The following summarizes matters related to the corporate governance of Seven Bank, Ltd. (the “Bank”).

I. Basic Views on Corporate Governance, Capital Structure, Corporate Profile and Other Basic Information

1. Basic Views

As a bank that owns and operates an ATM network that manages deposits from a large number of customers and has a nature similar to that of public infrastructure, the Bank recognizes that ensuring disciplined corporate management is vital in responding to the social trust and seeks to ensure effective corporate governance. This is achieved by maintaining and improving its corporate governance and compliance systems to ensure transparent, fair and swift managerial decision making; clarify the roles and responsibilities of executives and employees; strengthen management oversight functions; and ensure equitable operations.

The Bank adopts the organizational form of a Company with Audit & Supervisory Board Members. At the Board of Directors, the Bank ensures effective corporate governance through decision making by Directors with executive authority over operations who are well versed in the Bank’s operations and Outside Directors who have considerable experience and insight in their areas of expertise as well as the audits by the Audit & Supervisory Board Members.

To clarify the specific issues to be addressed by the Bank to realize the above policy and fulfill the accountability of the Bank’s corporate governance to its shareholders, the Bank has established the “Corporate Governance Guidelines,” which are disclosed on its website.

[Reasons for Non-Compliance with the Principles of the Corporate Governance Code]

The Bank implements all of the principles of the Corporate Governance Code.

[Disclosure Based on the Principles of the Corporate Governance Code] **Updated**

[Principle 1-4: Strategic Shareholdings]

1. We make it a basic policy not to hold the shares of other companies as strategic shareholdings unless those holdings are considered meaningful. We consider strategic shareholdings meaningful if they are judged to contribute to the preservation and enhancement of corporate value of the issuing business partner and the Bank based on the results of studies on their profitability and other factors both current and projected.
2. We regularly examine the returns, risks and other issues concerning each stock of strategic shareholdings at meetings of the Board of Directors to confirm the purpose and rationale for these holdings.
3. The Bank exercises its voting rights relating to strategic shareholdings upon comprehensive consideration of whether an issuer makes appropriate decisions to improve its corporate value over the medium to long

term through appropriate corporate governance systems, as well as possible effects on enhancing our own corporate value. Whether to vote for or against specific proposals at General Meetings of Shareholders is considered through dialogue with the issuers and studies conducted by the department in charge.

(Excerpt from Article 8 of our Corporate Governance Guidelines)

[Principle 1-7: Related Party Transactions]

1. To protect the interests of shareholders, we take measures to prevent any related party of the Bank, such as an officer, from conducting transactions that would harm the interests of shareholders by taking advantage of its position.
2. Any significant or extraordinary transaction with the Bank's Directors, Audit & Supervisory Board Members and/or major shareholders shall require the approval of the Board of Directors.
