

## JRF Receives “CASBEE for Building” Certifications

Japan Retail Fund Investment Corporation (“JRF”) announced that four of its properties (AEON MALL Yamato, Ario Otori, AEON MALL Kobe Kita and AEON MALL Sapporo Naebo) acquired, in February, 2017, CASBEE’s S rank (the highest ranking out of four levels) for building certification from the CASBEE certification board, which is recognized by the Institute for Building Environment and Energy Conservation.

### 1. Background of Acquisition of Certifications

JRF has been promoting environmental and energy conservation measures as well as the efficient use of energy in its properties in an effort to strengthen environmental consciousness and reduce environmental load. JRF focuses exclusively on retail properties, and has been making environmental efforts in cooperation with tenants in its properties.

As part of efforts for acquiring external evaluation on such initiatives, we received CASBEE for Building certifications, which are evaluation indexes in which a third-party organization evaluates and certifies the accuracy of the evaluation of buildings performed by CASBEE, and which was released in May 2012. Certification for AEON MALL Yamato was acquired jointly with the tenant, AEON MALL Co., Ltd.; for Ario Otori jointly with the tenant, Ito-Yokado Co., Ltd.; for AEON MALL Kobe Kita jointly with the quasi co-owner of the trust beneficiary right in real estate, DREAM Private REIT Inc., and the tenant, AEON MALL Co., Ltd.; and for AEON MALL Sapporo Naebo jointly with the tenant, Aeon Hokkaido Co., Ltd..
