- Potential emergence of unprofitable projects
- Risks related to R&D investments, capital expenditures, business acquisitions, business restructuring, etc.
- Risks related to natural disasters and unforeseen events
- Changes in accounting policies

(Impact of forecast for basic earnings per share due to consolidation of common shares)

On October 1, 2018, Fujitsu conducted share consolidation for common stock at a rate of one share for every ten shares. Accordingly, for the purposes of calculating the forecast for basic earnings per share, the average number of shares outstanding for the period is calculated on the basis that share consolidation had been conducted at the beginning of the period.

For information regarding the assumptions used to prepare these projections, please refer to the supplemental explanation materials (Presentation Material).
