

Notice of the 100th Ordinary General Meeting of Shareholders

MITSUI & CO., LTD.

Note: This document has been translated from Japanese original for reference purpose only, without any warranty as to its accuracy or as to the completeness of the information. The Japanese original version is the sole official version.

Dear Shareholders,

First of all, please allow me to express my heartfelt gratitude to all of you for your ongoing support. I hereby present notice of the convocation of the 100th Ordinary General Meeting of Shareholders.

The fiscal year ended March 31, 2019, was important as the second year for achieving the targets established in our Medium-term Management Plan. During this year, the Mitsui & Co. global group further strengthened its robust earnings base in core areas, such as mineral & metal resources, energy and power generation. We also continued to promote key initiatives in our growth areas; for example, we accelerated initiatives aimed at establishing future earnings bases, with healthcare as a focus area. As the overall global economy continues to be stagnant, we will need to work even harder during the fiscal year ending March 31, 2020.

Thanks to the generous support of our shareholders, Mitsui & Co. has successfully marked the respective milestones of the 60th anniversary of its great amalgamation, and its 100th Ordinary General Meeting of Shareholders. We will take this opportunity to reaffirm our commitment to achieving our plan for “Driving Value Creation,” which is to be a company that generates new trends and changes. Each and every employee will work with dedication, as a “strong individual.” We will endeavor to achieve and surpass our quantitative targets for 2020, which is the final year of the Medium-term Management Plan, and continue to work hard to create a sustainable society for a future brimming with aspiration.

As we take on these challenges, the ongoing support and encouragement of our shareholders will be more important to us than ever.

May 2019

Tatsuo Yasunaga
Representative Director, President and Chief Executive Officer
Mitsui & Co., Ltd.

Proposed Resolutions and Related Information

Item 1: Dividend of Surplus for the 100th Fiscal Year

Regarding the distribution of profits, in order to increase corporate value and maximize shareholder value, we seek to maintain an optimal balance between meeting investment demand in our core and growth areas through the reinvestment of our retained earnings, and directly providing returns to shareholders by paying out cash dividends. Based on this profit distribution policy, taking into consideration of core operating cash flow and profit for the year attributable to owners of the parent in the 100th fiscal year as well as stability and continuity of the amount of dividend, we propose to pay an annual dividend of ¥80 per share (including an interim dividend of ¥40) and a year-end dividend of ¥40 per share for the 100th fiscal year as follows.

(1) Type of Dividend Payment

Cash

(2) Items Relating to Dividend Payment and the Total Amount Distributed to Shareholders

Payment of a dividend of ¥40 per ordinary share, for a total payment of ¥69,524,167,440

An interim dividend of ¥40 per ordinary share was paid in December 2018, which would result in an annual dividend for the 100th fiscal year of ¥80 per ordinary share.

(3) Date that the Dividend of Surplus Became Effective

June 21, 2019

(Reference) Shareholder Returns

(Billions of Yen)

*Amount of shareholder returns / core operating cash flow

**Amount of shareholder returns / profit for the year attributable to owners of the parent

Note: The year-end dividend per share and annual dividend per share for the 100th fiscal year (the current fiscal year), were calculated based on the assumption that Item 1 will be approved as proposed.

Item 2: Election of Fourteen (14) Directors

The terms of office for all the current fourteen (14) Directors will expire at the conclusion of this Ordinary General Meeting of Shareholders. Accordingly, the Company proposes to elect fourteen (14) Directors. The Board of Directors has determined the following candidates for the Director positions. Each candidate has been selected based on the selection criteria formulated by the Nomination Committee, an advisory body to the Board of Directors chaired by an External (Independent) Director, and the Board of Directors has received confirmation from all attending members of the Nomination Committee that each candidate fulfills the necessary requirements based on the aforementioned selection criteria.

[Reference: Appointment Standards for Directors and Audit & Supervisory Board Members and Criteria of Independence for External Officers]

[Appointment of Directors]

- 1) Mitsui selects candidates for positions of Director giving consideration to the following appointment standard for Directors.
 - Person with excellent overall character who possesses qualities valuable for the management of Mitsui
 - Person possessing both strong leadership skills and high moral caliber and with law-abiding spirit and a strong intention to contribute to public interest
 - Person with no health concerns for the execution of duties
 - Person possessing capability for smooth performance as a director of “decision-making related to the execution of operations of the company” and “oversight of the execution of duties by directors” to be conducted by the board of directors
 - Person excelling in capability, foresight and insight to make best judgment for the company strictly in compliance with duty of care of a good manager and duty of loyalty expected of a director and in accordance with the “business judgment rule”
- 2) Selection of candidates for positions of Director is conducted after confirmation is obtained from the Nomination Committee that the necessary requirements based on the selection processes and the appointment standard for Directors established by the Nomination Committee are fulfilled.

[Appointment of External Directors]

- 1) Mitsui has decided that as the appointment standard for External Directors, the prospective person’s extensive business experience and knowledge are required to deliberate on such Board of Directors meeting proposals as investments and loans, and knowledge of his or her particular area of business is used.
- 2) Mitsui has decided that in selecting candidates for the positions of External Director, it puts great value on ensuring their independence from Mitsui in the pursuit of their management oversight functions. Also, with a view to overseeing business operations in a way that reflects the standpoint of our diverse stakeholders, Mitsui takes into consideration the field from which candidates originate, along with their gender.

Given that Mitsui is a general trading company with extensive business dealings, it has been decided to make appropriate efforts by the Board of Directors to handle with likely conflicts of interest involving the prospective External Director in individual transactions with external parties.

[Appointment of Audit & Supervisory Board Members]

- 1) Mitsui selects candidates for positions of Audit & Supervisory Board Member giving consideration to the following appointment standard for Audit & Supervisory Board Members.
 - Person of excellent personality and considerable insight, possessing outstanding capability and achievements or abundant knowledge in the fields of legal affairs, financial affairs and accounting, business management, and other various fields
 - With respect to Internal Audit & Supervisory Board Members, person well-acquainted with actual conditions of the Company and possessing capability to conduct appropriate audits
- 2) For the selection of candidates for positions of Audit & Supervisory Board Member, Directors prepare a proposal for election through consultation with Audit & Supervisory Board Members and obtain agreement of the Audit & Supervisory Board in advance. The Audit & Supervisory Board deliberates on the advisability of agreeing with the proposal for election of Audit & Supervisory Board Members to be submitted to the General Meetings of Shareholders by the Board of Directors.

[Role and appointment of External Audit & Supervisory Board Members]

External Audit & Supervisory Board Members are appointed with the objective of further heightening the neutrality and independence of the auditing system, and it is particularly expected that External Audit & Supervisory Board Members objectively express their auditing opinions from the standpoint of neutrality, building on such factors as that independence. When selecting candidates for positions of External Audit & Supervisory Board Member, the Audit & Supervisory Board confirms that no issues with independence arise by taking into consideration not only the appointment standard provided for in “Appointment of Audit & Supervisory Board Members” above, but also such factors as relations with the Company, the management and important staff.

[Criteria of independence]

External Directors or External Audit & Supervisory Board Members of Mitsui (hereinafter referred to as “External Officers”) who do not fall under any of the following items are to be judged to have independence.

