[\[Reasons for Non-compliance with the Principles of the Corporate Governance Code\]](#) **[Updated]**

Disclose Business Plans (Principle 3.1(i))

The Company is currently formulating K20, a mid-term plan that will begin in FY2017, and it is to disclose after K20 is formulated. A targeted direction is as follows.

In order to fulfill the role of a leading company and increase corporate value,

1. Insist on sustainable growth

- Continuously increase net sales and profits
- Prioritize profits over sales expansion
- Advance the post-deflation growth model and proactively invest in M&A
- Create and propose profitable businesses

2. Provide sustainable returns to stakeholders

- To employees: Continuously increase compensation and benefits
- To society: Pay taxes, provide employment and conduct social contribution

activities

- To shareholders: Continuously increase cash dividends

FY2016 is a year of preparation for a mid-term plan K20, and the Company discloses as follows.

1. Achieve the forecast and a seventh consecutive fiscal year of growth in net sales and profits*

- Further expand growing businesses
- Get poorly performing businesses onto a growth trajectory
- Proactively launch new and improved products
- Accelerate growth of the Consumer Products Business in Asia

* Excludes the impact of the change in financial term in 2012 and the application of IFRS from the first quarter of 2016.

2. Launch full preparations for businesses that will drive future growth

- Execute major reforms in the cosmetics business (Start at Kanebo Cosmetics this year following Kao Sofina last year)
- Rebuild Healthya functional drinks and prepare for entrance into food- and health-related businesses
- Prepare for “discontinuous growth” of the Consumer Products Business in Americas and Europe
- Create businesses in bordering areas including hygiene
- Expand and create businesses with proactive M&A

Ensure Adequate Coordination with External Accounting Auditor and Outside Directors (Principle 3.2.2 (iii))

The Company expects Audit & Supervisory Board Members, including Outside Audit & Supervisory Board Members, to fulfill the role of coordination with the external Accounting Auditor as contact points on the Company's side, and the external Accounting Auditor's views, issues and other matters are shared with the members of the Board of Directors, including the Outside Directors, through the Audit & Supervisory Board Members. In the course of such information sharing, if the members of the Board of Directors judge it necessary, they ensure efficiency and adequate coordination by establishing opportunities for direct exchange of information with the external Accounting Auditor.

Regular Exchange of Information Solely among Independent Outside Directors (Principle 4.8.1)

To promote discussions from diverse perspectives, independent Outside Directors and Outside Audit & Supervisory Board Members hold meetings exclusively for independent outside members on their own initiative at intermissions of Meetings

of the Board of Directors or by setting up separate opportunities to exchange information and share awareness of issues related to the Company's management and the activities of the Board of Directors, development of future Senior Management, and other matters. Given the current situation of having good communications, ad hoc meetings among independent outside members are considered more appropriate for such communication than regular meetings scheduled by the Company. Also, a newly appointed member who attended the meeting expressed his view that he was reassured by the fact that outside members can make their proposals directly to the Company through frank exchanges of opinions undertaken at the meeting.

4. Basic position and policy on corporate governance (Principle 3.1(ii), Principle 4.9)

(1) Basic position on corporate governance

The Company’s basic stance on measures related to corporate governance is to implement the necessary policies and fulfill its accountability by setting up and

operating a management structure and internal control system in order to rapidly realize efficient, sound, fair and highly transparent management with the aim of continuously increasing corporate value and achieving the long-term targets and mid-term plan (hereafter, the “Business Strategies”). This is positioned as one of its most important management tasks. The Company conducts annual reviews and implements appropriate measures while integrating social trends and responding to the requests of our shareholders and all other stakeholders.

(2) Roles and Duties of the Board of Directors, etc. (Effective Utilization of the Diversity of Members of the Board of Directors, Audit & Supervisory Board Members and Executive Officers)

In order to properly carry out the formulation of the Business Strategies including the improvement of profitability and capital efficiency, their execution, and the supervision and audit of execution, it is extremely important to place persons with the diverse experience and knowledge, high level of expertise and insight necessary for these purposes in a well-balanced fashion as the Directors and Audit & Supervisory Board Members who attend the Board of Directors meetings and as the Management that lead execution. By doing so, the Company believes it can raise the level of management by enabling each to properly fulfill their respective roles and duties as follows:

1. The members of Management, who have diverse experience and knowledge regarding the operation of each of the Kao Group’s businesses and divisions, conduct discussions based on their understanding of the business environment in which the Company operates and the strengths and issues of the Kao Group to create proposals for the Business Strategies. In the event that consideration from more diverse perspectives, including evaluation of risks, is appropriate when planning and otherwise dealing with Business Strategies, the members of Management strive to utilize external experts.

2. Inside Directors and Full-time Audit & Supervisory Board Members who are familiar with the status of the Kao Group’s management and businesses, its strengths and issues, and other matters, and Outside Directors and Outside Audit & Supervisory Board Members with diverse experience and knowledge of business and other areas, a high level of expertise and insight, and a neutral, objective perspective deliberate from their diverse perspectives, including evaluating risks, at Board of Directors meetings and make decisions on proposed Business Strategies submitted by the Management.

3. The members of Management quickly and properly execute the Business

Strategies utilizing their respective diverse experience and knowledge.

4. Each year, the members of Management ascertain changes in the business environment that forms the premises of the Business Strategies, consider the status of progress of the strategies, issues in their achievement and response to such issues, the necessity of changes to the strategies and other matters and report to the Board of Directors.

5. In response to the above report from the members of Management, the Outside Directors and Outside Audit & Supervisory Board Members through their diverse perspectives supervise and audit whether the Business Strategies have been executed properly and makes decisions on the necessity of changing the Business Strategies and other matters at the Board of Directors meetings.

(3) Effective Utilization of Independent Directors and Audit & Supervisory Board Members, etc. (Principle 4.10.1)

To conduct examinations from an objective perspective independent from the Management, the Committee for the Examination of the Nominees for the Members of the Board of Directors, which examines candidates for Director, including for President and Chief Executive Officer, and the Compensation Advisory Committee, which examines the compensation system and remuneration levels of Members of the Board of Directors and Executive Officers, both include all independent Directors and independent Audit & Supervisory Board Members, Outside Directors and Outside Audit & Supervisory Board Members (hereafter, the “Independent Directors and Audit & Supervisory Board Members, etc.”).

(For further details regarding the Standards for Independence, please see http://www.kao.com/jp/en/corp_imgs/corp_info/governance_002.pdf.)

