The corporate governance of Hulic Co., Ltd. is described below.

I. Basic Views on Corporate Governance, Capital Structure, Corporate Profile and Other Basic Information

1. Basic Views

(1) Objectives of the Company

The Hulic Group has adopted "creating a society full of security and trust for many years to come" as its corporate philosophy. Reflecting the corporate philosophy, we aim to achieve sustainable growth and medium- and long-term improvements in corporate value.

In addition, the Company formulates, discloses, and implements a concrete management strategy and a management plan that take into account trends in the management environment to achieve steady growth.

(2) Basic stance on corporate governance

The Hulic Group is aware of its responsibilities towards all of its stakeholders, including shareholders, and makes a point of carrying out corporate management in a transparent and sincere manner. At the same time, the Company, under the supervision of the Board of Directors, firmly maintains an autonomous governance system whereby internal controls, risk management, compliance, and disclosure control function adequately.

In addition, the Hulic Group has established the "Basic Stance on Corporate Governance," whereby it strives to comply with social demands through prompt and resolute decision-making from medium- and long-term perspectives, in order to improve its corporate value and enhance the significance of its reason for being.

[Reasons for Non-compliance with the Principles of the Corporate Governance Code]

[Principle 1.4, Supplementary Principle 1.4.1] Cross-Shareholdings

Hulic has cross-holdings of shares with other companies if it is deemed necessary to improve its corporate value in the medium and long term.

Meanwhile, the Company regularly verifies the rationality of its major cross-holdings of shares with listed companies by giving comprehensive consideration to factors, such as medium- and long-term profits of the

Group that can be obtained by reinforcing its transactional relationships with such companies, and reports to the Board of Directors. In the interest of ensuring the Board of Directors maintains its effectiveness, the Company verifies the rationality of its other cross-holdings of shares with listed companies by submitting a management circular (Ringi) through the chain of command. If the necessity of such holdings is judged to be poor, sale of the cross-holdings of shares will be considered.

In addition, the Company exercises its voting rights on all agenda items in principle, in order to use its rights as a shareholder.

When exercising its voting rights, Hulic decides to approve or reject each agenda item after comprehensively considering whether issuing companies have established effective corporate governance and make appropriate decisions to improve their corporate value in the medium and long term, as well as by holding dialogues directly with issuing companies on an as-needed basis.

If the agenda item refers to business reorganizations such as company mergers and takeover defense strategies, the Company will examine the issues prudently when exercising its voting rights.

If a shareholder who holds the Company's shares for cross-shareholding purposes informs the Company of its intention to sell those shares, the Company will review the background and reasons for the cross-shareholding and make judgements on a case-by-case basis. Although the Company will not engage in any improper conduct aimed at preventing such sale, etc., the Company believes that it is inappropriate to decide a uniform course of action in advance.

[Disclosure Based on the Principles of the Corporate Governance Code]

We created our "Corporate Governance Guidelines" as a framework for implementing optimal corporate governance, in which disclosure items required by the "Corporate Governance Code" are disclosed, and posted them on the Company website.

5. Other Special Circumstances which may have Material Impact on Corporate Governance

The Hulic Group has never fallen within the scope of a subsidiary or an affiliated company of the Mizuho Financial Group ("Mizuho FG"), including the former Fuji Bank, Ltd., since its establishment. The investment ratio of Mizuho FG as of December 31, 2017 in the Hulic Group stands at 6% (Mizuho Capital Co., Ltd.: 3.8%; Mizuho Bank, Ltd.: 1.7%). There are no matters for which Mizuho FG's approval is required prior to decision-making by the Hulic Group. The status of major shareholders of the Hulic Group is shown in 2. Capital Structure. We have no controlling shareholders as set forth in Article 2, Item 42-2 of the Securities Listing Regulations.

In the fiscal year ended December 2017, a high 9.2% of the Group's total operating revenue came from Mizuho FG, down 3.9 percentage points from the previous fiscal year. This high percentage is because Mizuho Bank, Ltd. is a core company of Mizuho FG, and is one of the main tenants in the Group's building rentals. Hulic was established as a real estate business operator through a close relationship with the former Fuji Bank, Ltd. in March 1957. As a result, the Company has a strong human resources-based relationship with Mizuho FG; as of the date of submission of the report, about 40% of its Officers (Directors and Audit & Supervisory Board Members) are from Mizuho FG.

The Company also depends mainly on Mizuho FG for financing, with borrowings from Mizuho FG comprising over 30% of the total borrowings of the Group.

Due to the above-mentioned background and present relationship with Mizuho FG, there is a risk of the Company's management being considered to come under the influence of Mizuho FG, disadvantaging its minority shareholders and raising concerns about securing the independence of its management. From the viewpoint of ensuring management transparency, however, the Company set up the Management Advisory Committee, which comprises third parties who are not from Mizuho FG or the Company's specified shareholders, in order to enhance the Company's independence. The Company regards this matter as one of its top priorities and continues its efforts to enhance corporate governance.