- 1) Person who is currently or was in the past ten years an Executive Director, Executive Officer, Managing Officer, manager, employee, administrative officer, etc. (hereinafter referred to as “executing person”) of Mitsui or Mitsui’s consolidated subsidiaries.
- 2) Person or the executing person of a corporation holding either directly or indirectly 10% or more of total number of the voting rights of Mitsui
- 3) Person whose major business partner is Mitsui or Mitsui’s consolidated subsidiaries (*1) or the executing person of the same
 - *1 If the relevant business partner received from Mitsui or Mitsui’s consolidated subsidiary the payment equivalent to 5% or more of its annual transaction volume (non-consolidated) in the most recent business year or the relevant business partner obtained from Mitsui or Mitsui’s consolidated subsidiary the money loans equivalent to 5% or more of its consolidated total assets in the most recent business year, the relevant business partner is deemed to be the person whose major business partner is Mitsui or Mitsui’s consolidated subsidiary.
- 4) Major business partner of Mitsui or Mitsui’s consolidated subsidiary (*2) or the executing person of the same
 - *2 If Mitsui or Mitsui’s consolidated subsidiary received from the relevant business partner the payment equivalent to 2% or more of Mitsui’s annual consolidated transaction volume in the most recent business year or the relevant business partner provided Mitsui or Mitsui’s consolidated subsidiary with the money loans equivalent to 2% or more of Mitsui’s consolidated total assets, the relevant business partner is deemed to be the major business partner of Mitsui or Mitsui’s consolidated subsidiary.
- 5) Independent Auditor of Mitsui or Mitsui’s consolidated subsidiary or employee, etc. of the same
- 6) Person providing professional services such as consultant, lawyer and certified public accountant who received from Mitsui monetary payment or other property benefits exceeding ¥10 million in total other than officer remuneration in the most recent business year (referring to the person belonging to the organization if the one who received the relevant property is an organization such as corporation and association)
- 7) Person or the executing person of a corporation who received the annual total of ¥10 million or more of donations or aid funds from Mitsui or Mitsui’s consolidated subsidiary in the most recent business year
- 8) Person who has fallen under any of 2) to 7) above in the past three years
- 9) Spouse or relative within the second degree of kinship (hereinafter referred to as “close relatives”) of the person who is currently or has been recently the important executing person of Mitsui or Mitsui’s consolidated subsidiary (including Director who is not the executing person in the case of External Audit & Supervisory Board Member)
- 10) Close relatives of the person who currently falls or has fallen recently under any of 2) to 7) above (excluding the one who is not important)

The full text of the “Mitsui & Co., Ltd. Corporate Governance and Internal Control Principles,” in which the above are stipulated, is available on the Company’s website.

Item 4: Determination of Remuneration for Directors for the Granting Share Performance-Linked Restricted Stock

Currently, the remuneration for Directors of the Company other than External Directors (hereinafter referred to as “Eligible Directors”), consists of (i) basic fixed remuneration, (ii) results-linked bonuses based on the Company’s key performance indicators, and (iii) stock-based compensation stock options with stock price conditions as medium- to long-term incentive compensation. The maximum limit for basic fixed remuneration is ¥1 billion per year (based on a resolution of the Annual General Meeting of Shareholders held on June 21, 2017). The maximum limit for results-linked bonuses is ¥700 million per year (based on a resolution of the Annual General Meeting of Shareholders held on June 21, 2017). The maximum limit for stock-based compensation stock options with stock price conditions is ¥500 million per year, which is a separate allocation from the remunerations under Items (i) and (ii) above (based on a resolution of the Annual General Meeting of Shareholders held on June 20, 2014).

Reviews of remuneration for the Company’s Directors and Audit & Supervisory Board Members have been discussed primarily by the Remuneration Committee, which is chaired by an (Independent) External Director and functions as an advisory body for the Board of Directors. Based on the results of recent deliberations by the Remuneration Committee, we wish to introduce a form of remuneration system that is the issuance of share performance-linked restricted stock (referred to below as “the System,” shares issued under the System being referred to as “the Shares”) in place of the current system of stock-based compensation stock options with stock price conditions. Specifically, this would involve allocating share performance-linked restricted stock to the Eligible Directors, with a restriction on transfer of the stock for 30 years or until the time when the Directors retire. The purpose of this change is to provide the Eligible Directors with a greater incentive to achieve sustained improvement in the Company’s medium- to long-term corporate performance, with the same perspective as shareholders and sharing more value with them. We request the approval of this Item, under which the Eligible Directors would receive monetary compensation not exceeding ¥500 million per year through the granting of the Shares.

The specific time for, and amount of, payments to Eligible Directors would be decided by the Board of Directors in consideration of deliberations by the Remuneration Committee.

If this Item is approved as submitted, we will abolish remuneration for Directors based on the system of granting stock-based compensation stock options with stock price conditions (except for stock options that have already been granted). Thereafter, no new stock options will be issued as remuneration for Directors.

We have received a response from the Remuneration Committee stating that the amended system of remuneration for Eligible Directors is appropriate.

If Item No. 2 (Election of Fourteen (14) Directors) is approved as submitted, the number of Eligible Directors will be nine (9). Furthermore, Eligible Directors will receive the issuance or disposal of the Shares in exchange for the in-kind investment in kind of their full entitlement to receive monetary remuneration based on resolutions of the Company’s Board of Directors. The total number of ordinary shares that will be newly issued or disposed to Eligible Directors by the Company under the System will be no more than 500,000 per year (however, this number may be changed within reasonable limits if the Company’s ordinary shares are affected by a stock split (including a free allotment of new ordinary shares in the Company) or a reverse stock split after the date on which this Item is approved, or if other circumstances arise that necessitate adjustments to the total number of the Company’s ordinary shares that are issued or disposed of as restricted shares).

The paid-in amount per Share will be determined by the Board of Directors based on the average daily closing price for the Company’s ordinary shares on the Tokyo Stock Exchange (excluding days on which there is no closing price, with the price to be rounded up to the nearest whole yen) in the three months immediately prior to the month containing the date of the Board of Directors’ resolution concerning issuance or disposal of the Shares (hereinafter referred to as “the date of the Board of Directors’ resolution”), within a range that is not especially advantageous to the Eligible Directors. The issuance of Shares under the System is conditional on the Company and the Eligible Directors entering into allocation agreements for the granting of the Shares (hereinafter referred to as the “Allocation Agreements”). An outline of the System, including the terms of the Allocation Agreements, is provided below.

(1) Conditions for linkage to share performance

If the growth rate of the Company's share price over the three years after the date of the Board of Directors' resolution (or the period to the date of retirement if an Eligible Director retires from their role as a Director or Managing Officer of the Company before the elapse of three years, hereinafter referred to as the "Valuation Period") is equal to or greater than 150% of the growth rate of the Tokyo Stock Price Index (TOPIX), the entire number of the Shares will be deemed to be the number after valuation. If the growth rate of the Company's share price is lower than 150% of the TOPIX growth rate, the number of the Shares after valuation will be a percentage calculated using the formula in the attachment entitled "Details of Share Performance Linkage Conditions." The remainder of the Shares will be acquired by the Company without compensation at the end of the Valuation Period.

(2) Restriction on transfer

The Eligible Directors will be unable to transfer, pawn, or otherwise dispose of the Shares (hereinafter referred to as "Restriction on Disposal") for a period of 30 years from the pay-in date (hereinafter referred to as the "Restriction on Transfer Period").

