4. Details of the Issuance

The Company resolved, as restricted stock compensation for the period from the 151st Ordinary General Meeting of Shareholders of the Company to the 152nd Ordinary General Meeting of Shareholders of the Company, to grant six (6) eligible Directors, monetary compensation claims of 98,681,200 yen in total, and to allot 18,100 shares of ordinary shares of the Company, by payment of all such monetary compensation claims through in-kind contributions by the eligible Directors. The amount of the monetary compensation claims for the eligible Directors was determined by comprehensive consideration of the degree of contribution to the Company by the eligible Directors and other various matters including their duties at the Company during the above period. The monetary compensation claims shall be granted on the condition that the respective eligible Directors enter into the Restricted Stock Subscription Agreement with the Company containing the following terms (the “Subscription Agreement”).

In order to enhance the incentive to make sustainable improvements to the corporate value of the Company and to achieve further sharing of value among eligible Directors and shareholders, the transfer restriction period has been set at three (3) years.

5. Outline of the Subscription Agreement

(i) Transfer restriction period

10 August, 2017 to 9 August, 2020

During the transfer restriction period as defined above (the “Transfer Restriction Period”), eligible Directors shall not transfer, create any security interests on, or otherwise dispose of (hereinafter referred to as “Transfer Restrictions”) the ordinary shares received in accordance with the Subscription Agreement (hereinafter referred to as “Subscribed Shares”).

(ii) Treatment at the time of retirement of eligible Directors

If an eligible Director retires prior to the end of the Transfer Restriction Period, the Company shall acquire rightfully and for no fee all of the Subscribed Shares for which the Transfer Restrictions are not removed at the time of retirement; provided, however, that such acquisition shall not occur upon the retirement for completion of term, death, or other reason deemed reasonable by the Board of Directors.

(iii) Removal of Transfer Restrictions

Notwithstanding the rules stated in (i) above, the Company shall remove the Transfer Restrictions from all the Subscribed Shares at the time the Transfer Restriction Period is completed, on the condition that the eligible Directors continue to serve as Directors at the Company throughout the Transfer Restriction Period. However, if an eligible Directors retires from the position prior to completing the Transfer Restriction Period and if said retirement was due to a reason deemed as reasonable by the Board of Directors as provided in (ii) above, the Transfer Restrictions shall be removed at the time immediately after the resignation for the number of shares obtained by dividing the number of months passed from July 2017 to the month including the date of resignation of the eligible Director by 12 (however, when the resulting number is greater than one (1), the number shall be set at one (1)) and then multiplying that figure by the number of the Subscribed Shares held by the eligible Director at the time of resignation (however, as a result of the calculation, shares of less than one (1) share shall be truncated).

(iv) Acquisition of restricted stock for no fee

The Company shall rightfully acquire the Subscribed Shares for which the Transfer Restrictions are not removed in accordance with (iii) above for no fee at the time of completing the Transfer Restriction Period.

In such cases, the Company shall rightfully acquire the Subscribed Shares for which the Transfer Restrictions are not

removed as of the business day immediately preceding the date on which the reorganization becomes effective in accordance with the provision above for no fee.

6. Basis for Calculation of the Amount to Be Paid and Description of Details

With respect to the issue price for the Issuance of New Shares, it has been set at 5,452 yen, which is the ending price of the Company's ordinary shares on the Tokyo Stock Exchange as of the business day (14 July, 2017) immediately preceding the resolution of the Board of Directors of the Company, in order to determine the issue price in a non-arbitrary way. This is the market share price immediately preceding the date of the resolution of the Board of Directors of the Company, and the Company considers it to be reasonable.

The divergence rates regarding this issue price are as follows, and therefore, the Company has determined that this issue price does not constitute an amount that is particularly advantageous to eligible Directors: (a) the deviation rate from the simple average ending price of 5,313 yen (a fraction of less than one (1) yen shall be discarded; hereinafter the same for simple average ending prices) of the Company's ordinary shares for the one (1) month period up to the business day immediately preceding the date of the resolution of the Board of Directors (from 15 June, 2017, to 14 July, 2017) on the Tokyo Stock Exchange was 2.62 % (rounded off to the second decimal place; hereinafter the same for the calculation of the rate of deviation); (b) the deviation rate from 5,118 yen, which is the simple average ending price of the Company's ordinary shares for a three (3) month period up to the same immediately preceding business day (from 17 April, 2017, to 14 July, 2017) was 6.53 %; and (c) the deviation rate from 4,815 yen, which is the simple average ending price of the Company's ordinary shares for the six (6) month period up to the same immediately preceding business day (from 16 January, 2017, to 14 July, 2017) was 13.23 %.
