1) Class of shares consolidated and ratio of the consolidation

For the Company’s shares of common stock, a five-to-one consolidation of shares is proposed.

In case the reserve stock splits generates fractions of less than one share, all such fractions will be disposed of in a lump sum pursuant to the Companies Act, and the proceeds from such disposal will be distributed to applicable shareholders according to the proportion of the fractions held by each such shareholder.

(2) Effective date of the consolidation

October 1, 2016

(3) Total number of authorized shares on the effective date

200 million shares

(4) Other

The reserve stock splits pertaining to this proposal is subject to the approval of Proposal 3: Partial Amendments to the Articles of Incorporation. It is proposed to leave a decision on other procedural requirements up to the Board of Directors.

Note: Although the reserve stock splits will reduce the total number of shares issued to one-fifth of the current total, the amount of net assets per share will increase fivefold, because the total net assets will not change. Even after the consolidation, there will be no changes in the asset value of the Company’s shares held by shareholders, unless other reasons exist, such as market fluctuations.

Proposal 3: Partial Amendment to the Articles of Incorporation**1. Reasons for the Amendments**

Subject to the approval of Proposal 2: Reserve Stock Splits, it is proposed to change the Company's total number of authorized shares from 1 billion to 200 million according to the ratio of the consolidation of shares, and to change the Company's share unit from 1,000 to 100 shares to change the trading unit of the Company's shares to 100.

Regarding these changes, it is proposed to establish a supplementary provision stating that such changes will take effect as of October 1, 2016, the effective date of the consolidation of shares, and to delete such provision upon the lapse of said date.

The following are details of the Amendments.

1. Mr. Motonobu Sato and Mr. Nobuo Mochida are candidates for Outside Director. The Company has appointed Mr. Sato as an Independent Director as prescribed by the Tokyo Stock Exchange and the Nagoya Stock Exchange and submitted a notification of the appointment to both Exchanges. The Company also plans to appoint Mr. Mochida as an Independent Director as prescribed by the Tokyo Stock Exchange and the Nagoya Stock Exchange and submit a notification of the appointment to both Exchanges.
 2. During Mr. Sato's service as an Outside Director of the Company, inappropriate accounting treatment by FINE CRYSTAL CO., LTD., a consolidated subsidiary of the Company, was revealed. Although Mr. Sato had not recognized such fact until it was revealed, he expressed his opinions on measures to be taken to prevent a recurrence of such events, as with his usual statements from the viewpoint of legal compliance.
 3. Hitachi Cable, Ltd., which Mr. Mochida had served as an Outside Director until June 2013, had committed a violation of the Antimonopoly Act since February 2, 2012 at the latest. In this regard, Hitachi Metals, Ltd., which absorbed Hitachi Cable, Ltd. (the effective date of the absorption was July 1, 2013), was ordered by the Fair Trade Commission to pay a fine for said violation on December 20, 2013. In addition, Hitachi Metals received a partial business suspension order on April 10, 2014, pursuant to the Construction Business Act. If the appointment of Mr. Mochida is approved, the Company will conclude the same limited liability agreement with him.

Proposal 5: Election of 2 Corporate Auditors

The term of office of Corporate Auditor Mamoru Kawakami will expire at the conclusion of this year's Annual General Meeting of Shareholders. In addition, Corporate Auditor Hisao Iwashita will resign at the conclusion of this General Meeting of Shareholders. It is therefore proposed to elect 2 Corporate Auditors.

This proposal has already gained the consent of the Board of Corporate Auditors.

The candidates for Corporate Auditor are as follows:

No.	Name (Date of birth)	Past experience, positions and significant concurrent positions	Number of shares of the Company held	Special interests with the Company

<p>[Reasons for nomination as Corporate Auditor] Due to his experience as a corporate auditor, in addition to that of marketing, planning and other operations at financial institutions, Mr. Itaru Masuda is expected to offer audit opinions from a neutral and objective standpoint and is therefore nominated for the position of Outside Corporate Auditor.</p> <p>[Independence of the candidate for Outside Corporate Auditor] Mr. Itaru Masuda is from a financial institution with which the Company has business transactions. However, the Company's loans payable at the end of the latest fiscal year accounts for as little as about 18% of its total assets. Moreover, because the Company has promoted the distribution and leveling of its transactions among more than one financial institution, the Company's loans payable to said financial institution at the end of the latest fiscal year account for 9.8% of its total loans payable, a level that is not remarkably higher compared to other financial institutions. Sumitomo Mitsui Trust Bank limited is a stock holder of the Company and has 2.2% of shareholder voting rights. Therefore, Mr. Masuda satisfies the Company's Criteria of Independence for Outside Officers (on page 53) and it can be judged that he has the necessary independence to be an Outside Corporate Auditor.</p>				

- (Notes) 1. Mr. Itaru Masuda is a candidate for Outside Corporate Auditor. The Company intends to appoint Mr. Masuda as an Independent Auditor as prescribed by the Tokyo Stock Exchange and the Nagoya Stock Exchange and submit a notification of the appointment to both Exchanges.
2. Pursuant to Article 427, Paragraph 1, of the Companies Act and Article 36 of the Company's Articles of Incorporation, the Company concludes a limited liability agreement with each Corporate Auditor to limit the liability for damages prescribed in Article 423, Paragraph 1, of the Companies Act. The maximum amount of liability for damage under the agreement is equal to the amount prescribed by applicable law. If the appointment of Mr. Akira Kadota and Mr. Itaru Masuda is approved, the Company will conclude the same limited liability agreement with each of them.