(3) Lifting of Restriction on Disposal

Irrespective of the provisions of (2) above, the Restriction on Disposal will be lifted if an Eligible Director retires as a Director or Managing Officer of the Company before the end of the Restriction on Transfer Period.

(4) Grounds for acquisition without compensation

In addition to the condition of acquisition without compensation under the conditions for linkage to share performance in (1) above, the Company will acquire all or part of the Shares of an Eligible Director who engages in actions that contravene laws and regulations during the Restriction on Transfer Period, or on other grounds as stipulated in the Allocation Agreement.

(5) Procedures in the event of organizational restructuring, etc.

Irrespective of the provisions of (2) above, the Company will make reasonable adjustments to the number of Shares to be acquired without compensation or the time when the Restriction on Disposal will be lifted, by resolution of the Board of Directors, if the Company enters into a merger agreement resulting in the absorption of the Company or a share swap agreement or share transfer plan under which the Company becomes a wholly owned subsidiary, or otherwise undertakes organizational restructuring, etc., during the Restriction on Transfer Period, pursuant to a resolution of a General Meeting of Shareholders (or a resolution of the Board of Directors in the case of a matter for which a resolution of a General Meeting of Shareholders is not required).

(Reference)

Upon the approval of this Item as submitted, we plan to pay compensation for the share performance-linked restricted stock to Managing Officers who are not also serving as Directors, on the same basis as payments to Eligible Directors under the System based on resolutions of the Board of Directors (non-residents of Japan will receive monetary remuneration linked to the share price under conditions equivalent to the system, mutatis mutandis). For this reason, stock-based compensation stock options with stock price conditions will also be abolished for Managing Officers who are not also serving as Directors. Thereafter, no new stock options will be issued as remuneration for Managing Officers, except for the residual portion of options granted to Managing Officers serving overseas.

[Details of Share Performance Linkage Conditions]

- (i) If the growth rate of the Company's share price^{(*)1} is equal to or greater than 150% of the growth rate of the Tokyo Stock Price Index (TOPIX)^{(*)2}, the number after valuation will be deemed to be the entire number of Shares issued^{(*)3}.
- (ii) If the growth rate of the Company's share price is lower than 150% of the TOPIX growth rate, the number of Shares after valuation will be a number calculated using the following formula, and the remainder of the Shares will be acquired by the Company without compensation at the end of the valuation period.

$$\begin{aligned}
\text{Number of Shares after valuation} &= \text{Number of Shares} \times \frac{\text{The Company's share price growth rate}}{\text{TOPIX growth rate} \times 150\%} \\
&= \text{Number of Shares} \times \frac{(A + B) / C}{(D / E) \times 150\%}
\end{aligned}$$

(*1) This is the growth rate of the Company's share price during a valuation period defined as three years from the date of the Board of Directors' resolution (or the period to the date of retirement if an Eligible Director retires from their role as a Director or Managing Officer of the Company before the elapse of three years. The same applies to (*2)). The growth rate will be specifically calculated as follows:

- A: The average closing price of the Company's stock on the Tokyo Stock Exchange during the three months immediately prior to the month in which the final day of the valuation period falls
 - B: The total dividend per share for the Company's ordinary shares during the valuation period
 - C: The average closing price of the Company's stock on the Tokyo Stock Exchange during the three months immediately prior to the month in which the date of the Board of Directors' resolution falls
- Growth rate of the Company's share price = (A+B) / C

(*2) This is the growth rate of the TOPIX during a period of three years from the date of the Board of Directors' resolution. It will be specifically calculated using the following formula.

- D: The average TOPIX closing price on the Tokyo Stock Exchange during the three months immediately prior to the month in which the final day of the valuation period falls
 - E: The average TOPIX closing price on the Tokyo Stock Exchange during the three months immediately prior to the month in which the date of the Board of Directors' resolution falls
- TOPIX growth rate = D / E

(*3) Number of Shares = Entitlement to monetary compensation determined according to rank / Paid-in amount per Share

I. Business Review

1. Operating environment

In the year ended March 31, 2019, the global economy slowed its pace of growth due to the weakening momentum of economic recovery in Europe, Japan and China despite an overall firmness in the United States economy.

The United States economy continued to expand as a result of firm consumer spending supported by continuing improvement in employment and employee income conditions as well as the stimulus effect of tax cuts.

Meanwhile, in Europe, turmoil in automobile production in Germany due to the introduction of EU's stricter emissions tests and stagnating exports have slowed the pace of economic recovery.

The Chinese economy has slowed due to adjustments being made to counter excessive debt as well as the impact of U.S.-China trade friction. As to the resource-exporting countries, Brazil's economic recovery stalled following the logistics turmoil that occurred with the truck-drivers' strike, while Russia's economy has picked up following a rise in the price of crude oil.

In Japan, economic recovery appears to be pausing, hit by the successive natural disasters over summer and a decline in exports to China particularly in the IT-related industry.

At the start of 2019, the U.S. dollar to yen exchange rate surged in the direction of yen appreciation, but overall, yen depreciation has been the basic tone.

2. Operating results, financial condition, etc.

1. Results of Operations

Gross Profit for the year ended March 31, 2019 totaled ¥838.5 billion, an increase of ¥47.8 billion from the previous year. The Energy Segment reported an increase mainly due to higher crude oil and gas prices. The Innovation & Corporate Development Segment reported an increase mainly due to a swing-back effect from recording a loss in the previous year and strong trading business under the favorable market environment. Meanwhile, the Mineral & Metal Resources Segment reported a decrease due to lower iron ore sales prices and higher operational costs at coal mining operations.

- Share of Profit (Loss) of Investments Accounted for Using the Equity Method for the year ended March 31, 2019 was ¥255.4 billion, an increase of ¥20.5 billion from the previous year. The Energy Segment reported an increase mainly due to higher crude oil and gas prices. The Innovation & Corporate Development Segment reported an increase mainly due to a swing-back effect from recording a loss in the previous fiscal year. Meanwhile, the Machinery & Infrastructure Segment reported a decrease mainly due to a swing-back effect from the sale of interests in UK power operations in the independent power producer (IPP) businesses in the previous year.

- Profit for the Year Attributable to Owners of the Parent for the year ended March 31, 2019 totaled ¥414.2 billion, a decrease of ¥4.3 billion from the previous year. In addition to the above, the main factors behind results were:

- Selling, General and Administrative Expenses decreased by ¥5.4 billion to ¥566.3 billion, reflecting a provision for doubtful receivables related to borrowings recorded as a result of having reviewed various assumptions in the copper businesses in Chile in the previous year.
- Gain on Securities and Other Investments declined by ¥50.7 billion from the previous year to ¥4.4 billion. Whereas a gain was recorded on the change in profit share of one of Asia's largest private hospital groups, IHH Healthcare, there was a swing-back effect of recording a valuation gain with respect to the incorporation of Valepar S.A. by Brazilian natural resources company Vale S.A. in the previous year.
- Impairment Loss of Fixed Assets was ¥27.0 billion, a deterioration of ¥1.5 billion. Losses were recorded in association mainly with a change of development plan in the Eagle Ford shale oil and gas business in the U.S. as well as at U.S. feed additive manufacturing and sales company Novus International, Inc. as a result of reassessing projects to increase production capacity. Meanwhile, there was a swing-back effect of recording a loss on impairment of fixed assets of Brazilian agricultural products producer Xingu Agri AG due to a decline in the value of land in the previous year.
- Gain on Disposal or Sales of Fixed Assets was ¥17.9 billion, an increase of ¥2.8 billion, reflecting a gain recorded on the sale of the Bengalla coal business in Australia. Meanwhile, there was a swing-back effect of recording a gain on disposal of fixed assets in the Lifestyle Segment and the Innovation & Corporate Development Segment in the previous year.
- Other Expense was ¥18.8 billion, a decrease of ¥34.6 billion. While a loss due to a fire incident at U.S. chemical tank terminal operating company Intercontinental Terminals Company was recorded, there was

also a swing-back effect of recording a valuation profit on derivatives in relation to a price adjustment clause for the investment in automotive press components manufacturer Gestamp Automoción S.A. in the previous year.

