Proposals and References

Proposal 1: Distribution of Surplus

The Company views return of profits to its shareholders as one of its most important policies. Concerning dividends, while securing funds for research and development, capital investment, etc., that are necessary for future growth, the Company's basic policy is to implement dividends according to business results in a stable and continuous manner from a medium- to long-term viewpoint. Specifically, when determining dividends, the consolidated dividend payout ratio is emphasized, taking into consideration cash flow conditions.

Matters concerning year-end dividends

Concerning year-end dividends for the fiscal year under review, the Company proposes dividends of 5.00 yen per share (10.00 yen per share when combined with previously paid-out interim dividends).

- (1) Type of dividend property
Cash
- (2) Matters concerning the allotment of dividend property to shareholders and the total amount
5.00 yen per common share of the Company
Total amount: 2,658,215,665 yen
- (3) Effective date of distribution of surplus
June 26, 2017

 - b. A person to which any of the items in Item (2) applies (excluding unimportant employees and affiliated persons)
2. Even in the event that the previous conditions are not met, if it is the case where it can be determined that there will be no conflicts of interest between the person to be appointed as Outside Board Member and general shareholders, and if the decision is unanimous among all Outside Board Members that satisfy the previous conditions, only in cases where the conditions of the Companies Act are met, the person may be appointed as an Outside Board Member. In this case, reasoning for the application and rationale, etc., for the appointment will be made clear in the Reference Documents for the General Meeting of Shareholders, Securities Report, etc.

**Proposal 3 : Continuation of Countermeasures to Large-Scale Purchases of The Company's Shares
(Takeover Defense Measures)**

The Company had resolved, in the meeting of the Board of Directors of the Company held on February 5, 2008, to introduce countermeasures to Large-scale Purchases of the Company's shares, which were approved thereafter at the Company's 109th annual General Meeting of Shareholders held on June 27, 2008. Most recently, the shareholders of the Company approved the continuation of the said policy at the Company's 115th annual General Meeting of Shareholders held on June 25, 2014 (hereinafter, the continued policies are referred to as the "Current Policy").

Since the term of the Current Policy will expire as of the close of this year's annual General Meeting of Shareholders (hereinafter referred to as the "Annual General Meeting of Shareholders"), the Company has reviewed the Current Policy including the necessity of its continuation, considering the change in the social and economic situation, the trend of discussions concerning takeover defense measures and other factors, as well as the viewpoint of securing and enhancing the corporate value and common interest of the shareholders of the Company.

As a result of such review, the Company determined that the Current Policy is still valuable from the viewpoints including (i) ensuring that the shareholders are provided with sufficient information and securing sufficient time for negotiations; and (ii) promoting the deterrent effects against abusive Large-scale Purchases of the Company's shares. The continuation of the Current Policy with some revisions of the statements therein subject to approval of the Annual General Meeting of Shareholders, was resolved in the meeting of the Board of Directors of the Company held on April 28, 2017.

Major revisions to Current Policy are as follows (hereinafter, the policies with the revisions are referred to as "this Policy"):

- (i) Necessary revisions corresponding to the formulation of Medium-term Management Plan "NTN100".
- (ii) Clarification that in the case of implementing the countermeasure, the Company shall not pay any financial compensation such as money for acquisition of share options held by Large-scale Purchasers.
- (iii) Editing revisions to wordings, etc..

In accordance with Article 15, Paragraph 1 of the Company's Articles of Incorporation, the Company proposes Annual General Meeting of Shareholders that the shareholders of the Company approve this Policy.

The content of this Policy is as follows.

I. CORPORATE VALUE OF THE COMPANY: OUR CONCERTED DRIVE TO ENSURE AND ENHANCE THE COMMON INTEREST OF THE SHAREHOLDERS

The NTN Group's corporate philosophy is "to contribute to international society by creating new technologies and developing new products (For New Technology Network)." Based on compliance with laws and regulations, fairness and honesty, the Group carries out business activities appropriate for an international company by creating unique technologies, improving customer satisfaction and promoting globalization as well as aiming to reduce its burden on the environment and construct a resources recycling society. We consider that it is our most important mission to maximize corporate value for our shareholders, customers, employee, local communities, and other stakeholders through continuous sound corporate activities based on the foregoing.

The Company will celebrate the 100th anniversary in March 2018. In order to continue growing in the next 100 years the Company has defined "Our vision" as follows:

- (i) A company where its corporate philosophy is understood by all employees around the world and where all employees think and act for themselves.
- (ii) A company with original new products and services, appreciated for its high quality and functions, and has a global presence.
- (iii) A company where everyone involved with NTN is able to be proud of the "NTN" brand.

In the April 2015-March 2018 Medium-term Management Plan "NTN100" that started in April 2015 we deem the three years as the period for implementing transformation and building the foundation aimed at realizing "Our Vision". In this period we will work in accordance with the three basic policies: "Manage Growth" to concentrate resources (personal, materials and cash) on strategic areas, "Manage Profitability" to reform business structure from "volume" to "value" to generate profit, and "Manage Foundation" that will strengthen management and financial foundations. Acting on these three policies we are forging ahead with the following major themes:

<Manage Growth>

- (i) Develop Businesses in New Areas
"Develop business in new areas fusing NTN's technology and knowhow"
- (ii) Expand Aftermarket Business
"World's No. 1 customer satisfaction level with product lineup and engineering services"

< Manage Profitability >

- (iii) Structural Reform of the Driveshaft Business
"NTN driveshafts achieving World's No.1 customer satisfaction level"
- (iv) "Monozukuri" with Next-generation Technology
"Innovation with "Monozukuri" methods toward next 100 years"

<Manage Foundation>

- (v) Strengthen the Management Foundation
"Establish management foundation as a truly global company"
- (vi) Strengthen the Financial Foundation
"Strengthen profit control and improve asset efficiency"

The NTN Group continues to look to both the medium and long-term, and is committed to securing and enhancing the corporate value and common interest of the shareholders by taking steps to put the global management resources on strategic products that value quality first, enhancing competitiveness of products and services, and strengthening proposal capabilities.

