# Announcement regarding Capital Business Partnership between Fuji Machine Manufacturing Co., Ltd., and Asahi Intecc Co., Ltd.

We are pleased to announce that Fuji Machine Manufacturing Co., Ltd. (headquarters: Chiryu, Aichi; president & CEO: Mr. Nobuyuki Soga; hereinafter called "Fuji") and Asahi Intecc Co., Ltd. (headquarters: Nagoya, Aichi; president & CEO: Mr. Masahiko Miyata; hereinafter called "Asahi Intecc") have agreed to form a capital business partnership for joint-development of the next generation of medical devices in the catheter intervention field.

## 1. Objective and contents of this capital business partnership

A. Capital business partnership goals

Fuji is one of the world's leading industrial robot manufacturers and manufactures and sells robotic mounter and machine tools with robotic transfer systems. Fuji has a world top share in robotic mounters. Fuji has been advancing Fuji Smart Factory with release this year of Nexim which promotes IoT and M2M in production lines.

Asahi Intecc has been utilizing its own technology such as stainless steel processing to develop, manufacture, and market medical devices such as catheter interventions. Asahi Intecc has a top share in Japan in PTCA guide wires used for circulatory system catheter interventions. Asahi Intecc also has acquired a high share in the global market as well.

At this time, we have decided to cooperate to perform joint research and development for creating next generation medical devices in the catheter intervention field by utilizing the various technical and information strengths of both companies from their respective fields. This capital cooperation will enhance joint research and development in terms of quality and efficiency.

## B. Capital cooperation contents

Both companies have agreed to capital cooperation by each maintaining common stock worth an equivalent amount of money.

Both companies will acquire said stock for a total amount of approximately 500 million Japanese yen from the market over the period from November 14, 2016 to the end of March 2017.

Note: On January 1, 2014, a 2-for-1 stock split was implemented and on August 1, 2015, a 2-for-1 stock split was implemented. Due to this, for the period ending June 30, consolidated net assets per share, consolidated profit per share and dividend per share were calculated assuming that the shares were split.

#### 3. Future outlook

We consider that this capital business partnership will have a slight impact on the consolidated results for Fuji for the fiscal year ending March 31 2017, and for the consolidated results for Asahi Intecc for the fiscal year ending June 30, 2017. However, we consider that this will improve the performance and corporate value of both companies in the medium to long term.