- Provision Related to the Multigrain business was a gain of ¥11.1 billion, an improvement of ¥36.1 billion due to a swing-back effect of a provision recorded for losses associated with a deteriorating business environment of Brazilian grain origination business operator Multigrain Trading AG in the previous year, a gain on the reversal of the provision was recorded in the year ended March 31, 2019.
 - Dividend Income increased by ¥21.1 billion to ¥105.9 billion. Dividends from LNG projects increased.
 - Income Taxes increased by ¥49.5 billion to ¥152.6 billion. The increase reflected a swing-back effect of a lower income tax burden in the previous year due to a reversal of deferred tax liabilities associated with the restructuring of Valepar S.A.
- Return on Equity (“ROE”) for the year ended March 31, 2019 was 10.1%, 0.8 points down from the 10.9% recorded in the previous year.

2. Financial Condition and Cash Flows

■ Financial Condition

Total assets as of March 31, 2019 were ¥11,945.8 billion, an increase of ¥639.1 billion from the previous fiscal year-end. Current assets decreased by ¥229.9 billion mainly due to a lower amount for cash and cash equivalents, but non-current assets increased by ¥869.0 billion due mainly to an increase in investments in equity-method affiliates, including an acquisition of an additional shares in IHH Healthcare.

Net interest-bearing debt (interest-bearing debt less cash and cash equivalents and time deposits) increased by ¥570.0 billion to ¥3,659.2 billion. Shareholders’ equity^(*) increased by ¥288.5 billion to ¥4,263.2 billion, mainly due to an increase in retained earnings. As a result, the net debt-to-equity ratio (“Net DER”) was 0.86 times, 0.08 points higher than the previous fiscal year-end.

(*) The term “Shareholders’ equity” refers to “Total equity attributable to owners of the parent” as shown in the “Consolidated Statements of Financial Position” on page 63.

■ Cash Flows

Net cash provided by operating activities for the year ended March 31, 2019 was ¥410.7 billion, a decrease of ¥142.9 billion from the previous year.

Core operating cash flow, excluding the net cash flow from an increase or a decrease in working capital provided by operating activities, was ¥570.5 billion, a decrease of ¥96.0 billion.

Net cash used in investing activities was ¥719.0 billion, an increase of ¥470.8 billion, owing mainly to new investments. As a result, free cash flow – the sum of net cash provided by operating activities and net cash used in investing activities – was a net outflow of ¥308.3 billion, an increase in outflow of ¥613.7 billion, compared with a net inflow of ¥305.4 billion in the previous year.

Net cash provided by financing activities was ¥127.4 billion, an increase in inflow of ¥779.7 billion, compared with a net outflow of ¥652.3 billion in the previous year.

3. Overview of Operating Segments

The Company develops business activities by structuring its business organization along two axes: products and regions. The product axis comprises headquarters business units, which operate independently under their respective product strategies. Headquarters business units also cooperate horizontally across business units to better deploy the Company's comprehensive strength. The regional axis consists of regional business units, which are staffed by experts in the respective local markets who build close relationships with leading companies in those markets, and are the cornerstone of the Company's global strategy.

These headquarters business units and regional business units are organized into seven product segments based on the properties and characteristics of the products they handle, factoring in managerial decisions relating to the allocation of resources and assessment of such operating performance.

(1) Results by Operating Segment

3. Progress of the Medium-term Management Plan

The following section details progress made during the fiscal year ended March 31, 2019, the second fiscal year of the Medium-term Management Plan “Driving Value Creation”^(*).

(*) The notion of “Driving Value Creation” involves a diverse pool of talented professionals putting effort into proactive business creation and sustainably creating new value by leveraging Mitsui Group’s comprehensive strengths and networks.

(1) Four key initiatives regarding the Medium-term Management Plan

1. Build robust profit base and thoroughly strengthen existing businesses
2. Establish selected new growth areas
3. Cash flow focused management; Strengthen financial base
4. Enhance Governance, Personnel and Innovation functions

(2) Progress of the Medium-term Management Plan

Key Initiative 1: Build robust profit base and thoroughly strengthen existing businesses

In Minerals & Metal Resources, there were major developments in the maintenance and expansion of the business base with the decision to develop new deposits at our Australian iron ore business, Mitsui’s largest revenue source. As part of our efforts to adjust our portfolio, we sold our equity interest in a thermal coal mine. In Energy, we made steady progress in LNG pipeline projects in Cameron (U.S.) and in Mozambique, and agreed a contract extension in the Abu Dhabi LNG business. Furthermore, through the purchase of AWE Limited, an oil and gas company in Australia, we acquired not only quality oil and gas assets but also operational capabilities. In Lifestyle, we made steady progress in adjusting and enhancing the business base, completing our withdrawal from Brazilian grain origination business operator Multigrain Trading AG and making an additional investment in IHH Healthcare, one of Asia’s largest private hospital groups, to become the company’s largest shareholder. We also made notable progress in Innovation & Corporate Development, strengthening ICT-related businesses in Japan while achieving significant profit recovery from the previous fiscal year. These and other specific achievements towards strengthening the profit base in each operating segment are shown in the table below.

Operating Segments	Specific achievements
Mineral & Metal Resources	<ul style="list-style-type: none"> ■ Maintained and expanded iron ore business base in Australia (FID of Robe River JV deposit, South Flank) ■ Sold equity interest in Bengalla coal mine in Australia (thermal coal)
Energy	<ul style="list-style-type: none"> ■ Steady promotion of LNG projects (Cameron in the U.S., Mozambique, agreed business contract extensions in Abu Dhabi LNG) ■ Acquired Australian company AWE through takeover bid
Machinery & Infrastructure	<ul style="list-style-type: none"> ■ Participated in new power generation business (Taiwan offshore wind power) ■ Expanded FPSO business
Chemicals	<ul style="list-style-type: none"> ■ Participated in European paint manufacturing business ■ Strengthened methanol business base
Iron & Steel Products	<ul style="list-style-type: none"> ■ Pursued business transformation (strengthened competitiveness of Nippon Steel & Sumikin Bussan*)
Lifestyle	<ul style="list-style-type: none"> ■ Completed withdrawal from Multigrain ■ Made additional investment in IHH to become largest shareholder
Innovation & Corporate Development	<ul style="list-style-type: none"> ■ Expanded domestic ICT-related businesses (MKI, etc.) ■ Built up assets of buyout fund (expanded portfolio through MSD Investments Ltd. etc.)