II. PURPOSE AND OUTLINE OF LARGE-SCALE PURCHASE RULES

1. Purpose of the Large-scale Purchase Rules

Under the above-mentioned corporate philosophy and “NTN100” Medium-term Management Plan, the NTN Group aims to create its continued growth, and to secure and enhance the corporate value and common interest of the shareholders. However, sudden conducts of one-sided large-scale purchase of shares have recently been found in the capital markets of Japan, without carrying-out deliberate discussions with the management of the target company or following due process including obtaining the management’s consent.

The Board of Directors of the Company does not flatly deny every large-scale purchase of the Company’s shares. The Company believes that, in the event that a large-scale purchase occurs, the shareholders of the Company should make the final decision as to whether or not to accept the proposal of a large-scale purchase. However, the Company believes that it is difficult for the shareholders of the Company to make appropriate decisions unless there is an appreciation of the business environment and understanding of the NTN Group’s effort to carry its business to maximize corporate value to every stakeholder. The Company also believes that, when the shareholders of the Company assess the large-scale purchase by a Large-scale Purchaser (as regards the definition of the “Large-scale Purchaser” in this Policy, please refer to 2 (i) below), it is crucial for the shareholders to appropriately receive an assessment of such large-scale purchase from the Board of Directors of the Company, which has full understanding of the characteristics of the Company’s business; the Board’s opinion on the said large-scale purchase, and the information provided by the large-scale purchasers. It is also crucial for the shareholders that a reasonable period be given for their assessment.

Furthermore, we believe that, for those shareholders who do not intend to sell their shares but intend to continue to hold them, management policies or the content of the business program, including a policy regarding relationships with every stakeholder, which is contemplated by the Large-scale Purchaser, forms part of the substantial information that are considered by the shareholders in continuing to hold on to their shares.

The occurrence of a Large-scale Purchase of the Company’s shares may give an adverse effect on the performance of the Company’s efforts as described in I above. We believe that the Board of Directors of the Company is responsible for collecting and providing information necessary for the shareholders of the Company to make the ultimate judgment on the propriety of the Large-scale Purchase; it is also responsible for assessing and considering whether the management policies of the content of the business program will expedite the securing and enhancing of the corporate value and common interest of the shareholders of the Company. Furthermore, and as a result of such assessment and consideration, when the Board of Directors judges that such Large-scale Purchase will impair the corporate value and common interest of the shareholders of the Company, we should take countermeasures, if necessary, alongside with the negotiations with the Large-scale Purchasers, to improve the content of the purchase proposals. The Board of Directors of the Company does not propose for the Large-scale Purchase rules to remove every purchase activity against the Company. The aim of the rules is to ensure the provision of sufficient information, including of the purchase conditions, by those who intend to conduct a purchase, as well as provide a chance and time for faithful and sincere negotiations between the purchasers and the Board of Directors of the Company; and, subsequently, to secure and enhance the corporate value and common interest of shareholders of the Company.

Reflecting such basic policy, the Board of Directors of the Company considers that compliance with certain reasonable rules on the occasion of a Large-scale Purchase expedites securing and enhancing the corporate value and common interest of the shareholders of the Company. The Board of Directors of the Company therefore establishes the “Large-scale Purchase Rules” and asks Large-scale Purchasers to comply therewith. If a Large-scale Purchaser does not comply with the Large-scale Purchase Rules, the Board of Directors of the Company may take

countermeasures against it upon the recommendation of the Special Committee (defined below). We believe that it is necessary for the shareholders of the Company to secure sufficient information, by establishing such reasonable rules in advance regarding the provision of information by Large-scale Purchasers and asking them to comply therewith. In addition, we consider that efforts to obtain transparency by establishing such rules in advance, compared with cases where there are no similar rules, enable the parties to secure the predictability of the Large-scale Purchasers and prevent the giving of any chilling effect against those Large-scale Purchases that may benefit the Company and the shareholders of the Company.

2. Outline of the Large-scale Purchase Rules

With an aim to secure and enhance the corporate value and common interest of the shareholders of the Company, the Large-scale Purchase Rules permits the commencement of an actual Large-scale Purchase only after the provision of sufficient information by the Large-scale Purchaser to the Board of Directors of the Company prior to the conduct of the Large-scale Purchase, after the Board of Directors' assessment and consideration pursuant thereto for a certain period, and after the shareholders of the Company are able to make an appropriate judgment based on the said information, assessment and consideration. The outline of the Large-scale Purchase Rules appears below. The outline of the procedure to be followed in the event of a Large-scale Purchase is described in Reference 1 attached hereto.

(i) Subject Matter of the Large-scale Purchase Rules

Under the Large-scale Purchase Rules, a "Large-scale Purchase" is defined as either (i) a Group of Shareholders' [Note 1] Purchasing the Company's Certificates of Shares and Other Securities [Note 2] with the intent of increasing their Voting Rights Ratio [Note 3] to 20 % or more, or (ii) a Purchase of the Company's Certificates of Shares and Other Securities resulting in 20% or more of the Voting Rights Ratio being held by a Group of Shareholders. The person who conducts such Purchase is defined as a "Large-scale Purchaser," and is required to comply with the Large-scale Purchase Rules (this is regardless of the concrete method of the Purchase, including an acquisition through market transactions or an acquisition through a take over bid, except in cases where there is an approval by the Board of Directors of the Company for such Purchase prior to the actual Purchase).

(ii) Submission of the Written Oath to Comply with the Large-scale Purchase Rules

In the event that a Large-scale Purchaser intends to commence a Large-scale Purchase, the Large-scale Purchaser shall submit to the President of the Company a written oath to comply with the Large-scale Purchase Rules (the "Written Oath to Comply with the Large-scale Purchase Rules"). In the Written Oath to Comply with the Large-scale Purchase Rules, the name of the Large-scale Purchaser, address, governing law of its establishment, the name of the representative, contact details in Japan, outline of the proposed Purchase and the oath to comply with the Large-scale Purchase Rules shall be specified.