(For information concerning appointment of Independent Directors and Audit & Supervisory Board Members, etc., please see “Outside Directors’ Relationship with the Company (2)” in “Directors” below, as well as “Outside Audit & Supervisory Board Members’ Relationship with the Company (2)” in “Audit &

Supervisory Board Members” below.)

(4) Non-executive Director as Chairperson of the Board of Directors (Principle 4.6)

To more thoroughly separate execution and supervision, the Company uses a structure in which a non-executive Director serves as Chairperson of the Board of Directors.

(5) Company with an Audit & Supervisory Board

The Company has chosen to be a company with an Audit & Supervisory Board for the following reasons.

1. In addition to Outside Directors that include people with management experience, Outside Audit & Supervisory Board Members that include lawyers, certified public accountants and people with academic experience further increase the diversity of the Board of Directors by expressing opinions with a high level of expertise and insight and are useful for proper deliberation and supervision and audit of execution.

(For the Company’s stance on nomination of Outside Directors and Outside Audit & Supervisory Board Members, please see “7. Stance on Balance among Knowledge, Experience and Skills, and on Diversity and Size of the Board of Directors” below.)

2. Unlike in companies with a nominating committee and other committees or an audit committee, Audit & Supervisory Board Members with an independent perspective who do not concurrently serve as Directors enable objective audits of the execution of duties because they do not have the right to vote at Board of Directors meetings. In particular, independent Outside Audit & Supervisory Board Members enable audits from a perspective that is more independent from the Management.

3. Ability of Full-time Audit & Supervisory Board Members to Collect Necessary Information for Audits

The Company will develop a structure to promote constructive

communications with shareholders, and create opportunities to communicate with institutional investors and individual shareholders. In communication with shareholders, the members of Management participate to the extent possible in order to reflect the opinions of the shareholders in management properly. Pertaining to information of the Kao Group which is the basis for communication with stakeholders, the Company established Disclosure Guidelines, and is committed to timely, accurate and fair disclosure of information and proactively discloses information of social relevance as well as information which it is obligated to release publicly.

(For further details regarding IR Related Activities, etc., please see “14. Policy Concerning Measures and Organizational Structures to Promote Constructive Dialogue with Shareholders” and “2. IR Activities” in “III Implementation of Measures for Shareholders and Other Stakeholders” below.)

(For further details regarding Disclosure Guidelines, please see http://www.kao.com/jp/en/corp_ir/disclosure.html)

(7) Basic Strategy for Capital Policy

The Company’s capital policy follows a basic strategy of securing a sound financial structure to make investments for sustainable growth and tolerate the related risks, and to make stable, continuous returns to shareholders. To realize this policy, the Company uses EVA®, a management indicator that takes capital cost into account, as its main indicator, and works to enhance its corporate value by improving EVA®. The Company intends to optimize capital cost from the viewpoint of safety and capital efficiency. For equity, the Company aims for a streamlined and sound structure from a medium-to long-term perspective with efficiency in mind and, while maintaining interest-bearing liabilities at a moderate level, aims to obtain high credit ratings, which will allow it to procure capital for large-scale investments. Although the Company emphasizes shareholder returns, it realizes that investment for growth will meet the expectations of its stakeholders, and therefore prioritizes such investment. In addition to providing stable dividends, the Company aims to continuously increase dividends to reflect improvement in business results. The Company also uses surplus funds to flexibly conduct share repurchases. In addition to making returns to shareholders, the Company retains the capital necessary to conduct investments for growth in a timely fashion and to ensure sufficient soundness to deal with situations that exceed assumptions while improving EVA®.

5. Scope of Matters Delegated to the Management (Principle 4.1.1)

The Company has established the regulations of the Board of Directors and deliberation and reporting standards for the Board of Directors and the Management Committee to clearly set forth the matters to be deliberated on and reported at Board of Directors meetings and the matters to be delegated to the Management Committee, which is the highest executive decision-making body.

As set forth in 4-(2) above, the purpose of these regulations and standards is to realize the separation of supervision and execution by mainly having the Board of Directors conduct deliberations from various perspectives, including evaluation of risks, and deciding on the medium-to-long-term direction of management in the Business Strategies and, regarding the execution of the Business Strategies, delegate wide-ranging authority to the Management Committee, which is mainly composed of members with the position of Managing Executive Officer or higher who have abundant experience in business execution as persons responsible for core businesses or divisions, to accelerate decision-making and management. The Management Committee, in turn, is expected to conduct proper supervision by making clear the matters to be reported to the Board of Directors.

For example, the following matters have been set forth as requiring deliberations by the Board of Directors.

- Direction of management, etc.: Basic management policies, basic business strategies, key investment strategies, mid-to-long-term plans and annual budgets
- Nomination or dismissal of key employees: Nomination or dismissal of Executive Officers, key persons in charge of organizations for which such Executive Officers are responsible, and key chairpersons of companywide committees in charge of corporate governance, compliance or other matters

Purchases of assets through merger and acquisition, investment or other means and large debts including borrowings and the issuance of corporate bonds are decided by the Management Committee, in principle. However, among these matters, extremely important items or items involving large outlays are submitted to the Board of Directors.

6. Policy on Nomination of Director and Audit & Supervisory Board Member Candidates and Senior Management (Principle 3.1(iv))

The Directors and Audit & Supervisory Board Members who attend the Board of Directors meetings deliberate on the appropriateness of the Business Strategies, the risks related to their realization and other matters in an objective and multifaceted fashion. They also supervise and audit the status of execution. To conduct these tasks, the Company considers it important that parties from inside

Consequently, the Company nominates the appropriate Directors and Audit & Supervisory Board Members to realize this objective.

In accordance with the above policy on nomination, the Company ensures diversity and a balance among the knowledge, experience and skills of the Board of Directors as a whole as follows. In addition, the Company sets the appropriate size of the Board of Directors in consideration of the simplification of the Board of Directors to accelerate decision-making for dealing with business expansion and other matters, and the balance of diverse personnel required to conduct the proper deliberations and supervision of execution, premised on the delegation of responsibility to appropriately placed Executive Officers.

Examples include experience,

including global experience, managing a company that provides products and services in a different field from the Company, and consulting or academic experience. In addition, the Company aims to have Outside Directors comprise approximately half of the Board of Directors to ensure its diversity and influence.

Full-time Audit & Supervisory Board Members are nominated with emphasis on the balance of business experience of each person to date and the knowledge gained therefrom, experience working overseas, and qualities that can ensure independence from persons executing business. The nominees are selected from inside the Company from persons involved in corporate management of accounting and finance, operation of business, the supply chain from R&D to production and sales and persons with overseas and other business experience.