*Company name was changed to Nippon Steel Trading on April 1, 2019

Key Initiative 2: Establish selected new growth areas

In the year ended March 31, 2019, we accelerated initiatives towards establishing a future profit base with a focus on Healthcare, one of the four growth areas (Mobility, Healthcare, Nutrition & Agriculture and Retail & Services). We made an additional investment in IHH Healthcare and became its largest shareholder. There remains a large shortage in the number of hospital beds in emerging Asian economies and most ancillary functions, such as dialysis treatment, are still carried out within the hospital environment. As a result, the growth potential of these markets is considerably greater than in developed economies and we will continue to put priority on allocating resources to this area and further strengthen the business base. We also invested in Thorne Research, a high-quality supplements business in the U.S. The global market for supplements is forecast to grow at a rate of 8 – 9% annually and we aim to raise the value of Thorne's U.S. business and expand into Japan and other regions by leveraging our broad network of business assets and partners.

Key Initiative 3: Cash flow focused management; Strengthen financial base

Core operating cash flow for the fiscal year ended March 31, 2019 was ¥570 billion. Combined with ¥230 billion obtained from progress in asset recycling, this produced cash-in of ¥800 billion.

Investment and Loans totaled ¥930 billion due to carry over of some projects from the previous fiscal year and additional investment in IHH Healthcare. With the addition of ¥140 billion in shareholder returns, free cash flow (*) after shareholder returns was negative ¥270 billion. In the fiscal year ended March 31, 2018, free cash flow after shareholder returns was positive ¥240 billion, bringing the two-year total to negative ¥30 billion. There is no change to our policy to achieve three-year cumulative positive free cash flow after shareholder returns and we will continue to strengthen our financial base.

(*) Free cash flow that excludes the effects of changes in working capital and time deposits

Key Initiative 4: Enhance Governance, Personnel and Innovation functions

In the fiscal year ended March 31, 2019, we took steps to improve the effectiveness of the Board of Directors,

holding an off-site meeting for intensive discussion of corporate strategy and increasing opportunities to discuss important themes which affect the entire company, such as sustainability. In addition, at our shareholders meeting on June 20, 2019, we plan to introduce resolutions on the appointment of Takeshi Uchiyamada, who has considerable business experience, as a candidate for director, and on a structure of remuneration that includes share performance-linked restricted stock.

With respect to strengthening the individual personnel, we have taken steps to enhance our global HR management, introducing the Change Leader Program to identify and foster talented personnel globally, and proactively including employees hired outside Japan in managerial appointments.

To strengthen our innovation functions, we established Moon Creative Lab Inc. as a subsidiary to “create” new businesses from the ground up, and we are accelerating Digital Transformation initiatives.

4. Outline of financing and capital expenditure

1. Financing

The basic funding policy of the Company is to secure appropriate liquidity required for our business activities and to maintain financial strength and stability. We procure long-term funds, mostly with maturities of around 10 years, primarily through long-term borrowings from domestic financial institutions, including insurance companies and banks, and the issuance of corporate bonds. In cases where projects require large amounts of financing, we utilize loans from government financing agencies and/or project finance. In addition, financing subsidiaries and overseas offices procure long-term and short-term borrowings as well as issue commercial papers (short-term corporate bonds) in accordance with their funding needs.

In principle, wholly owned subsidiaries procure funds not from financial institutions outside the Group, but by utilizing our Cash Management Service, in which wholly owned subsidiaries can procure financing from financing subsidiaries and overseas offices of the Company. Through this service, we are promoting centralization of fund raising and the efficient use of funds.

Interest-bearing debt outstanding as of March 31, 2019, totaled ¥4,625.5 billion, marking a ¥398.6 billion increase from the previous fiscal year-end. Net interest-bearing debt (after subtracting cash and cash equivalents and time deposits) totaled ¥3,659.2 billion, a ¥570.0 billion increase.

6. Key issues to address

1. Revision of Materiality

Mega-trends with the potential to impact our business activities are rapidly changing and the importance of sustainability has been increasing globally, as expressed in the environmental, social, and governance (ESG) aspects and the United Nations Sustainable Development Goals (SDGs). In response to these, we have now revised Mitsui's Materiality, which was originally defined in March 2015 as important management priorities for the achievement of sustainability growth, and newly identified the following five material issues.

- **Secure sustainable supply of essential products**

Ensure the sustainable and stable supply of resources, materials, food and manufactured products that are vital for the development of society.

- **Enhance quality of life**

Contribute to the betterment of living standards and the development of local industries to realize sustainable societies globally.

- **Create an eco-friendly society**

Accelerate initiatives towards environmental issues, such as responding to climate change and water resource problems, and contributing to a circular economy.

- **Develop talent leading to value creation**

Respect diversity and develop human resources with the competence to create innovation and new value.

- **Build an organization with integrity**

Strengthen our governance and compliance as a corporate group trusted by society.

Mitsui will continue to pursue sustainable management, seeking to make a balanced and long-term contribution through our business activities to the sustainable economic and social development of countries and regions around the world and to addressing global scale issues, such as climate change.

2. Business Plan for the Year Ending March 31, 2020

For the fiscal year ending March 31, 2020, the final fiscal year of the current Medium-term Management Plan, we are targeting profit for the year of ¥450 billion and core operating cash flow of ¥640 billion. Both of these represent an increase to the original targets for the final year of the Plan, announced two years ago. Our return on equity (ROE) target of 10% is unchanged.

(1) Action Plan for the Year Ending March 31, 2020

We have seen steady progress in the 3 core areas (Resources & Energy, Machinery & Infrastructure, and Chemicals) and the 4 growth areas (Mobility, Healthcare, Nutrition & Agriculture, and Retail & Services). While the framework remains unchanged, we believe that businesses operating in areas concerning the 'environment' and 'health' have particularly high potential for solid and meaningful growth, and looking

ahead we remain focused on strengthening our foundations in these businesses and on expanding to adjacent businesses.

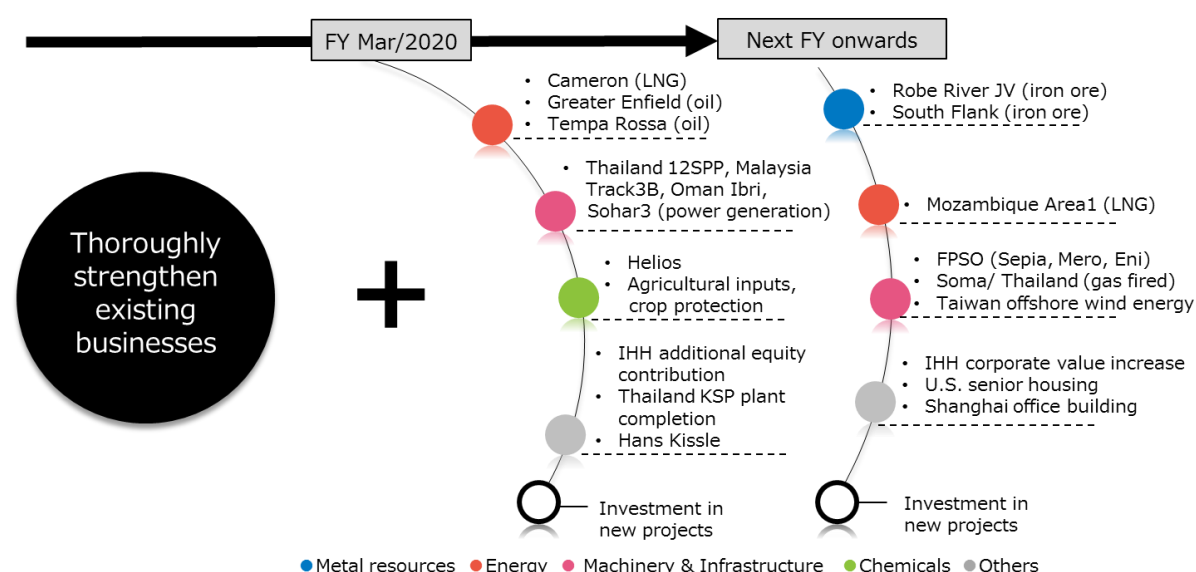

Tackling climate change is a growing global concern and we intend to further accelerate our efforts in the area of the environment, addressing the increasing demand in Asia for LNG, an energy source with comparatively low environmental impact, and trends for electrification and ride sharing in Mobility. In health, with Asia in particular experiencing high middle-class growth, the supply of health services to address the increase in chronic diseases associated with higher standards of living and the supply of quality food and medical products is essential to improving wellbeing and developing local industry.