(iii) Provision of Large-scale Purchase Information and the Disclosure thereof

Within ten (10) business days after receipt of the Written Oath to Comply with the Large-scale Purchase Rules, the Company will deliver to the Large-scale Purchaser a list of the information that has to be provided by the Large-scale Purchaser, which is a requirement to allow the Company's shareholders and the Board of Directors to assess and consider such Large-scale Purchase (the "Large-scale Purchase Information"). If the Board of Directors of the Company determines that the Large-scale Purchase Information is insufficient, it may require the Large-scale Purchaser to submit additional information to sufficiently complete the Large-scale Purchase Information. The Large-scale Purchase Information shall include the following items:

- outline of the Large-scale Purchaser and its Group of Shareholders;
- the purposes and contents of the Large-scale Purchase;
- whether any communication has been made with a third party with regard to the Large-scale Purchase and the outline thereof, if any;
- the basis in the determination of the Purchase price;
- the funds used for the Purchase (including methods of raising funds, specific name of the person or corporation supplying the funds for the purchase (including substantive supplier) and other outlines);
- management policies, business plans, financial plans, capital policy and dividend policy which the Large-scale Purchaser intends to adopt after the completion of the Large-scale Purchase;
- policies that would be implemented after the completion of the Large-scale Purchase with regard to the customers, employees, local community and any other stakeholders of the Company and the NTN Group.

If the Board of Directors of the Company considers it necessary for the shareholders of the Company to make its decisions, the Company will disclose the fact that a Large-scale Purchase was proposed and all or part of the Large-scale Purchase Information submitted to the Company at such time that it deems appropriate.

(iv) Establishment of the Special Committee

The Company may take the countermeasures described in V below if it determines it necessary to secure and enhance the corporate value and common interest of the shareholders of the Company, regardless of whether the Large-scale Purchase Rules are complied with or not. To secure the reasonableness and fairness of the judgment of the Board of Directors of the Company in such a case, the Company has a special committee (the “Special Committee”), which is a body that is independent from the Board of Directors of the Company, and constituted by three (3) members who are outside director(s) and outside audit & supervisory board member(s) (the outline of the Regulations for the Special Committee appears in Reference 2 attached hereto; and the members of the Special Committee are specified in Reference 3 attached hereto).

If the Board of Directors of the Company decides to take countermeasures, prior to the actual exercise thereof, the Board of Directors of the Company shall seek the recommendation of the Special Committee on the propriety of such exercise. The Special Committee shall, pursuant thereto, make recommendations to the Board of Directors of the Company on the propriety of such exercise. To ensure that the decision made by the Special Committee shall be reasonable and fair in view of securing and enhancing the corporate value and common interests of the shareholders of the Company, the Special Committee may obtain advice from independent third parties (including financial advisors, certified public accountants, lawyers, consultants and other professionals) at the Company’s expense. The Board of Directors of the Company shall conform to, in principle, the decision of the Special Committee in determining whether or not countermeasures are to be implemented. However, if the Board of Directors of the Company determines that there are material differences in the recognition of facts, which served as the premise for such judgment of the Special Committee, or if the grounds for such judgment are irrational, the Board of Directors of the Company may require the Special Committee to reconsider the matters, but only once.

Furthermore, the Special Committee shall evaluate whether the Large-scale Purchase Information provided is sufficient or insufficient, and convey such evaluation to the Board of Directors of the Company. The Special Committee may also make other recommendations, if necessary, on matters submitted by the Board of Directors of the Company. When the Special Committee makes a recommendation that the Large-scale Purchase Information provided is sufficient for the relevant Large-scale Purchase, the Board of Directors of the Company shall not require the Large-scale Purchasers to submit additional information.

(v) Establishment of the Board of Directors Assessment and Negotiation Period

Upon completion of the submission of the Large-scale Purchase Information by the Large-scale Purchaser, the Board of Directors of the Company shall notify the Large-scale Purchaser and disclose the fact that such submission was completed to the shareholders and investors of the Company at the appropriate time.

Depending on the difficulty level of the assessment of the Large-scale Purchase, the Board of Directors of the Company shall be given a period for it to reach its assessment, etc. (the “Board of Directors Assessment Period”). Such period shall be for a maximum of sixty (60) days (in case the purchase of all of the Company’s shares is made by a tender offer with cash-only (yen) consideration) or a maximum of ninety (90) days (in case of any other Large-scale Purchase), commencing from the date immediately succeeding the date when the submission of the Large-scale Purchase Information is completed; provided, however, that if the Board of Directors of the Company requests the Special Committee to reconsider a recommendation made by the latter, the relevant period shall be extended by an additional maximum period of fourteen (14) days, and if the Board of Directors of the Company convenes a General Meeting of Shareholders to ascertain the intent of the shareholders, the period shall be extended as reasonably necessary to hold such General Meeting of Shareholders. Upon such extension, the Board of Directors shall disclose the reason therefor and the number of the days so extended to the shareholders and investors of the Company. The Special Committee shall make recommendations to the Board of Directors of the Company at latest ten (10) days before the end of the Board of Directors Assessment Period. The Large-scale Purchaser may conduct the Large-scale Purchase after the expiration of the Board of Directors Assessment Period. If the Large-scale Purchase is conducted before the expiration of the Board of Directors Assessment Period, the Board of the Directors of the Company may take countermeasures upon the recommendation of the Special Committee (as regards the countermeasures, etc., to be adopted by the Board of Directors of the Company in the event that a Large-scale Purchase takes place after the expiration of the Board of Directors Assessment Period, please refer to III below). During the Board of Directors Assessment Period, the Board of Directors of the Company shall assess and examine the submitted Large-scale Purchase Information, receiving advice from the Special Committee and outside experts, etc., carefully form its opinion, and disclose such opinion to the shareholders and investors of the Company. The Board of Directors of the Company may negotiate with the Large-scale Purchaser, as may be deemed necessary, regarding the improvement of the conditions relating to the Large-scale Purchase, and propose an alternative plan to the shareholders of the Company.

