#### 2. Reasons of differences

“Ordinary Profit” and “Profit attributable to owners of parent” for the first half of the year ending March 2019 exceeded the forecast previously released due to the following reasons.

- Due to a strong performance of the corrugated container business and a steady trend of the pulp market in the overseas business.
- Due to changes in foreign exchange rates, foreign exchange gains occurred.

This foreign exchange gains were primarily the effect of change in exchange evaluation of foreign currency receivables and payables applied to exchange rate as of period end. Therefore, this amount may change with future fluctuations in foreign exchange rates.