Addressing these environment and health issues requires a cross-sectional approach, leveraging strengths across multiple different business segments. Mitsui is well positioned to create new value through the implementation of an action plan that brings out the comprehensive strength in which we excel.

Looking beyond environment and health, across all segments in which we operate, we will continue to improve the quality of our business and investment portfolio, pursuing initiatives to strengthen existing businesses, raising the profitability of existing assets, and through strategic recycling.

(2) Business Assets: Contribution to Profit and Cash Generation

The fiscal year ending March 31 2020 will see the launch of a number of important projects in Energy, and we expect these together with power generation businesses in Machinery & Infrastructure and coating manufacturing and the expansion of agricultural inputs and crop protections business in Chemicals to contribute to the enhancement of our profit base. In Lifestyle, we forecast contribution to profit from the completion of the construction of production facilities for high-quality sugar and from our additional investment in IHH Healthcare, one of Asia's largest private hospital groups. Ensuring the steady launch of these projects and enhancing our profitability while thoroughly strengthening existing businesses will enable us to achieve the goals of the business plan for the current fiscal year.

(3) Cash Flow Allocation Results and Latest Forecast (over the three-year period of the Medium-term Management Plan on a cumulative basis)

We have updated the cumulative cash flow allocations for the three-years of the Medium-term Management Plan upon taking into account financial results for the previous two fiscal years and targets for the fiscal year ending March 31, 2020. We forecast core operating cash flow of ¥1.88 trillion, while investment and loans will increase by ¥200 billion to ¥2.1 trillion due to the additional investment in IHH Healthcare. The forecast for asset recycling is ¥800 billion, an increase of ¥100 billion. Based on the Profit Distribution Policy described below, we forecast total shareholder returns of ¥140 billion for the fiscal year ending March 31, 2020, for a three-year cumulative total of ¥450 billion.

As a result, we forecast three-year cumulative free cash flow after shareholder returns of ¥130 billion, which will be distributed as additional shareholder returns, to pay down net interest bearing debt, and/or for additional investments as appropriate in consideration of the business situation.

(Unit: ¥billion)

		Medium-term management plan two-year cumulative results	Annual plan for FY Mar/2020	3-year cumulative (current revision) (FY Mar/2018 - FY Mar/2020)
Cash-In	Core Operating Cash Flow*1...①	1,240	640*2	1,880*2
	Asset Recycling...②	530	270	800
Cash-Out	Investment and Loans...③	-1,490	-610	-2,100
	Shareholder Returns*2...④	-310	-140	-450
Free cash flow*3 after shareholder returns...① + ② + ③ + ④		-30	160*2	130*2

*1. Cash flow from operating activities minus cash flow from changes in working capital

*2. Includes ¥50bn increase in operating cash flow associated with application of IFRS 16 "Leases"

*3. Free cash flow that excludes the effects of changes in working capital and time deposits

(4) Profit Distribution Policy

Our profit distribution policy has been resolved as follows at the Board of Directors through discussion in which external directors were also involved:

- In order to increase corporate value and maximize shareholder value, we seek to maintain an optimal balance between (a) meeting investment demand in our core and growth areas through re-investments of our retained earnings, and (b) directly providing returns to shareholders by paying out cash dividends.
- In addition to the above, in relation to share buyback toward improving capital efficiency, we judge that the decision by the Board of Directors in a prompt and flexible manner concerning its timing and amount by taking into account the business environment such as future investment and activity trends, free cash flow and interest-bearing debt levels, and return on equity, continues to contribute to enhancement of corporate value.

For the period of the Medium-term Management Plan, we have established a target minimum annual dividend amount of ¥100 billion based on our assessment of achievable stable core operating cash flow, with the aim of ensuring a certain level of return to shareholders regardless of changes in the external environment. While our principal intention is to steadily increase dividends through improvements in corporate performance, we will also consider flexible ways to address shareholder compensation, provided that sufficient retained earnings are secured for future business development.

For the fiscal year ending March 31, 2020, we currently envisage an annual dividend of ¥80 per share,

taking into consideration core operating cash flow and profit for the year attributable to owners of the parent as well as stability and continuity of the amount of dividend.

Notes:

- Directors Toshiro Muto, Izumi Kobayashi, Jenifer Rogers, Hiroataka Takeuchi and Samuel Walsh are External Directors, and the Company has submitted filings with the domestic financial instruments exchanges on which it is listed designating all five individuals as independent Directors. Audit & Supervisory Board Members Haruka Matsuyama, Hiroshi Ozu and Kimitaka Mori are External Audit & Supervisory Board Members, and the Company has submitted filings with the domestic financial instruments exchanges on which it is listed designating all three individuals as independent Audit & Supervisory Board Members. For information regarding the criteria of independence for External Directors or External Audit & Supervisory Board Members (“External Officers”) set by the Company, please refer to pages 26-27.
- The Company has entered into agreements with the respective External Directors and respective Audit & Supervisory Board Members pursuant to Article 427, Paragraph 1 of the Companies Act of Japan, to limit their liability under Article

- 423, Paragraph 1 of the Companies Act of Japan, to the minimum amount of liability as stipulated in Article 425, Paragraph 1 of the Companies Act of Japan.
3. Full-time Audit & Supervisory Board Member Joji Okada as formerly General Manager of the Global Controller Division, Deputy CFO (Chief Financial Officer), and CFO of the Company, has considerable expertise in finance and accounting. Audit & Supervisory Board Member Kimitaka Mori has considerable expertise in finance and accounting cultivated through his many years of experience as a certified public accountant.
 4. There is no special relationship between the organizations listed in the column “Important Concurrent Position(s) Held in Other Organizations” and the Company that would interfere with or raise problems with regard to their performance of their duties as External Directors or External Audit & Supervisory Board Members. Although there are certain businesses between the Company and the organizations the External Officers belong to as shown below, the Company has determined that there is nothing that would affect the independence of these External Officers.
 - i) The Company paid membership fees and made donations to the Japan Association of Corporate Executives, where Director Izumi Kobayashi had served as Vice Chairperson until April 2019, but the yearly amount paid in each of the last three (3) fiscal years was below the standard amount for donations and aid funds established by the Company’s criteria of independence for External Officers (¥10 million).
 - ii) Until March 2017, the Company paid advisory remuneration and training costs related to human resource development to t-lab Co., Ltd., where Director Hirotaka Takeuchi has served as a Director since June 2013, but the yearly amount paid in each of the last three (3) fiscal years was below the standard amount for remuneration provided to consultants and other individuals providing professional services established by the Company’s criteria of independence for External Officers (¥10 million). Furthermore, the Company made donations and paid contracting fees for human resource development and academic fees for researchers to Harvard Business School, where Director Hirotaka Takeuchi has served as a professor since July 2010, but the yearly amount of the Company’s donations made in each of the last three (3) fiscal years was below the standard amount for donations and aid funds established by the Company’s criteria of independence for External Officers (¥10 million), and the yearly amount paid including donations was less than 1% of Harvard Business School’s annual revenue.
 5. Although a nephew (third degree of kinship) of Director Hirotaka Takeuchi is an employee of the Company (managerial post), the individual is not subject to the Company’s standards set for criteria of independence for External Officers (relative within the second degree of kinship), nor is the individual deemed an important executing person given that the individual’s position is not equivalent to or above that of an officer-general manager class position.
 6. The role of Chairman of the Board of Directors of the Company chiefly involves carrying out supervision of management. It does not involve concurrent duties as an executive officer or execution of day-to-day business operations.