III. IF THE LARGE-SCALE PURCHASER COMPLIES WITH THE LARGE-SCALE PURCHASE RULES

In case a Large-scale Purchaser complies with the Large-scale Purchase Rules, the Board of Directors of the Company, in principle, will not take any countermeasures against it, since it is the shareholders of the Company who ultimately determine whether or not to accept the Purchase proposals of the Large-scale Purchasers, after considering the Purchase proposal, the opinion presented by the Company regarding such proposal or alternative plans, etc.

However, even if the Large-scale Purchaser complies with the Large-scale Purchase Rules, when it is deemed that such Large-scale Purchase meets any of the factors as set forth in paragraphs (i) through (vi) below, and when such Large-scale Purchase is regarded as apparently harmful to the corporate value and common interests of the shareholders of the Company, the Board of Directors of the Company may still allocate share options for no consideration as a countermeasure to secure the corporate value and common interest of the shareholders of the Company (as regards the outline of the allotment of share options for no consideration, please refer to V below). On the other hand, when it is not deemed that such Large-scale Purchase meets such factors as set forth in either paragraph (i) through (vi) below, the Company shall not take any countermeasure.

If the Board of Directors of the Company deems it appropriate to ascertain the intent of the shareholders, it may convene a General Meeting of Shareholders to ascertain the intent of the shareholders concerning the implementation of a countermeasure or other conduct related to the said Large-scale Purchase.

The Board of Directors of the Company shall discuss and negotiate with the Large-scale Purchaser as may be deemed necessary. Even after the Board of Directors of the Company decides to allocate share options for no consideration as a countermeasure, if there is any material change in the matters that served as a basis for its judgment, including the Large-scale Purchaser's proposal to change any matter that is essential to the relevant Large-scale Purchase, the Board of Directors may halt the countermeasures, including the cancellation of the allotment of share options for no consideration, but only if it is made before the ascertainment of the shareholders' rights that accrue from the implementation of countermeasures, and such halt will not impair the common interest of the shareholders.

Regarding the consideration and judgment as to whether a Large-scale Purchase is apparently harmful to the corporate value and the common interests of the shareholders of the Company, the Board of Directors of the Company shall conform to, in principle, the judgment of the Special Committee, to secure the objectiveness and fairness of such consideration and judgment (the Special Committee shall recommend to the Board of Directors of the Company that the issuance of share options is not allowed, when it is not deemed that such Large-scale Purchase meets any of the factors set forth in paragraph (i) through (vi) below). However, if the Board of Directors of the Company determines that there are material differences in the recognition of facts, which served as the premise for such judgment, or if the grounds for such judgment are irrational, the Board of Directors of the Company may require the Special Committee to reconsider the matters, but only once. The outline of the Special Committee's recommendation and the reasons for its judgment will be disclosed to the shareholders and investors of the Company at the appropriate time.

- (i) a buy-out of the Company's shares in order to demand that the Company and its affiliates purchase the said shares at an inflated price, without any intent to participate in the Company's management;
- (ii) a buy-out of the Company's shares in order to obtain temporary control of the Company, to enable the transfer of intellectual property rights, know-how, confidential information proprietary to the Company, major business acquaintance or costumers, which are necessary for the operation of the Company, to the Large-scale Purchaser or its Group;
- (iii) a buy-out to cause the diversion of the Company's assets to secure or repay the debts of the Large-scale Purchaser or its Group's businesses;
- (iv) obtaining temporary control of the Company's management to bring about a disposal of its high-value assets (including know-how and intellectual property) that have no current relevance to the Company's business and declaring temporary high dividends from the profits of the disposal, or selling the shares at a high price, taking advantage of the opportunity afforded by the sudden rise in share prices created by the temporarily high dividends;
- (v) any conduct by the Large-scale Purchaser other than those set forth in paragraphs (i) through (iv) that may cause irrecoverable damage to the corporate value of the Company without any sincere aim to participate in the Company's management, or
- (vi) a buy-out of the Company's share that threatens to have the effect of compelling the shareholders to sell their shares, such as a coercive two-tiered tender offer (meaning a takeover which coerces the shareholders into accepting a front-end tender offer by setting unfavorable terms, without making the same offer for all of the Certificate of Shares and Other Securities, or without specifically indicating the terms for the back-end of the transaction); however, partial acquisition through a takeover bid will not immediately meet the factors set forth in this paragraph.

IV. NON-COMPLIANCE WITH THE LARGE-SCALE PURCHASE RULES

If a Large-scale Purchaser does not comply with the Large-scale Purchase Rules, the Board of Directors of the Company may allocate share options as a countermeasure for no consideration, upon recommendation of the Special Committee, to secure corporate value and the common interest of shareholders of the Company. This countermeasure may, as a result, cause the Large-scale Purchaser, who does not comply with these Large-scale Purchase Rules, a disadvantage including economic damages. Therefore, these Large-scale Purchase Rules also aim to call the Large-scale Purchasers' attention in advance, to prevent them from conducting a Large-scale Purchase while ignoring the rules.

However, even if the Large-scale Purchaser does not comply with the Large-scale Purchase Rules, the Board of Directors of the Company may discuss and negotiate with the Large-scale Purchaser as may be deemed necessary; even after the Board of Directors of the Company decides to allocate share options for no consideration as a countermeasure, if there is any material change in the matters that served as a basis for its judgment, including the Large-scale Purchaser's proposal to change any matter that is essential to the relevant Large-scale Purchase, the Board of Directors may halt the countermeasures including the cancellation of an allotment of share options for no consideration, only if it is made before the ascertainment of the shareholders' rights that accrue from the implementation of countermeasures, and such halt will not impair the common interest of the shareholders.