Outside Audit & Supervisory Board Members are nominated with emphasis on a high level of expertise and insight from their experience as an lawyers, certified public accountant, academic or other profession, and their legal qualification in terms of being outside the Company and their independence. Moreover, the Company recognizes that, in addition to knowledge, experience and ability, the diverse perspectives of women, non-Japanese and others contribute to the promotion of business, global expansion and proper supervision and auditing, and promotes the appointment of such diverse personnel as Members of the Board of Directors, Audit & Supervisory Board Members and Executive Officers.

(For further details of the active participation of women, please see “Others Measures” in “Other” in “3. Measures to Ensure Due Respect for Stakeholders” in “III Implementation of Measures for Shareholders and Other Stakeholders” below.)

8. Procedures for the Nomination of Director and Audit & Supervisory Board Member Candidates and the Appointment of Senior Management (Principle 3.1(iv))

To objectively confirm that all Director candidates, including candidates for the Director who will become President and Chief Executive Officer, conform with the above policy and stance, the Company has a Committee for the Examination of the

Nominees for the Members of the Board of Directors, composed exclusively of all Independent Directors and Audit & Supervisory Board Members, etc. This committee also deliberates as necessary on the above nomination policies and other related matters.

With regard to nominees for Audit & Supervisory Board Members, the Audit & Supervisory Board, which includes three (3) independent Outside Audit & Supervisory Board Members as its members, examines the appropriateness and qualifications, etc. of each nominee, based on its independent and objective perspective and in accordance with the above-described policy and the policy of nominating nominees for Audit & Supervisory Board Members established by the Audit & Supervisory Board. Furthermore, with the consent of the Audit & Supervisory Board, the Board of Directors determines such nominees as the nominees for Audit & Supervisory Board Members to be presented in a proposal for the General Meeting of Shareholders.

With regard to Senior Management, the titles and responsibilities of all nominees of Executive Officers are reported to the Committee for the Examination of Nominees for Members of the Board of Directors and decisions are subsequently made by the Board of Directors.

(For further information concerning the Committee for the Examination of Nominees for Members of the Board of Directors, please see, in “Supplementary Explanation” in “Directors” in “1. 10. Details of Current Efforts to Effectively Use Independent Directors and Audit & Supervisory Board Members, etc.

(1) Status of Appointment of Independent Directors and Audit & Supervisory Board Members, etc.

(2) Chairperson of the Board of Directors (Principle 4.6)

In the current structure, an independent Outside Director acts as Chairperson of the Board of Directors as a measure to further increase the neutrality and independence of the Board of Directors.

(3) Communication and Cooperation among Independent Directors, Audit & Supervisory Board Members and Management (Principle 4.8.2)

The Chairperson of the Board of Directors takes the role of promoting communication and cooperation with members of Management and Audit & Supervisory Board Members. In addition, all the Audit & Supervisory Board Members, including the independent Outside Audit & Supervisory Board Members, and the Representative Directors hold meetings to exchange opinions multiple times during the year.

11. Analysis and evaluation of effectiveness of the Board of Directors taken as a whole and summary of the results thereof

On at least an annual basis, the effectiveness of the Board of Directors is evaluated by all of the Members of the Board of Directors and Audit & Supervisory Board Members at a meeting of the Board of Directors, and discussions are held based on such evaluation, by those present at the meeting, in order to make improvements aimed at enhancing the effectiveness of the Board of Directors.

Based on the idea that the roles and responsibilities of the Board of Directors must be shared by the entire Board of Directors, the Company believes that it is effective for all members who participate in meetings of the Board of Directors, including Audit & Supervisory Board Members, to express their own opinions and evaluate those opinions by engaging in free and open discussions. Evaluation of

effectiveness of the Board of Directors is therefore conducted through self-assessment.

<Details of Current Efforts>

At a meeting of the Board of Directors held in June 2016, the remarks, including following viewpoints, were presented by each of the seven Members of the Board of Directors and each of the five Audit & Supervisory Board Members

- (1) Efforts to address issues pointed out in last year's evaluation of effectiveness of the Board of Directors
- (2) Viewpoints that are particularly expected of boards of directors in the Corporate Governance Code
 - (i) Discussion of the broad direction of corporate strategy (General Principle 4)
 - (ii) Establishing an environment where appropriate risk-taking by the senior management is supported (General Principle 4)
 - (iii) Carrying out effective oversight of Directors and the management from an independent and objective standpoint (General Principle 4)
 - (iv) Constructive communication with shareholders and investors (General Principles 3 and 5)
- (3) General operation of meetings of the Board of Directors (proceedings, agendas, reports, materials, discussion, etc.) (Supplementary Principle 4-12 (1))
- (4) Future issues for the Board of Directors

The following is a summary.

- (1) Efforts to address issues pointed out in last year's evaluation of effectiveness of the Board of Directors

With regard to medium-to-long-term growth strategies, a review of the "Kao Group Mid-term Plan 2015 (K15)," which was completed in 2015, took place in a meeting of the Board of Directors. In addition, the details of discussions on the execution side regarding K20, the next mid-term four-year plan, which will start in FY 2017, are being reported to the Board of Directors in a timely manner. Those reports have been the basis for lively discussions including the direction of long-term targets beyond the period of the plan. A view is also shared that there is a need for more specific, deeper discussions on topics such as personnel strategy to increase the ability to execute mid-to-long-term business plans. Furthermore, positive steps are being taken, including establishment of special organizations, with regard to improvement of the business portfolio balance for profit generation, promotion of external cooperation for effective use of outside resources, and mergers and acquisitions for further growth. These initiatives are beginning to produce results.

(2) Viewpoints that are particularly expected of boards of directors in the Corporate Governance Code

(i) Discussion of the broad direction of corporate strategy

Under explicitly sharing the “Kao Way,” which expresses the vision of the kind of company Kao intends to be, the Board of Directors is discussing matters such as the broad direction for achieving K20 and the specific numerical targets and corporate governance structure to support them. The Board of Directors formulates annual themes for deliberation, which are composed with mid-to-long-term business plans in mind, and at the start of the meeting of the Board of Directors each month, representative directors including President and CEO report immediate and mid-to-long-term matters of concern in execution, changes and signs in the business environment, etc. and measures to respond to them, and appropriately link the broad direction with the most recent activities. The Members of the Board of Directors share the awareness that such discussions should be further enhanced.

