## Notes to consolidated financial statements

## (Change in accounting policies)

Some of our overseas subsidiaries have applied IFRS 16 Leases since the first quarter of the fiscal year ending March 31, 2020. The standard requires a lessee to recognize in principle all leases as assets and liabilities on the balance sheet.

In accordance with transitional treatment, the Company has recognized the impact of this accounting standard cumulatively as of the date of adoption for balances at the beginning of the first quarter of the current consolidated fiscal year.
Consequently, as at the beginning of the current first quarter of consolidated fiscal year, "Property, plant and equipment" increased $¥ 6,009$ million, "Investments and other assets" increased $¥ 79$ million, "Current liabilities" increased $¥ 636$ million, and "Non-current liabilities" increased $¥ 5,642$ million, while "Retained earnings" decreased $¥ 97$ million, and "Non-controlling interests" decreased $¥ 93$ million.

The effect of this change on the Quarterly consolidated statements of income is not significant.

Information related to net sales, profit (loss) by reportable segment.