V. OUTLINE OF ALLOTMENT OF SHARE OPTIONS FOR NO CONSIDERATION AS A CONCRETE COUNTERMEASURE

The outline for the allotment of share options for no consideration, to be conducted by the Board of Directors of the Company as a countermeasure, is as follows:

- (i) The shareholders who are entitled to receive the allotment and the number of shares to be allotted to such shareholders
The shareholders of the Company registered or recorded in the latest register of shareholders, as of the allotment date, separately determined by the Board of Directors of the Company (meaning shareholder(s) deemed recorded in the register of shareholders as of the said allotment date pursuant to Paragraph 1, Article 152 of the Act on Book-Entry Transfer of Company Bonds, Shares, etc., hereinafter the same shall apply), will be allotted one share option for each share of common stock of the Company held by them (except for the common stock held by the Company).
- (ii) The type and number of shares to be acquired
The type of share that may be acquired shall be the common stock of the Company, and the number of shares that may be acquired upon the exercise of each share option shall be one share; provided, however, that if the Company conducts a share split or consolidation of shares, the requisite adjustment shall be adopted.
- (iii) The effective date of the allotment of the share options for no consideration
To be separately determined by the Board of Directors of the Company.
- (iv) The total number of shares that may be allotted for the share options
The total number of shares that may be allotted for the share options shall be separately determined by the Board of Directors of the Company, which allotted number may equal a maximum of the latest total number of issued shares of the Company as of the date of the allotment.

- (v) The amount to be invested upon the exercise of the share options
The amount to be invested upon the exercise of the share options shall be one (1) Japanese yen. However, in cases where share options with an acquisition clause, described in (ix) below, are issued, the shareholder shall not be required to pay in any money.
- (vi) The assignment of the share options
The approval of the Board of Directors of the Company is required for the acquisition of the share options through an assignment.
- (vii) The exercise period for the share options
The effective date of the allotment of the share options, or such other date separately determined by the Board of Directors of the Company in the resolution for the allotment of the share options for no consideration, shall be the commencement date of the exercise period of the share options and shall extend for such period separately determined by the Board of Directors, which shall be between one (1) month to two (2) months; provided, that when the last day for the exercise period is a holiday in the place where any money payment to be made upon the exercise is to be handled, the day immediately following such holiday shall be the last date. However, in cases where share options with an acquisition clause, as described in (ix) below, are issued, the shareholder shall not be required to pay in any money.
- (viii) The conditions for the exercise of the share options
Any party who may qualify under any of the following items is not entitled, in principle, to exercise the share options for no consideration pursuant to this Policy:
 - (a) The Large-scale Purchasers; (b) Joint Holder of the Large-scale Purchasers (defined in Paragraph 5, Article 27-23 of the Financial Products and Exchange Act of Japan and a person deemed as a joint holder pursuant to Paragraph 6 of the same article, including a person deemed to meet such provisions by the Board of Directors of the Company); (c) any Person with a Special Relationship (defined in Paragraph 7, Article 27-2 of the Financial Products and Exchange Act, including a person deemed to meet such provision by the Board of Directors of the Company); (d) any party who was assigned with, or succeeded to, the share options for no consideration pursuant to this Policy from any person who may qualify under any of the items provided in (a) through (c), without obtaining the approval thereto of the Board of Directors of the Company; or (e) any related party of the person who may qualify under any of the items provided in (a) through (d) (means a person substantially controlled by such person, or deemed by the Board of Directors of the Company as being controlled by, under common control with, or acting in concert with such person; “control” means “when (it) controls decisions of the financial and business policy” of the other company, etc. (Paragraph 3, Article 3 of the Ordinance for Enforcement of the Companies Act of Japan).
- (ix) Others
The Company may issue share options with an acquisition clause providing that the Company may acquire the share options in exchange for the Company’s shares. In such a case, there may be instances where the Large-scale Purchasers are treated differently from other shareholders concerning the consideration for acquisition of such share options or other conditions, or, there may be instances where the share options held by the Large-scale Purchasers are excluded from the subject of the said acquisition. The Board of Directors of the Company shall separately determine the event for the acquisition of the share options and such other necessary matters. The Company shall not pay any financial compensation such as money for acquisition of share options held

by Large-scale Purchasers.

VI. EFFECTIVE TERM, EXPIRATION OF, AND CHANGES TO THE POLICY

This Policy will not become effective in case the shareholders do not approve the proposal on the continuation of this Policy, in the Annual General Meeting of Shareholders.

If the shareholders of the Company approve the proposal on the continuation of this Policy, in the Annual General Meeting of Shareholders, then this Policy shall remain effective until the close of the annual General Meeting of Shareholders to be held in June 2020. However, in the event that a resolution to abolish this Policy is passed at the General Meeting of Shareholders of the Company prior to the expiration of the above period, this Policy shall become invalid upon such resolution.

Furthermore, even during the effective term of this Policy, the Board of Directors of the Company may review or change any part of this Policy, with the consent of the Special Committee, to the extent that such review or change adheres to the intent of the resolution to be passed at the General Meeting of Shareholders of the Company with regard to the continuation of this Policy.

If this Policy is abolished or changed, then the Board of Directors of the Company will disclose the fact of such abolishment or change and such other matters as deemed necessary by it to the shareholders and investors of the Company at the appropriate time.

VII. REASONABLENESS OF THE POLICY

1. The Policy Fulfills the Requirements of the Guidelines for the Takeover Defense Plan

This Policy fulfills the three principles (the principle of securing and enhancing the corporate value and common interest of the shareholders, the principle of disclosure in advance and valuing the shareholders' intentions, and the principle of necessity and appropriateness) required by the "Guidelines regarding the Takeover Defense Plan to Secure or Enhance the Corporate Value and Common Interest of the Shareholders" announced by the Ministry of Economy, Trade and Industry and the Ministry of Justice on May 27, 2005. This Policy also gives appropriate consideration to the content of the "Takeover Defense Measures in Light of Recent Environmental Changes" publicized, on June 30, 2008 by the Corporate Value Study Group established by the Ministry of Economy, Trade and Industry.

2. The Policy is for the Purpose of Ensuring and Enhancing the Common Interests of the Shareholders

As stated above, this Policy is for the purpose of ensuring and enhancing the corporate value of the Company, and, subsequently, the common interests of the shareholders, by providing the information or period necessary for the shareholders of the Company to evaluate the appropriateness of a Large-scale Purchase, or to enable the Company to negotiate with the Large-scale Purchasers, in behalf of the shareholders of the Company, in the event of a Large-scale Purchase of the shares of the Company.

