	June 2013	Joined the Company, Member of the Managing Board of the Company (current)	
	(Reasons for Nomination and Term of Office)		
	Susumu Nishiura is appointed as a candidate for a Member of the Managing Board (Outside) who is a substitute Audit and Supervisory Committee Member, in the hope that he would utilize his abundant experience and deep insight in corporate management for audit, etc. of the Company. He is currently a Member of the Managing Board (Outside), and his term of office as a Member of the Managing Board (Outside) will be six years at the conclusion of this Meeting. Please note that he will retire from Member of the Managing Board (Outside) at the conclusion of this Meeting.		

- Notes:
1. There is no special interest between the candidate and the Company.
 2. Susumu Nishiura is to be elected as a Member of the Managing Board (Outside) who is a substitute Audit and Supervisory Committee Member.
 3. In accordance with the Company's Articles of Incorporation and Article 427, Paragraph 1 of the Companies Act, the Company has entered into an agreement with Susumu Nishiura to limit his liability for damages as provided for by Article 423, Paragraph 1 of the Companies Act.
If Susumu Nishiura assumes the position of a Member of the Managing Board (Outside) who is an Audit and Supervisory Committee Member, the Company plans to enter into the same agreement with him.
 4. The Company has reported Susumu Nishiura as an Independent Member of the Managing Board to the Tokyo Stock Exchange, Inc.
If Susumu Nishiura assumes the position of a Member of the Managing Board (Outside) who is an Audit and Supervisory Committee Member, the Company plans to report him as an Independent Member of the Managing Board to the Tokyo Stock Exchange, Inc.

Bill No. 4: Determination of Amounts of Remuneration as Stock Options to Directors (excluding Directors Who Are Audit and Supervisory Committee Members and Members of the Managing Board (Outside)) and Other Terms Thereof

The amount of remuneration for Directors (excluding Directors who are Audit and Supervisory Committee Members) of the Company was set by a resolution at the 49th Ordinary General Meeting of Shareholders held on June 24, 2016 at no more than 1,000 million yen annually (of which, the amount of remuneration for Members of the Managing Board (Outside) is to be set at no more than 50 million yen annually, and in which the employee salary portion of Directors concurrently serving as employees of the Company is not included). The Company requests an approval for the allotment of share options as stock options in the range of up to 800 million yen annually to Directors (excluding Directors who are Audit and Supervisory Committee Members and Members of the Managing Board (Outside)), separately from said amount of remuneration, in order to enhance the corporate value by raising motivation and willingness of Directors to improve business performance, taking into consideration various factors.

The allotment of the stock options in this bill shall be carried out according to the following procedure for the purposes of further enhancing the corporate value by raising the motivation and willingness of Directors to improve business performance, and the Company believes the specific details of the stock options are appropriate.

Directors who will be allotted share options will be granted remunerations equivalent to the amounts to be paid in, and will be able to set off the amounts to be paid in for the share options against the remuneration claims. The amounts of remuneration as stock options will be calculated by multiplying the fair value of each share option determined on the allotment date of share options by the total number of share options to be allotted.

At present there are seven Directors (excluding Directors who are Audit and Supervisory Committee Members and Members of the Managing Board (Outside)), and if the Bill No. 2 is approved and passed as proposed, the number of Directors to be subject to this bill (excluding Directors who are Audit and Supervisory Committee Members and Members of the Managing Board (Outside)) will remain seven.

Details of share options as stock options for Directors (excluding Directors who are Audit and Supervisory Committee Members and Members of the Managing Board (Outside)) of the Company

(1) Class and number of shares to be delivered upon exercise of share options

The shares to be delivered upon exercise of share options shall be the Company's common shares, and the number of shares to be delivered upon exercise of each share option (hereinafter the "Number of Shares Granted") shall be 10 shares.

However, after the date of resolution at this General Meeting of Shareholders, in the case that the Company splits its common shares (including the allotment of the Company's common shares to shareholders without contribution; the same applies hereinafter) or consolidates its common shares, the Number of Shares Granted for the share options, that have not been exercised at the time of such share split or consolidation, shall be adjusted using the following formula.

$$\text{Number of Shares Granted after adjustment} = \text{Number of Shares Granted before adjustment} \times \text{Ratio of split or consolidation}$$

In addition, upon the occurrence of any unavoidable event that requires the adjustment of the Number of Shares Granted other than those set forth above, the Company may adjust the Number of Shares Granted as deemed necessary by the Board of Directors.