(ii) Establishing an environment where appropriate risk-taking by the senior management is supported

Systems that enable appropriate risk-taking, including compliance, internal control, and risk and crisis management systems, are in place and are operating effectively. Outside Directors and Audit & Supervisory Board Members express pros and cons and points to consider in making investments after confirming the measurement of risks on the execution side and preparations against those risks. This contributes to the execution side moving plans forward with confidence while taking risks.

(iii) Carrying out effective oversight of Directors and the management from an independent and objective standpoint

Under the Chairman of the Board, who is a non-executive, independent Outside Director, lively discussions are undertaken that transcend the boundaries separating internal and external perspectives. Inside Directors are aware of and strive to incorporate these discussions in execution. Independent Outside Directors who have extensive management experience, full-time Inside Audit & Supervisory Board Members, who regularly have access to detailed and specific internal information, and Outside Audit & Supervisory Board Members, who have diverse experience and expertise, cooperate with each other. As a result, highly effective oversights are carried out based on objective opinions that are premised on timely and accurate information.

(iv) Constructive communication with shareholders and investors

The Management, including the President and Chief Executive Officer, proactively conducts IR activities. The Management directly provides explanations in their own words and engages in dialogue, and the Board of Directors receives feedback on the details, which enables interactive communication with investors.

Constructive communication between shareholders and the Members of the Board of Directors, Audit & Supervisory Board Members and Executive Officers is also conducted through question- and-answer sessions at the General Meeting of Shareholders and shareholder visits to Kao Group facilities. In all of these situations, dialogue is enabled by efforts to understand the other party.

(3) General operation of meetings of the Board of Directors (proceedings, agendas, reports, materials, discussion, etc.)

To allow for productive discussions at meetings of the Board of Directors, the Board of Directors Secretariat provides sufficient explanations by distributing materials on matters such as the background, purposes, and content of the respective agenda items prior to the meeting of the Board of Directors as necessary. Furthermore, announcements are kept to no more than half of the planned time of each presentation, and proceed so that adequate time is secured for questions and discussion. These improvements are recognized, but further measures are necessary with regard to the content of meeting materials and the methods of explanation.

(4) Future issues for the Board of Directors

With regard to personnel strategies, it is necessary to quickly begin taking measures now to discover and develop human resources for ten years in the future in order to expand business globally. Furthermore, incorporating diversity will require careful consideration of how to maintain and balance the rationality and company-wide speed and ability to focus that have been achieved through the permeation of the “Kao Way”. Another issue is placing additional focus on extension of compliance and internal controls to subsidiaries and sub-subsidiaries to aim for further growth, including globalization.

An evaluation of the auditing effectiveness of the Audit & Supervisory Board was also conducted.

At an Audit & Supervisory Board meeting held in February 2016, after conducting a recap of auditing in FY 2015, the attendees discussed and evaluated the activities of the Audit & Supervisory Board Members during the fiscal year. The opinion was expressed that, as a result of having numerous opportunities for information exchange with the Accounting Auditor and the promotion of cooperation with internal auditing divisions such as the Department of Internal Audit to increase the efficiency and effectiveness of auditing during the year, such efficiency and

effectiveness increased to a certain extent. In addition, it was confirmed that the Company would consider measures to further strengthen the auditing system by deepening coordination between the Accounting Auditor and internal auditing divisions in the future.

12. Measures for Directors and Audit & Supervisory Board Members to improve understanding and knowledge required to fulfill their roles and duties (Principle 4.14.2 “Training Policy for Directors and Audit & Supervisory Board Members)

The Company provides Directors and Audit & Supervisory Board Members with opportunities to improve their understanding of the Company's business and business environment and knowledge about corporate governance, etc and pays expenses which are required to fulfill their respective roles and duties. In particular, the Company provides Inside Directors and Full-time Audit & Supervisory Board Members with basic training as top management and auditors, knowledge regarding the Companies Act, corporate governance and related issues, useful information for observance of laws and regulations and for management, and other matters. Also, to deepen the understanding of Outside Directors and Outside Audit & Supervisory Board Members of the details and current status and other matters regarding the Kao Group's business strategies and businesses, the Company explains these matters at the time of inauguration and thereafter conducts tours of factories and business sites, explanations by the relevant officer and other measures as necessary.

< Details of Current Efforts >

- As future candidates for Director or Audit & Supervisory Board Member, participation by Executive Officers in training programs held by external institutions to acquire the skills and knowledge and attain the deep discernment required of top management
- Explanation of the Companies Act, corporate governance and related issues upon inauguration
- Explanation of the Business Strategies, details of businesses, operating structure and other matters upon inauguration
- Visits to main factories and major business sites, etc.
- Lectures to foster well-rounded character and insight as a top management
- Lectures on the Companies Act, corporate governance and other matters by experts and lectures on useful information regarding management by top management of other companies and knowledgeable persons
- Briefings on compliance, including prevention of insider trading

13. Policy and Procedures for Determining Remuneration for Members of the

Board of Directors and Senior Management

In order to ensure remuneration for Directors and Officers is an effective incentive, etc. for achieving business plans, the Company's fundamental position on remuneration of Members of the Board of Directors and Executive Officers is as follows: (1) a compensation system which attracts a diverse range of excellent candidates in order to establish and improve competitive advantages; (2) compensation which promotes continuous improvement of corporate value and shares interests in common with shareholders; and (3) a highly objective and transparent decision-making process regarding compensation.

The Company has a Compensation Advisory Committee composed of all the Independent Directors and Audit & Supervisory Board Members, etc. and all the Representative Directors to examine and evaluate whether the compensation system and remuneration levels for Directors and Executive Officers adequately match the abovementioned basic stance. The Company also deliberates as necessary on the abovementioned basic stance.

In addition, the Company will consider the appropriate global remuneration system for officer, managers and employees to promote global business expansion.

(For further information, please see "Disclosed Details of Policy for Determining Amount and Calculation Method of Remuneration" in "Remuneration for Members of the Board of Directors" in "II. Business Administration Organization for Managerial Decision-Making, Execution and Supervision, and Other Corporate Governance Structure" below.)

14. Policy Concerning Measures and Organizational Structures to Promote Constructive Dialogue with Shareholders (Principle 5.1)

The Company considers its shareholders and investors to be important stakeholders. It emphasizes constructive dialogue to raise corporate value, and considers it important to deepen mutual understanding of stances and standpoints and to adopt proper responses based on such understanding.

To contribute to realizing constructive dialogue with shareholders and investors to raise corporate value, the Company proactively discloses socially useful information about the Kao Group in addition to disclosures required by law. The Company established rules on information disclosure and the prevention of insider trading, conducts information disclosures fairly without selective disclosure to specified persons, clarified the obligation to maintain confidentiality of insider information, as well as regularly conducts education for their thorough implementation.