3. The Policy Values the Shareholders' Intentions

In order to reflect the shareholders' intentions with regard to this Policy, the Company shall obtain the approval of the shareholders thereto, at the Annual General Meeting of the Shareholders by submitting proposals relating to the continuation of this Policy. In the event that such approval is not obtained, this Policy will not become effective.

Although it is set that the effective term of this Policy will be until the close of the annual General Meeting of Shareholders of the Company to be held in June 2020, this Policy nevertheless reflects the shareholders' intentions by its possible immediate abolishment upon the passing of a resolution thereon at the General Meeting of Shareholders of the Company before expiry of the Policy's term.

4. The Policy Values the Judgment of Outsiders Who are Highly Independent

The Company has the Special Committee as a body, which removes the possibility of arbitrary decisions being made by the members of the Board of Directors of the Company. Such body makes substantial judgments objectively on the operations of this Policy for the shareholders of the Company.

The Special Committee is constituted by outside director(s) and outside audit & supervisory board member(s) who are independent from the Board of Directors of the Company (as regards the criteria of the election of the members of the Special Committee, please refer to the Reference 2 attached hereto).

Pursuant to the Regulations for the Special Committee, in the event that an actual Large-scale Purchase occurs in the Company, the Special Committee will assess whether such Large-scale Purchase prejudices the corporate value of the Company and the common interest of the shareholders, etc.; thereafter, the Board of Directors of the Company shall conform to, in principle, the Special Committee's judgment. However, if the Board of Directors of the Company determines that there are material differences in the recognition of facts, which served as the premise for such judgment by the Special Committee, or if the grounds for such judgment are irrational, the Board of Directors may require the Special Committee to reconsider the matters, but only once.

As described above, the Special Committee strictly monitors any arbitrary activity of the Board of Directors of the Company. At the same time, the Special Committee is expected to disclose an outline of its recommendations and the reasons for its judgment to the shareholders and investors of the Company at the appropriate time. Accordingly, it is ensured that this Policy will be operated within a scope that will enhance the corporate value and the common interest of the shareholders of the Company.

5. The Policy Establishes Reasonable Objective Requirements

Pursuant to this Policy, the countermeasures to a Large-scale Purchase will not be triggered unless reasonable and detailed objective requirements are fulfilled. Thus, the Policy is secured against the arbitrary implementation of its countermeasures by the Board of Directors of the Company.

6. The Company Obtains Third Party Opinions

In the event that a Large-scale Purchaser appears, the Special Committee is required to obtain advice from independent third parties (including financial advisors, certified public accountants, lawyers, consultants and other professionals) at the Company's expense. This further secures the fairness and objectiveness of the judgment made by the Special Committee.

7. The Policy is Not a Dead Hand Type or Slow Hand Type Takeover Defense Plan

As described above, the General Meeting of Shareholders of the Company can abolish this Policy. Therefore, this Policy is not the so-called Dead Hand Type Takeover Defense Plan (in which an implementation of the countermeasures cannot be deterred even if the majority of the board of directors is replaced).

Also, considering that the tenure of office of the Directors of the Company is for one (1) year, this Policy is also not the so-called Slow Hand Type Takeover Defense Plan (which takes time for an implementation of the countermeasures to be deterred due to the staggered terms of the members of the board of directors whereby they cannot all be replaced at once).

VIII. THE POLICY'S IMPACT, ETC. ON THE SHAREHOLDERS AND INVESTORS

1. Impact of Continuing the Policy

The allotment of the share options for no consideration will not be implemented at the time of the Policy's continuation. Therefore, it will not have any concrete direct impact on any right or economic interests of the shareholders or investors.

2. Impact at the Time of Implementation of the Countermeasures

The Board of Directors of the Company may implement the countermeasures mentioned above for the purpose of ensuring and enhancing the common interests of the shareholders. When the Board of Directors of the Company decides to implement the concrete countermeasures, it will make timely and appropriate disclosures pursuant to applicable laws and regulations and the securities exchange rules, etc.

Upon the implementation of the countermeasure, considering that no dilution of the value of the entire shares of the Company will occur, although the value per share of the shares held by the shareholders will be diluted, the Company expects that the shareholders and investors of the Company will not suffer any particular legal or economic loss. However, as regards the Large-scale Purchasers who fall in any of the provisions in III (i) through (vi) above, or any person who qualifies under any of the provisions in V (viii) (a) through (e), they may suffer a legal and economic disadvantage as a result of the implementation of the actual countermeasures.

The Company may, even after the reference date for the allocation of the share options, or after date that the allocation of the share options for no consideration becomes effective, cancel the allocation of the share options for no consideration on the day immediately before the commencement date of the execution of the share options or obtain the share options for no consideration without delivering the shares of the Company to the holder of the share options, due to circumstances including a withdrawal of the Large-scale Purchase by the Large-scale Purchaser. In such a case, no dilution will occur to the value per share, and thus, the shareholders, who conducted a sale, etc., on the assumption that the value per share will be diluted, may expectedly suffer an appropriate loss resulting from the corresponding fluctuation in the value of the share.

3. Procedures to be Taken by the Shareholders upon the Implementation of the Countermeasures

In the event that the shareholders exercise their share options, they will be asked to pay a certain amount of money during the prescribed period.

However, when the Company stipulates that the Company may obtain the share options in exchange for the shares of the Company, the shareholders who are holding the share options determined by the Board of Directors of the Company to be the subject of the acquisition will receive the shares of the Company without the need for the payment of any money equivalent to the exercise amount; such will be the consideration for such acquisition of the share options by the Company; provided, that in such instance, the shareholders may be separately asked to submit a document in a format prescribed by the Company, to make an oath that he/she is not a Large-scale Purchaser.

As regards the details of these formalities, the Company shall separately provide information therefor, pursuant to applicable laws and regulations and the securities exchange rules, etc., upon the occurrence of matters that entail these formalities.