Fractional shares less than one share resulting from the above adjustment shall be rounded

down.

(2) Total number of share options

The number of share options to be allotted within one year from the date of the ordinary general meeting of shareholders for each business year shall not exceed 25,000 units.

(3) Amount to be paid in for share options

The amount to be paid in for each share option shall be determined by the Board of Directors based on the fair value of the share options, which is computed by a fair calculation method including the Black-Scholes model, upon the allotment of the share options.

The recipient of the allotment of share options (hereinafter the “Share Options Holder”) shall not be required to pay in money as the remuneration claims from the Company shall be offset against the amount to be paid.

(4) Amount of property to be contributed upon exercise of share options

Amount of property to be contributed when share options are exercised shall be the amount to be paid in per share to be delivered by exercising the share options (hereinafter the “Exercise Price”), multiplied by the Number of Shares Granted concerning the relevant share options.

The Exercise Price shall be obtained by multiplying 1.05 by the average closing price in regular trading of the Company’s common shares on the Tokyo Stock Exchange on each day of the previous month of the date when the share options are allotted (hereinafter the “Allotment Date”), provided that the date when the trade was not effective is not included. Resulting fractions of less than one yen shall be rounded up. However, in the case such amount is lower than the closing price of the Allotment Date (when no closing price is published on that day, closing price of the nearest previous date shall be applied), it shall be the closing price of the Allotment Date.

If the following circumstances arise after the Allotment Date for the share options, the Exercise Price shall be adjusted as respectively described.

- (i) In the event that the Company conducts a share split or consolidation of the Company’s common shares, an adjustment shall be made to the Exercise Price using the following formula, and any fractions of less than one yen due to the adjustment shall be rounded up.

$$\text{Exercise Price after adjustment} = \text{Exercise Price before adjustment} \times \frac{1}{\text{Ratio of split or consolidation}}$$

- (ii) In the event that the Company issues new shares or disposes of treasury shares at a price below the market price of the Company’s common shares (excluding issuance of new shares and disposal of treasury shares based on the exercise of share options and the transfer of treasury shares due to the share exchange), an adjustment shall be made to the Exercise Price using the formula below, and any fractions of less than one yen resulting from the adjustment shall be rounded up.

$$\text{Exercise Price after adjustment} = \text{Exercise Price before adjustment} \times \frac{\text{Number of shares already issued} + \frac{\text{Number of shares newly issued} \times \text{Amount to be paid in per share}}{\text{Market price per share}}}{\text{Number of shares already issued} + \text{Number of shares newly issued}}$$

In the formula above, “Number of shares already issued” shall be the number obtained by subtracting the number of treasury shares owned by the Company from the total number of issued shares. In the event that the Company disposes of treasury shares, “Number of shares newly issued” shall be read as “Number of treasury shares to be disposed of” and “Amount to

be paid in per share” shall be read as “Disposal amount per share.”

- (iii) In the event that the Company merges with another company, implements a company split, or in equivalent cases necessitating an adjustment of the Exercise Price, the Exercise Price shall be adjusted to the extent necessary and reasonable.

(5) Exercise period of share options

The exercise period of share options shall be determined by resolution of the Board of Directors to decide the subscription requirements for share options within the range from the date of exactly two years after the date of such resolution of the Board of Directors to the date of exactly eight years after the date of such resolution.

If the last day of the exercise period falls on the Company’s holiday, the last day shall be the immediately preceding business day.

(6) Conditions for exercise of share options

At the time of exercising the share options, each Share Options Holder is required to be in any of the position of director, executive officer, advisor or employee of the Company or its subsidiaries. However, this does not apply in cases of resignation due to expiration of term of office, reaching the mandatory retirement age, or any other due reason. Other conditions for exercise of share options shall be determined by the Board of Directors to decide the subscription requirements for share options.

(7) Restriction on acquisition of share options by transfer

Acquisition of share options by transfer shall require approval of the Board of Directors.

(8) Other details of share options

Any other details related to share options shall be decided by the Board of Directors to decide the subscription requirements for share options.