An investor relations division is in charge of measures for dialogue with institutional investors, and in addition to routine meetings with institutional investors inside and outside Japan, it conducts briefings and other presentations on summaries and the progress of the Business Strategies, the status of operating results and businesses, shareholder returns and other matters. The President and Chief Executive Officer and Management participate to the extent possible in order to have opportunities for direct conversations with institutional investors that enable dialogue for increasing corporate value from a long-term perspective, and to make it easier to reflect the results of the dialogues in management.

The content of questions and opinions received from institutional investors and other matters from the abovementioned briefings and other presentations are reported as required at meetings of the Board of Directors and of the Executive Officers for utilization in the future management of the Company.

A shareholder relations division is primarily in charge of measures for dialogue with individual shareholders, and conducts tours of factories and facilities that introduce details of the Company's businesses so that individual investors understand such details and hold the Company's stock with a longer-term perspective. Moreover, when conducting these initiatives, the members of Management participate to the extent possible in order to have opportunities for dialogue with shareholders. In addition, the Company regards the operation of the General Meeting of Shareholders as an opportunity for dialogue with its valued and important shareholders, and secures sufficient time for questions, among other measures.

In the future, in addition to explaining financial information, the Company intends to further enhance its explanation of non-financial information including its stance on corporate governance. To promote constructive dialogue with shareholders, relevant divisions including the investor relations division, accounting and finance division, legal and compliance division, and corporate strategy division will cooperate to consider and implement methods for explaining non-financial information such as publication on the Company's website and holding presentations, an organizational structure for dealing with dialogue with shareholders and other matters. Managers in charge of the investor relations division, the shareholder relations division and the corporate communications division, which integrates public relations, sustainability and other areas, will work together to integrate and promote these activities.

(For further details regarding IR Related Activities, etc., please see, in “III. Status of Measures Taken in Respect to Shareholders and Other Stakeholders” below, the section entitled “2. Status of IR Related Activities.”)

15. Policies for Cross-Shareholdings* and Standards for Exercise of Voting Rights (Principle 1.4)

The Kao Group holds the shares of other listed companies only in cases where it considers such shareholdings, including the number of shares held, to be reasonable in consideration of their necessity in terms of business activities such as maintaining and strengthening business alliances and transactions, trends in the issuing companies' stock, and other matters. These cross-shareholdings are subject to the impact of trends in stock markets and the business environment in which the Company operates. However, each year the Board of Directors ascertains the reasonableness of cross-shareholdings and reviews their continuance and the number of shares held.

The Company exercises the voting rights of cross-shareholdings after comprehensively determining whether the proposals contribute to the establishment of a proper corporate governance system and to increasing the medium-to-long-term corporate value of the issuing company, as well as their impact on the Company. The Company engages in dialogue with the issuing company on the details of the proposals and other matters as necessary.

< Details of Current Efforts >

Under the above policy, the Company has reviewed the purpose and size of its shareholdings for each issue of stock it holds, and worked to revise its holdings while engaging in dialogues and negotiations with business partners and others. As a result, the number of issues of cross-shareholdings the Company holds as of December 31, 2015 decreased to 74 from 83 as of December 31, 2014 (the total amount on the balance sheet increased from ¥9,384 million to ¥10,349 million due to an increase in share prices).

All voting rights at annual general meetings of shareholders held during 2015 by companies in which the Company holds shares were used to approve proposals, because there were no proposals that raised concerns of damage to the corporate value of the relevant company.

The above details were reported at the meeting of the Board of Directors.

*Cross-Shareholdings: There are cases where listed companies hold the shares of other listed companies for reasons other than pure investment purposes, for example, to strengthen business relationships. Cross-shareholdings here include

not only mutual shareholdings but also unilateral ones.

16. Procedures for Approval of Related Party Transactions (Principle 1.7)

To obligate Members of the Board of Directors, Audit & Supervisory Board Members, Executive Officers and employees of the Kao Group to act with priority on the interests of the Kao Group, the Company has established the “Kao Guidelines on Preventing Conflicts of Interest” after their approval by the Board of Directors. In cases where Directors and Officers, managers and employees of the Kao Group engage in transactions with the Kao Group on behalf of themselves or of a third party, these guidelines provide that a notification be submitted to the Compliance Committee Secretariat and that, depending on the details of the notification, the Compliance Committee Secretariat shall require notification of or approval from the Board of Directors, the Management Committee or the Compliance Committee Secretariat Meeting.

In addition to these guidelines, Directors obtain the approval of the Board of Directors in cases of self-dealing or transactions involving conflicts of interest pursuant to the Companies Act.

Because the Company has no major shareholders who hold 10% of more of its stock, the Kao Group has not established procedures for approval of transactions with major shareholders.

Supplementary Explanation

The Company has established the Committee for the Examination of the Nominees for the Members of the Board of Directors and the Compensation Advisory Committee which fulfill functions similar to the nominating committee and compensation committee of a “company with committees.”

To incorporate an independent and objective perspective, the Committee for the Examination of the Nominees for the Members of the Board of Directors consists exclusively of all Outside Directors and all Outside Audit & Supervisory Board

Members (five males and one female), with the chairman chosen by the members, and in FY 2015 an Independent Outside Director held the position. Prior to the election or re-election of Members of the Board of Directors (including Representative Directors), the Committee conducts examinations and submits its opinions of the nominees' appropriateness to the Board of Directors. The Chairman of the Board of Directors (the Chairman of the Board of Directors has been absent since the Board of Directors meeting held on March 28, 2014) and the President and Chief Executive Officer contribute by submitting necessary and sufficient documents for an examination (including a summary of the new management structure, incorporating a classification of duties of the Members of the Board of Directors and Executive Officers, in addition to materials related to the subjects of the examination) to each member of the Committee and work to enhance the examination by making arrangements such as creating opportunities for the Director nominees and the Committee members to meet beforehand. The Committee met three times in FY 2015, and in addition to examining the appropriateness of Director nominees, it discussed the composition and diversity of the Board of Directors, including the proportion of Inside Directors and Outside Directors, and the qualities and abilities required of the Chief Executive Officer and Members of the Board of Directors of the Company, among other issues, and reported the results of its examination to the meeting of the Board of Directors. The Compensation Advisory Committee consists of the Chairman of the Board of Directors and all Representative Directors to deepen the members' understanding of the Company's compensation system and responsibilities of each position, and all Outside Directors and all Outside Audit & Supervisory Board Members to incorporate an independent and objective perspective (eight males and one female), with the chairman chosen by the members, and in FY 2015 an Independent Outside Director held the position. The Committee conducts examinations by soliciting opinions on the compensation system and compensation standards for Members of the Board of Directors and Executive Officers, and met three times in FY 2015, including reconfirming and revising its basic stance on compensation for revisions in fiscal 2016. The results of the examination were reported at the meeting of the Board of Directors.