3. Remuneration of Directors and Audit & Supervisory Board Members

The remuneration of Directors and Audit & Supervisory Board Members comprises a basic fixed remuneration (upper limit: ¥1 billion per year in total), results-linked bonuses (upper limit: ¥700 million per year in total), and stock-price linked stock-based compensation as medium- to long-term incentive compensation. The Company has adopted stock options (upper limit: ¥500 million per year in total) in the year ended March 31, 2019 as stock-price linked stock-based compensation. From the year ending March 31, 2020 onward, the Company seeks to introduce restricted stock-based compensation, and plans to submit a related proposal at the Ordinary General Meeting of Shareholders to be held on June 20, 2019.

The Company's Remuneration Committee is chaired by an External (Independent) Director. The Committee discusses the remuneration system for Directors and Audit & Supervisory Board Members, and each year verifies the appropriateness of the proportions of fixed remuneration, results-linked bonuses, and medium- to long-term incentive compensation based on trends at other companies, then reports to the Board of Directors, among other measures, in order to emphasize transparency in the determination of Directors' and Audit & Supervisory Board Members' remuneration.

The bonus paid for the year ended March 31, 2019 as results-linked bonuses is calculated by the following formula.

$$\begin{aligned} \text{Total payment amount} = & \text{(Consolidated profit for the year (attributable to owners of the parent) x 50\%} \\ & \text{x 0.1\%)} \\ & + \text{(Core operating cash flow x 50\% x 0.1\%)} \end{aligned}$$

Note that the upper limit for the total payment amount is set at ¥700 million and if the consolidated profit for the year (attributable to owners of the parent) is negative, i.e., loss, or if the core operating cash flow is negative, i.e., net cash outflow, this negative item will be calculated as 0.

Moreover, consolidated profit for the year (attributable to owners of the parent) and core operating cash flow are important management indicators for the Company that are also considered when determining dividend policy and so forth.

In order to avoid possible impairment to the External Directors' and Audit & Supervisory Board Members' independence from management, the Company does not pay results-linked compensation to External Directors and Audit & Supervisory Board Members, who only receive basic remuneration. The basic remuneration paid to Audit & Supervisory Board Members has an upper limit of ¥240 million per year in total.

The remuneration of the Company's Directors and Audit & Supervisory Board Members regarding the year ended March 31, 2019, was as follows:

	Number of Recipients	Basic Remuneration	Bonus	Stock Option	Total Remuneration Paid Relating to the Year Ended March 31, 2019
Directors (Excluding External Directors)	12	¥719 million	¥492 million	¥116 million	¥1,328 million
Audit & Supervisory Board Members (Excluding External Audit & Supervisory Board Members)	2	¥132 million	—	—	¥132 million
External Directors	5	¥104 million	—	—	¥104 million
External Audit & Supervisory Board Members	3	¥60 million	—	—	¥60 million
Total	22	¥1,015 million	¥492 million	¥116 million	¥1,624 million

Notes:

1. The above includes Directors and Audit & Supervisory Board Member who retired from office in the year ended March 31, 2019.
2. The stock options above show the amount recognized as expenses during the year ended March 31, 2019, of the expenses

related to stock options (The 2018 First Subscription Rights to Shares of the Company) to be allotted to nine Directors (excluding External Directors).

3. In addition to the above amounts, a total of ¥490 million was paid to 109 retired Directors, and ¥44 million to 13 retired Audit & Supervisory Board Members, as pensions (representing payments determined prior to the abolition of those systems).
4. Neither Directors nor Audit & Supervisory Board Members receive payment of special retirement compensation.
5. Each Director (excluding External Director) is required to purchase Mitsui's shares in an amount equivalent to at least 10% of his or her monthly remuneration but less than ¥1.0 million through the Mitsui Executive's Shareholding Association.
6. Amounts are rounded to the nearest ¥1.0 million.

9. Corporate governance

The Company adopts the structure of a company with the Audit & Supervisory Board. To achieve effective corporate governance for shareholders and other stakeholders, the Company has established and maintains the following structures:

- (1) The Board of Directors is the highest authority for business execution and supervision. To ensure those functions, the Company has set the number of Directors to the maximum number to enable effective deliberations. The Company has also established the Governance Committee, Nomination Committee, and Remuneration Committee as advisory bodies to the Board of Directors, with External Directors and External Audit & Supervisory Board Members serving as members of these committees.

The purpose of each committee as well as its membership, as of March 31, 2019, are as follows:

	Role	Committee chair and Members
Governance Committee	This committee is tasked with studying the state and direction of the Company's corporate governance, while taking into consideration the viewpoint of External Officers.	Committee chair: Chairman of the Board of Directors (Iijima, Director) Members: President (Yasunaga, Director), three External Directors (Muto, Director; Rogers, Director; Walsh, Director), one Internal Director (Tanaka, Director), one External Audit & Supervisory Board Member (Matsuyama, Audit & Supervisory Board Member)
Nomination Committee	This committee is tasked with establishing the standards and processes used in nominating and dismissing Directors and Managing Officers (including CEO), setting succession planning for CEO and other top executives, and evaluating Director nomination proposals. It also deliberates on the dismissal of Directors and Managing Officers.	Committee chair: External Director (Kobayashi, Director) Members: Chairman of the Board of Directors (Iijima, Director), President (Yasunaga, Director), one External Director (Takeuchi, Director), one External Audit & Supervisory Board Member (Ozu, Audit & Supervisory Board Member)
Remuneration Committee	This committee is tasked with studying the system and decision-making process related to remuneration and bonuses, including the evaluation of officer remuneration proposals, for Directors and Managing Officers.	Committee chair: External Director (Muto, Director) Members: President (Yasunaga, Director), one External Director (Kobayashi, Director), two Internal Directors (Suzuki, Director; Uchida, Director), one External Audit & Supervisory Board Member (Mori, Audit & Supervisory Board Member)

- (2) The Audit & Supervisory Board Members audit the execution of duties by the Directors as an independent body which has a mandate from the shareholders. In pursuit of this objective, the Audit & Supervisory Board Members carry out multifaceted, effective auditing activities, such as attending important internal meetings and auditing various types of reports, investigating corporate business operations, and take necessary measures in a timely manner.

Please refer to the Company's website

(<https://www.mitsui.com/jp/en/company/outline/governance/index.html>) for more information regarding the corporate governance structure.