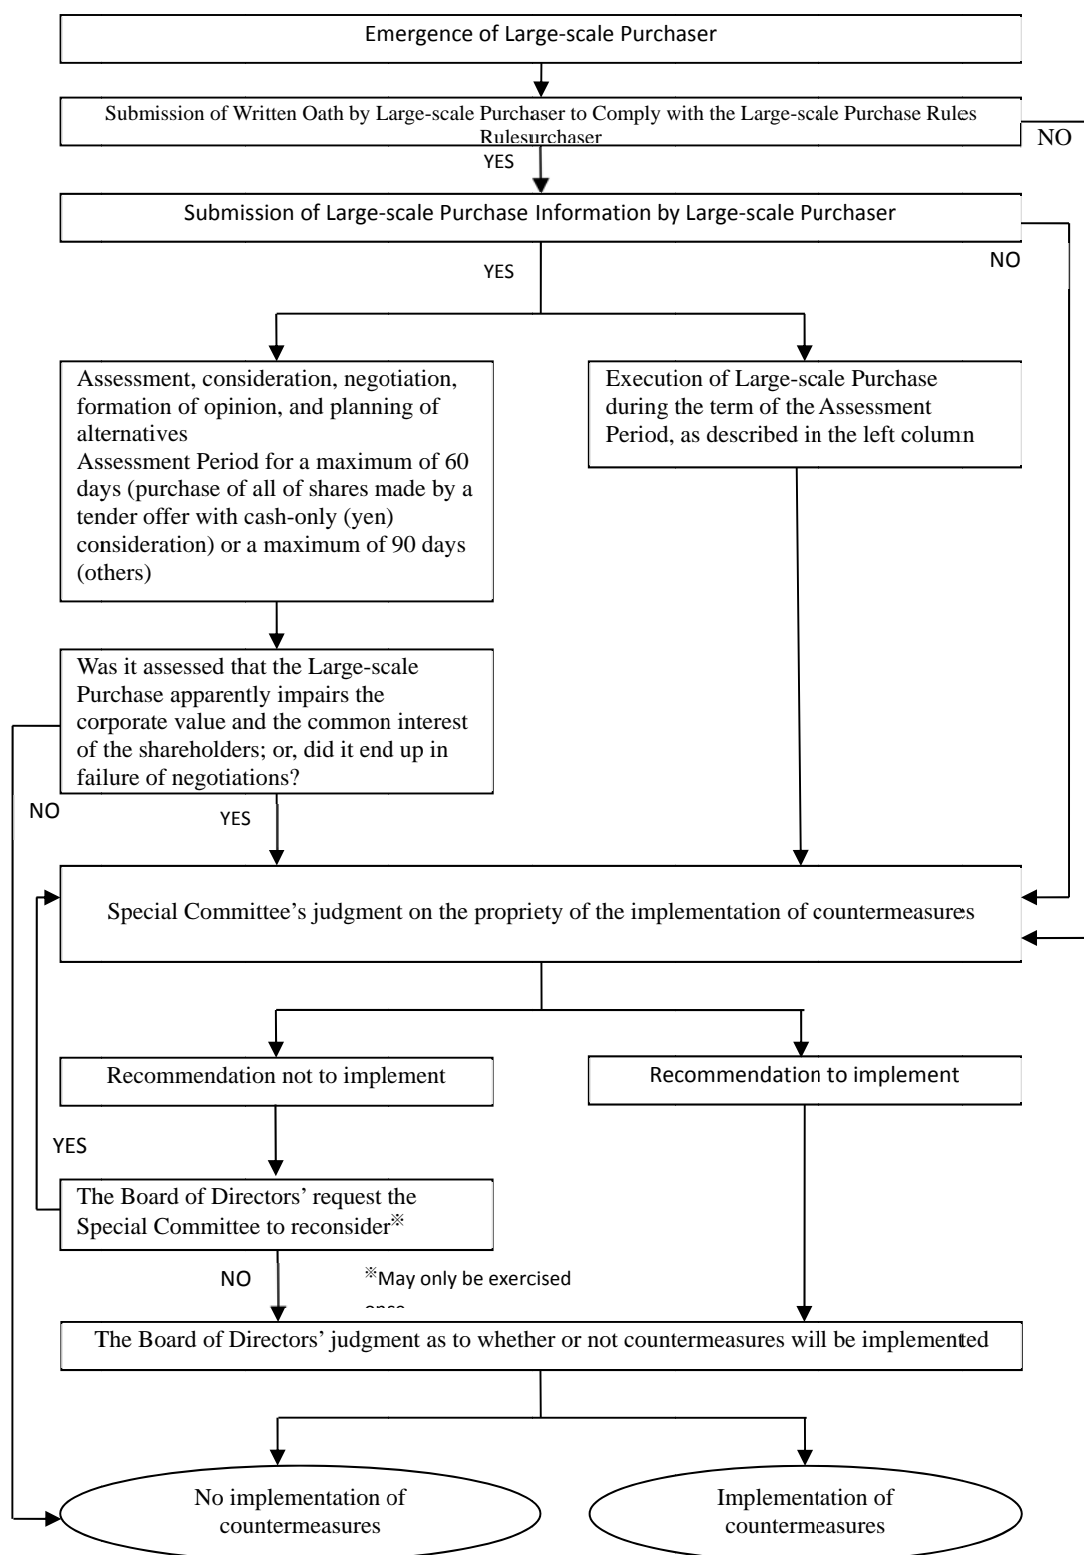

[Note 1] A Group of Shareholders means a Holder (defined in Paragraph 1, Article 27-23 of the Financial Products and Exchange Act of Japan (“FPEA”), including a person deemed as a holder pursuant to Paragraph 3, Article 27-23 thereof) of Certificate of Shares and Other Securities (meaning the “Share Certificates, etc.” defined in Paragraph 1, Article 27-23 of the FPEA) of the Company and any Joint Holders thereof (defined in Paragraph 5, Article 27-23 of the FPEA, including a person deemed as a joint holder pursuant to Paragraph 6, Article 27-23 thereof), or a person or a company who makes a Purchase, etc. (defined in Paragraph 1, Article 27-2 of the FPEA, including those made on a securities exchange market) of Certificates of Shares and Other Securities of the Corporation (defined in Paragraph 1, Article 27-2 of the FPEA) and any Person with a Special Relationship (defined in Paragraph 7, Article 27-2 of the FPEA.)