☐ Cooperation between Audit & Supervisory Board Members and the Accounting Auditor

At the start of the accounting audit for each fiscal year, the Audit & Supervisory Board Members receive from the Accounting Auditor an audit plan describing matters such as the fundamental audit policy, the major items and sites to be audited and the main contents of the audit. The Audit & Supervisory Board Members also exchange views with the Accounting Auditor regarding the contents of the audit plan.

In each quarterly settlement of accounts, the Audit & Supervisory Board Members receive from the Accounting Auditor, in the course of the quarterly audit conducted by the Accounting Auditor, reports on the main content of the audit and whether any material problem has been found in the audit so far conducted, and also exchange views with the Accounting Auditor. At the time when the Accounting Auditor submits a quarterly audit report to the Board of Directors of the Company, a quarterly audit report meeting is held, where the quarterly summary of the audit results are reported to the Audit & Supervisory Board Members by the Accounting Auditor.

Similarly, in the settlement of accounts for each fiscal year, the Audit & Supervisory Board Members have opportunities to mutually discuss with the Accounting Auditor the contents of their audits, in the course of the audit conducted by the Accounting Auditor. Furthermore, the Audit & Supervisory Board Members receive an audit report from the Accounting Auditor within the time frame prescribed by law, as well as a summary of the audit results, which are later used by the Board of Audit & Supervisory Board Members in preparing its audit report. The Audit & Supervisory Board Members also contact the Accounting Auditor whenever necessary to cooperate in forming their respective audit opinions.

☐ Cooperation between Audit & Supervisory Board Members and Internal Auditing Divisions

Audit & Supervisory Board Members regularly meet, on a quarterly or semiannual

basis, with Global Internal Audit and the Legal and Compliance Department, as well as the internal auditing divisions of the Company concerned with environment and safety, product quality management, risk management, and other areas, to hear about their activities and to exchange views. When necessary, Audit & Supervisory Board Members and these divisions provide each other with the information they have, which serves to deepen the cooperation and raise the levels of their respective audit activities.

--	-------------

Disclosure of Policy on Determining Remuneration Amounts and Calculation Methods
--

Policy on determining remuneration Amounts for 2016, as below, is determined after reviewing at the Compensation Advisory Committee held in 2015,

The Company's compensation system for Members of the Board of Directors, Audit & Supervisory Board Members and Executive Officers is aimed at (1) securing and retaining diverse and excellent personnel to establish and improve competitive advantages; (2) promoting prioritized measures for lasting increases in corporate value; and (3) sharing interests in common with shareholders.

Remuneration of Members of the Board of Directors, other than Outside Directors, and Executive Officers consists of base salary, a bonus as short-term incentive compensation, and stock options as long-term incentive compensation, and is designed to provide an impetus for continuing annual improvement in business results and medium-to-long-term growth. Linkage of

remuneration to business results increases with rank, based on the responsibility for duties and business results of each position. An overview of the components of remuneration is as shown below.

(1) Base salary

Paid as fixed monthly remuneration in an amount determined in accordance with duties as an Executive Officer and rank.

(2) Bonus as short-term incentive compensation

When the full amount is paid, the bonus is set at 50% of base salary for the President and Chief Executive Officer, 40% of base salary for the Chairman of the Board of Directors and Executive Officers with titles other than the Chief Executive Officer, and 30% of base salary for other Executive Officers. The rate of payment of the bonus is set within a range of 0-200%, depending on the degree of achievement of targets for net sales and income (gross profit less selling, general and administrative expenses), the degree of their improvement from the previous year, and the degree of achievement of the target for Economic Value Added (EVA), the Company's main management metric, which takes capital cost into account.

(3) Stock options as long-term incentive compensation

Set at around 30% of base salary for each position.

Compensation for Outside Directors, who are independent from the execution of business operations, consists of fixed monthly remuneration only.

The compensation system and compensation standards for Members of the Board of Directors and Executive Officers are examined by the Compensation Advisory Committee, which is chaired by an Outside Director, and determined by resolution of the Board of Directors from the standpoint of ensuring the objectivity and transparency of the determination process. The Compensation Advisory Committee is composed of the Chairman of the Board of Directors, all Representative Directors, all Outside Directors and all Outside Audit & Supervisory Board Members. Independent Directors and Audit & Supervisory Board Members constitute a majority of the members of the committee, which meets at least once a year during the remuneration adjustment period.

Compensation for Audit & Supervisory Board Members consists of fixed monthly remuneration. Compensation standards are determined at meetings of the Audit & Supervisory Board.

Compensation standards for Members of the Board of Directors, Executive

Officers and Audit & Supervisory Board Members are determined after ascertaining standards at other major manufacturers of a similar size, industry category and business type to the Company each year using officer compensation survey data from an external survey organization.

The Company has no retirement bonus system for Directors or Audit & Supervisory Board Members.

[Supporting System for Outside Directors and Outside Audit & Supervisory Board Members]

To allow for active discussions at meetings of the Board of Directors, the Board of Directors Secretariat provides Outside Directors with sufficient explanations by distributing materials on matters such as the background, purposes, and content of the respective agenda items, as necessary, prior to the meeting of the Board of Directors as necessary.

Furthermore, under this support system, administrative divisions such as Global Internal Audit, and the Legal and Compliance Department provide the Outside Audit & Supervisory Board Members with assistance upon the Outside Audit & Supervisory Board Members' request.

2. Matters on Functions of Business Execution, Auditing, Oversight, Nomination and Remuneration Decisions (Overview of Current Corporate Governance System)

☐ Outline of the Current Corporate Governance Structure

The Company has introduced, within the framework of a “Company with an Audit & Supervisory Board*,” the Executive Officer system in order to separate the supervision function from the execution function. Following the conclusion of the 110th Annual General Meeting of Shareholders held in March 2016, the Company has: seven (7) members of the Board of Directors, including three (3) Outside Directors (seven (7) out of seven (7) are male); five (5) Audit & Supervisory Board Members, including three (3) Outside Audit & Supervisory Board Members (four (4) out of five (5) are male and one (1) is female); and twenty-seven (27) Executive Officers, including five (5) Executive Officers, with the title of Senior Managing Executive Officer or Managing Executive Officer and without concurrent positions in the Board of Directors (twenty-five (25) out of twenty-seven (27) are male and two (2) are female). All Outside Directors and all Outside Audit & Supervisory Board Members maintain their neutrality,

independent from the Company's management. In order to improve the transparency and other aspects of discussions in the Board of Directors, an Independent Outside Director has become the chairman of the Board after the 108th Annual General Meeting of Shareholders held in March 2014. The term of office for Directors and Executive Officers is one year.