Each year, the Board of Directors conducts an evaluation and analysis of the effectiveness of the Board of Directors, and then uses the results of this evaluation and analysis to guide further improvement. Based on the opinions given through the evaluation of the effectiveness of the Board of Directors for the year ended March 31, 2018, all of the Directors and Audit & Supervisory Board Members conducted an intensive discussion offsite in November 2018 on the themes of "The Company's Governance and organizational structure," "Themes, current situation, and issues for realizing sustainable growth," and "The Company's

human resources to support sustainable growth.” Please refer to the link to the Company’s website below for details regarding the results of the evaluation of the effectiveness of the Board of Directors for the year ended March 31, 2019.

Pursuant to the fourth paragraph of Article 444 of the Companies Act, we have audited the consolidated financial statements, namely, the consolidated statement of financial position as of March 31, 2019 of Mitsui & Co., Ltd. (the "Company") and its consolidated subsidiaries, and the consolidated statements of income and changes in equity for the fiscal year from April 1, 2018 to March 31, 2019, and the related notes.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements pursuant to the provisions of the second sentence of the first paragraph of Article 120 of the Ordinance on Company Accounting which allows companies to prepare consolidated financial statements with the omission of a part of the disclosures required under International Financial Reporting Standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in Japan. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Audit Opinion

In our opinion, the consolidated financial statements referred to above, prepared with the omission of a part of the disclosures required under International Financial Reporting Standards pursuant to the provisions of the second sentence of the first paragraph of Article 120 of the Ordinance on Company Accounting, present fairly, in all material respects, the financial position of the Company and its consolidated subsidiaries as of March 31, 2019, and the results of their operations for the year then ended.

Interest

Our firm and the engagement partners do not have any interest in the Company for which disclosure is required under the provisions of the Certified Public Accountants Act.

Pursuant to the first item, second paragraph of Article 436 of the Companies Act, we have audited the financial statements, namely, the balance sheet as of March 31, 2019 of Mitsui & Co., Ltd. (the "Company"), and the related statements of income and changes in net assets for the 100th fiscal year from April 1, 2018 to March 31, 2019, and the related notes and the accompanying supplemental schedules.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements and the accompanying supplemental schedules in accordance with accounting principles generally accepted in Japan, and for such internal control as management determines is necessary to enable the preparation of financial statements and the accompanying supplemental schedules that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements and the accompanying supplemental schedules based on our audit. We conducted our audit in accordance with auditing standards generally accepted in Japan. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and the accompanying supplemental schedules are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements and the accompanying supplemental schedules. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements and the accompanying supplemental schedules, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the preparation and fair presentation of the financial statements and the accompanying supplemental schedules in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements and the accompanying supplemental schedules.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Audit Opinion

In our opinion, the financial statements and the accompanying supplemental schedules referred to above present fairly, in all material respects, the financial position of the Company as of March 31, 2019, and the results of its operations for the year then ended in accordance with accounting principles generally accepted in Japan.

Interest

Our firm and the engagement partners do not have any interest in the Company for which disclosure is required under the provisions of the Certified Public Accountants Act.

The above represents a translation, for convenience only, of the original report issued in the Japanese language and "the accompanying supplemental schedules" referred to in this report are not included in the attached financial documents.

Audit & Supervisory Board's Audit Report

Having examined the Directors' performance of their duties during the 100th fiscal year from April 1, 2018 to March 31, 2019, we, the Audit & Supervisory Board, make this report as follows, based upon discussion on the basis of the auditors' reports submitted by the respective Audit & Supervisory Board Members:

1. METHODS AND SUBSTANCE OF AUDIT BY AUDIT & SUPERVISORY BOARD MEMBERS AND AUDIT & SUPERVISORY BOARD

The Audit & Supervisory Board decided upon auditing policies, allocation of work duties, etc., received a report on the auditing work performed and its results from each Audit & Supervisory Board Member, and received a report on their status of work executed from the Directors and the Independent Auditor and requested their explanations as necessary.

While conforming to the auditing standards as decided by the Audit & Supervisory Board, the auditing policies, the allocation of duties, etc., each Audit & Supervisory Board Member endeavored to facilitate mutual understanding with the Directors, the internal auditing division, other employees and the Independent Auditor endeavored to collect information and to improve the auditing environment, attended the meetings of the Board of Directors and other important meetings, received reports on their status of work executed from the Directors and the employees and requested their explanations as necessary, inspected material internal decision-making documents, etc., and investigated the status of operations and assets of the headquarters and major business sites. In addition, regular reports were received and explanations given by directors and employees, and audits were conducted, including expressing opinions, covering the substance of decisions made by the Board of Directors (pursuant to Article 362, Paragraph 4, Item 6 of the Companies Act of Japan) with regard to necessary systems to ensure appropriate operations of the company group comprised of the company and its subsidiaries described in the Business Report and of the status of construction and operation of the systems actually developed on the basis of those decisions (the internal control systems). With respect to subsidiaries, we designated some of the affiliated companies both in Japan and overseas as "Affiliated Companies to be Monitored Designated by the Audit & Supervisory Board," and make visits to these designated affiliated companies, and endeavored to facilitate mutual understanding and exchanging of information with their directors, audit & supervisory board members, etc., and collected reports on their business as necessary. Based on the above methods, the business report and its supplementary schedules for the relevant fiscal year were examined.

In addition, we examined whether the independence of the Independent Auditor was maintained and whether appropriate audit was being undertaken, received reports from the Independent Auditor on the status of operations, and requested explanations as necessary. We also received reports from the Independent Auditor that "Necessary systems to ensure appropriate execution of operations" (pursuant to Article 131 of the Corporate Accounting Regulations of Japan) was duly developed in line with "Quality control standards for auditing" (issued by the Japan Corporate Accounting Council on October 28, 2005), and requested explanations as necessary. Based on the above methods, we examined the financial statements for the relevant fiscal year (the balance sheets, the statements of income, the statement of changes in equity and the notes to non-consolidated financial statements) and their supplementary schedules and then the consolidated financial statements for the relevant fiscal year (the consolidated statements of financial position, the consolidated statement of income, consolidated statements of changes in equity and the notes to consolidated financial statements).

Regarding internal control of financial reporting, the Directors and Deloitte Touche Tohmatsu LLC provided us with reports assessing the internal control procedures and audit status, as well as explanations where necessary.

2. RESULTS OF AUDIT

(1) Results of examination of the business report, etc.

- a) In our opinion, the business report and its supplementary schedules are in conformity with the applicable laws and regulations of Japan and the Articles of Incorporation of the Company and fairly present the state of the Company's affairs;
- b) We have found no misconduct or material fact constituting a violation of any applicable laws and regulations of Japan or the Articles of Incorporation in connection with the Directors' performance of their duties; and
- c) In our opinion, the substance of the decisions made by the Board of Directors with regard to the internal control systems is appropriate. Furthermore, we find no matters that require noting with regard to the description in the Business Report and the Directors' performance of their duties in connection with the relevant internal control systems.

(2) Results of examination of the financial statements and their supplementary schedules

In our opinion, the auditing methods used and the conclusions reached by the Independent Auditor, Deloitte Touche Tohmatsu LLC, are appropriate.

(3) Results of examination of the consolidated financial statements

In our opinion, the auditing methods used and the conclusions reached by the Independent Auditor, Deloitte Touche Tohmatsu LLC, are appropriate.