[Note 2] The Certificate of Shares and Other Securities mean the “Share Certificates, etc.” defined in Paragraph 1, Article 27-23 of the FPEA.

[Note 3] The Voting Rights Ratio means, according to the concrete methods for the Purchase by each Group of Shareholders, (i) when the Group of Shareholders is the Holder (defined in the Paragraph 1, Article 27-23 of the FPEA, including a person deemed as a holder pursuant to Paragraph 3, Article 27-23 thereof) and its Joint Holder (defined in Paragraph 5, Article 27-23 of the FPEA, including a person deemed as a joint holder pursuant to Paragraph 6, Article 27-23 thereof) of the Company’s Certificates of Shares and Other Securities (meaning the “Share Certificates, etc.” defined in Paragraph 1, Article 27-23 of FPEA), the “Holding Ratio of Share Certificates, etc.” of such Holder (defined in Paragraph 4, Article 27-23 of the FPEA; in calculating such Ratio, the “Number of Share Certificates, etc. Held” (defined in the same article) by a Joint Holder of the Holder shall be counted as well); or (ii) the total of the Holding Ratio of Share Certificates, etc. (defined in Paragraph 8, Article 27-2 of the FPEA) of the Large-scale Purchasers of the Company’s Certificates of Shares and Other Securities (meaning the “Share Certificates, etc.” defined in Paragraph 1, Article 27-1 of the FPEA) and any of its Person with a Special Relationship (defined in Paragraph 5, Article 27-23 of the FPEA, including a person deemed as a joint holder pursuant to Paragraph 6, Article 27-23 thereof), when a Group of Shareholders consists of the Large-scale Purchasers of the Company’s Certificates of Shares and Other Securities and any of its Person with a Special Relationship. In calculating each Holding Ratio of Share Certificates, etc., the Total Voting Rights (defined in Paragraph 8, Article 27-2 of the FPEA) and the Total Number of Issued Shares (defined in Paragraph 4, Article 27-23 of the FPEA) that appear in the latest of any of the securities reports, Quarterly Securities Report, or Share Buyback Report can be referred to.

2. If a vote for or against a proposal is not indicated on the Voting Rights Exercise Form, the vote will be treated as an affirmative vote for the proposal.
3. The deadline for the exercise of voting rights via the Internet shall be the close of the business day (5:25 p.m.) on Thursday, June 22, 2017.
4. If voting rights are exercised both via the Voting Rights Exercise Form and via the Internet, the voting right exercised via the Internet shall be deemed valid.
5. If voting rights are exercised multiple times via the Internet, the last vote cast shall be deemed the valid execution of voting rights. Additionally, if voting rights are exercised both via personal computer or smartphone and mobile phone, the last vote cast shall be deemed valid.

Guide to the Exercise of Voting Rights via the Internet

If exercising voting rights via the Internet, please confirm the following items before exercising your vote.

If attending the General Meeting of Shareholders on the day of the meeting, it is not necessary to exercise your voting rights either via mail (Voting Rights Exercise Form) or the Internet.

1. About the Voting Rights Exercise Website

- (1) Voting rights may only be exercised via the Internet by accessing the Voting Web Site designated by the Company (<http://www.evot.jp/>) from a personal computer, smartphone, or mobile phone (i-mode, EZweb, Yahoo! Keitai) * (However, the service will be unavailable between the hours of 2 a.m. to 5 a.m. daily).
(* "i-mode" is a registered trademark of NTT DOCOMO, INC., "EZweb" is a registered trademark of KDDI CORPORATION, and Yahoo! is a registered trademark of United States-based Yahoo! Inc.)
- (2) Exercise of voting rights via personal computer or smartphone, depending upon your Internet environment, may not be possible if using a firewall, if using antivirus software, if using a proxy server, or if TLS encrypted transmission is not designated when connecting to the Internet.
- (3) Exercise of voting rights via mobile phone must be performed via either i-mode, EZweb, or Yahoo! Keitai. For security reasons, you cannot vote by a mobile phone that does not have functions of TLS encrypted transmission or transmission of mobile phone information.
- (4) Although the deadline for the exercise of voting rights via the Internet shall be the close of the business day (5:25 p.m.) on Thursday, June 22, 2017, it is recommended to exercise ahead of time, and contact the Help Desk recorded on page 38 with any questions.

2. About the Exercise of Voting Rights via the Internet

- (1) Access the Voting Web Site (<http://www.evot.jp/>) via personal computer, smartphone, or mobile phone, utilize the "log-in ID" and "provisional password" printed on the Voting Rights Exercise Form, and proceed in accordance with the guidance on the web.
- (2) In order to prevent unauthorized access by third parties other than the specific shareholder ("spoofing") or unauthorized alterations of exercised voting rights, shareholders will be asked to change the "provisional password" on the Voting Web Site. We appreciate your understanding.
- (3) A new "log-in ID" and "provisional password" will be provided at each convocation of General Meeting of Shareholders.

3. Multiple Exercise of Voting Rights

- (1) If voting rights are exercised multiple times both via mail and the Internet, the voting rights exercised via the Internet shall be deemed valid. We appreciate your understanding.
- (2) When exercising voting rights via the Internet multiple times, the last vote cast shall be deemed valid. Additionally, if voting rights are exercised both via personal computer or smartphone and mobile phone, the last vote cast shall be deemed valid.

4. Fees Associated with Accessing the Voting Web Site

Fees associated with accessing the Voting Web Site (Internet connection fees, etc.), shall be borne by the shareholder. Additionally, utilizing a mobile phone, etc. will require packet transmission fees and other mobile phone usage fees, but these shall be borne by the shareholder as well.