*For information concerning reasons for adopting a company with an Audit & Supervisory Board, please see "(5) Company with an Audit & Supervisory Board" in "4. Basic position and policy on corporate governance" in "Matters to be disclosed based on each principle of the Corporate Governance Code" in "1. Basic Position on Corporate Governance" in "Basic Position on Corporate Governance, Capital Structure, Corporate Attributes and Other Basic Information" above.

☐ Activity for strengthening the auditing function of the Audit & Supervisory Board Members

For improving the auditing effectiveness and strengthening the auditing function, the Company increased the number of its outside Audit & Supervisory Board Member by one from the 107th Annual General Meeting of Shareholders held in March 2013. Five Audit & Supervisory Board Members, including three Outside Audit & Supervisory Board Members who are independent from Kao's management, exchange opinions regularly with Representative Directors, attend the meeting of Board of Directors, the Management Committee and other important meetings, participate in regular Conferences by Audit & Supervisory Board Members of Domestic Group Companies, and share auditing information with the internal auditing division and the Company's Accounting Auditor. Audit & Supervisory Board Members also conduct hearings with internal divisions and our subsidiaries regularly or as necessary.

In addition, the accounting firm, Deloitte Touche Tohmatsu LLC as the Company's Accounting Auditor, ensures, in accordance with applicable laws, regulations, etc., that none of its employees who become involved in the audits of the Company will be involved in such audit for more than 7 accounting periods. The Company executed an audit contract with Deloitte Touche Tohmatsu LLC with respect to audits required under the Companies Act and the Financial Instruments and Exchange Law, and pays remuneration to the accounting firm in accordance with this contract. To ensure the reliability of disclosed information relating to the Company's financial results and audit quality, the Accounting Auditor formulates an audit plan and secures necessary

and sufficient time for audits. In addition, the Accounting Auditor conducts sufficient coordination, including holding regular meetings and exchange of information with the Executive Officer in charge of accounting and finance, the Audit & Supervisory Board Members and Department of Internal Audit, respectively.

The names of the certified public accountants (CPA) who engaged in the audit for FY2015 (ended December 31, 2015) and the composition of the assistants in the audit are as follows:

- Name of the CPAs engaged in the audit:

Designated Limited Liability Partner/Engagement Partner: Hiroshi Yoshida, Shigeo Kawashima, Yasushi Suzuki and Kenichiro Shiga

- Composition of assistants in the audit:

16 CPAs and 21 others

The election, reappointment and dismissal of the Accounting Auditor are appropriately evaluated and decided at the Audit & Supervisory Board meeting, after collecting information from the Company's finance and management divisions, internal auditing divisions and the Accounting Auditor, based on evaluation criteria established by the Audit & Supervisory Board, taking into account factors such as the existence of a cooperative network with partner auditors overseas made up of multiple accounting firms and the quality, expertise and independence of proposals and advice for resolving issues, accelerating the settlement of accounts and increasing audit efficiency. As a result, the Audit & Supervisory Board confirmed the suitability of the audit methods and results of the current Accounting Auditor, and resolved at a meeting in January to reappoint the current Accounting Auditor. This resolution was reported at the meeting of the Board of Directors in February.

☐ Summary of liability limitation agreements

According to Article 427, Paragraph 1 of the Companies Act and Articles of Incorporation of the Company, the Company entered into an agreement with each Outside Director and Audit & Supervisory Board Member to effect that the liability of each Outside Director or Audit & Supervisory Board Member under Article 423, Paragraph 1 of the Companies Act will be limited to the higher of: 10 million yen; or any amount prescribed by applicable laws and regulations.

3. Reasons for Adoption of Current Corporate Governance System

The Company has made continuous efforts to improve its corporate governance structure. The Company will continue to examine the issue of corporate governance structure improvement as part of its managerial challenges. The Company considers it appropriate to make efforts to improve its corporate governance structure through establishing the Committee for the Examination of the Nominees and the Compensation Advisory Committee , on the basis of its current structure as a “Company with an Audit & Supervisory Board*” which has the Board of Directors (consists of four (4) Inside Directors and three (3) Outside Directors) and the Audit & Supervisory Board (consists of two (2) Inside Audit & Supervisory Board Members and three (3) Outside Audit & Supervisory Board Members.)

☐ Matters Related to Outside Directors (Roles and Functions of Outside Directors)

The Outside Directors are expected to share, in the course of management of the Company, their considerable experience and expertise as a manager of a global manufacturing company or a major financial institution or a management consultant, and the Outside Directors fulfill the checking functions from neutral positions, independent of the Company’s management, to ensure that the managerial decisions of the Company are not biased by the views of its internal members. Also, an Independent Outside Director has become the chairman of the Board.

III. Implementation of Measures for Shareholders and Other Stakeholders

1. Measures to Vitalize the General Shareholder Meetings and Smooth Exercise of Voting Rights

	Supplementary Explanations
Early Notification of General Shareholder Meeting	To provide shareholders with sufficient time to examine agenda items, the Company sends a convocation notice approximately one month prior to the Annual General Meeting of Shareholders every year. The Company posted the convocation notice for the 110th Annual General Meeting of Shareholders on the online Timely Disclosure Network of the Tokyo Stock Exchange and on its website on February 24, 2016 before the date of dispatching. It was dispatched on February 29, 2016, 25 days before the date of the meeting (March 25.)

Furthermore in order to encourage the exercise of voting rights by the foreign shareholders, who hold close to 50% of the Company's total shares, the Company conducts surveys on shareholders who actually own the shares and provides them with the summary of the notice of Annual General Meeting of Shareholders in English. The Company also encourages the exercise of voting rights by Japanese Institutional Investors at analyst meeting and interviews for full-year financial results.
Providing Convocation Notice in English	English translation (summary) of the convocation notice is published on the Company's website on the same day as Japanese.
Other	<p><Determination of an Appropriate Date for the Annual General Meeting of Shareholders></p> <p>The Company decides on a date for its Annual General Meeting of Shareholders within the three-month period after the fiscal year-end by designing a schedule premised on providing sufficient time for deliberation by shareholders who have received a convocation notice and ensuring a sufficient number of days for an audit of the financial statements by the Accounting Auditor then considering factors including securing an assembly hall with the capacity to hold the attendees and days when members of the Board of Directors and Audit & Supervisory Board Members, including Outside Directors/Audit & Supervisory Board Members, and Executive Officers can attend.</p> <p><Providing Appropriate Information to Shareholders></p>

The Company works to enhance the content of its convocation notices for Annual General Meetings of Shareholders by conducting regular revisions to proactively incorporate information considered conducive to appropriate judgments by shareholders, in addition to items required by law. Also, it provides institutional investors and others with explanation as necessary. At the Annual General Meeting of Shareholders, the Company provides shareholders with easy-to-understand explanations of the main parts of the business report, major issues and the medium-to-long-term outlook using projected images (an approximately 40-minute explanation in the previous fiscal year) and a thorough question-and-answer session (questions from 13 persons in an approximately 90-minute session in the previous fiscal year). The Company also provides opportunities for shareholders who desire to make the acquaintance of Directors and Audit & Supervisory Board Members and Executive Officers to do so after the close of the Annual General Meeting of Shareholders.

<Response in the Event a Considerable Number of Votes are Cast against a Proposal by the Company>

For proposals against which a considerable number of votes have been cast at the Annual General Meeting of Shareholders, after conducting an analysis of the causes, including confirmation of matters such as benchmarks for the exercise of voting rights by institutional investors, the Company works to gain understanding of its stance through explanations to institutional investors by sending letters or conducting direct dialogues. In addition, the Company takes the advice and opinions of institutional investors seriously, and uses them to reconsider and improve items related to such proposals against which votes were cast.

<Delegation of Powers of the Annual General Meeting of Shareholders to the Board of Directors>

The Company enables the delegation of certain powers of the Annual General Meeting of Shareholders, such as issuing an interim dividend and exempting members of the Board of Directors and Audit & Supervisory Board Members from liability, to the Board of Directors. Such delegation is premised on the attendance at Meetings of the Board of Directors (seven members of the Board of Directors and five Audit & Supervisory Board Members) of the six outside members, who consist of three Outside Directors, including three Independent Outside Directors, and the three independent Outside Audit & Supervisory Board Members, representing half of attendees, thus maintaining a structure for conducting checks from

IV. Matters Related to the Internal Control System

1. Basic Views on Internal Control System and the Progress of System Development

[Basic Policy Regarding the Internal Control System]

The Company has established an Internal Control Committee chaired by the President and CEO. An important task of the committee is to develop a management structure, organization and system that facilitates legally compliant, efficient, sound and highly transparent management that aims to consistently increase corporate value, and for this objective, the Company implements the following systems:

- (1) A system to ensure that execution of duties of Members of the Board and employees of the Company and its subsidiaries conforms to laws and the Articles of Incorporation

Members of the Board, Executive Officers and employees of the Company and its subsidiaries (Kao Group) should act with integrity based on "Kao's Business Conduct Guidelines (BCG)," which govern compliance with laws, the Articles of Incorporation, internal rules and social ethics. The Compliance Committee, chaired by the Member of the Board in charge of compliance, promotes Kao Group's compliance as a whole. On the basis of the provision of BCG which declares Kao's position to reject any relationship with anti-social forces, the Company promotes cooperation with governmental agencies etc. and collection

and management of information regarding anti-social forces and establishes and maintains its internal system. Monitoring by the Department of Internal Audit as well as notices and reports to the Compliance Reporting Hotline from concerned parties in and outside the Company enable Kao to quickly gauge the state of compliance, work to quickly resolve any issues that arise, and take appropriate steps to prevent the recurrence of similar cases.

(2) A system for retention and management of information concerning Members of the Board's execution of their duties

Information (minutes, decision records and their relevant materials, account books and records, and other information and the like) related to the Members of the Board's execution of their duties is properly retained and managed according to the document retention and management policies and other related policies. The Members of the Board, Audit & Supervisory Board Members and employees designated by them may access such information at any time.

(3) Rules and other systems concerning management of risk of losses by the Company and its subsidiaries

With regard to the risk of losses, the Company regards potential negative impact on management targets and business activities as "risks" and the manifestation of such risks as a "crisis," and has established systems for appropriate risk and crisis management. Based on the Risk and Crisis Management Policy, the Risk & Crisis Management Committee, chaired by the member of the Board of Directors or Executive Officer in charge of risk and crisis management, ascertains the progress of cross-divisional Company-wide risk management and establishes a plan for the preparation and application of risk and crisis management activities. Based on this policy and plan, departments concerned with risk or subsidiaries and affiliates appropriately manage risk by ascertaining and assessing risks, formulating and implementing necessary countermeasures, and other activities. In addition, after deliberation by the Management Committee, the President and Chief Executive Officer specifies major Company-wide risks as corporate risk and appoints a person to appropriately manage such risk. When a crisis occurs, the Company responds promptly by establishing an organization for countermeasures centered on this person in charge for corporate risk, and on departments concerned with risk or subsidiaries and affiliates for other types of risk. In addition, depending on the magnitude of the impact on the Group as a whole, the Company also

establishes a countermeasures headquarters with the President and Chief Executive Officer or other person as its general manager. Management of the abovementioned risks and crises is reported to and discussed at the Meeting of the Board of Directors or the Management Committee on a regular basis as well as in a timely fashion whenever necessary.

- (4) A system to ensure that Members of the Board of the Company and its subsidiaries efficiently execute their duties

After determining the direction to be focused on in a mid-term business plan, the Board of Directors reflects such direction in the mid-term plans of each department and subsidiary. The mid-term plans are reviewed annually by the Board of Directors and the Management Committee, and necessary adjustments are made in response to the progress of the plans and changes in the business environment. The Management Committee reviews, monthly or whenever appropriate, the progress of the revenue and expenditure plan and other important business plans of each division and subsidiary, extracts the main issues and then implements measures in response. In order to separate supervision and execution functions and to ensure the effectiveness of these functions and to accelerate execution, the decision rules for the Board of Directors and the Management Committee including items that arise from subsidiaries are established and reviewed as necessary.

- (5) A system to ensure the appropriateness of business operations in the Company and its subsidiaries

The Internal Control Committee and related committees promote various policies to make sure that the business activities of the Kao Group conform to laws and the respective Articles of Incorporation.
