## 1. Basic Views on Corporate Governance, Capital Structure, Corporate Profile and Other Basic Information

### 1. Basic Views

FANCL positions full and proper corporate governance as an important management issue to enable us to become a corporation that our shareholders and all our stakeholders can rely upon. While closely following corporate ethics and the law, our basic policy calls for the enhancement of our internal control systems (which include risk management), the efficiency of management and the maintenance of transparency.

In addition, based on the principles below, we will work to develop and improve internal control based on this philosophy.

- "Can achieve more"

The FANCL Group is a corporation that truly cares for people, and seeks to eliminate customers' "negative" experience and pursue gentleness, safety, and assurance. We always put ourselves in customers' shoes and the happiness of our customers forms the basis of everything we do.

### Reasons for Non-compliance with the Principles of the Corporate Governance Code

The Company has implemented all principles of the Corporate Governance Code.

### Disclosure Based on the Principles of the Corporate Governance Code **[Updated]**

#### (Principle 1.4) Cross-shareholdings

The Company does not have any cross-shareholdings. Furthermore, it is our basic policy not to have any cross-shareholdings unless the significance of such holdings is recognized. We will exercise the voting rights of the shares that we are deemed to hold appropriately, after examining the content of the agenda items to be voted upon and judging whether such items contributes to the improvement of shareholder value.

#### (Principle 1.7) Related Party Transactions

When the Company is to conduct transactions with Directors and/or major shareholders, the Board of Directors first deliberates on important matters such as the transaction conditions and makes its decisions based on our board meeting criteria.

#### (Principle 2.6) Roles of Corporate Pension Funds as Asset Owners

The Company has prepared basic policies and operational guidelines to ensure the safe and effective management of our reserve funds. After we grant permission to the trustees who will manage these, we periodically monitor their operations. In addition, by individually delegating to each investment management institution the selection of investees and the exercising of voting rights, there is no conflict of interest between the beneficiaries of our corporate pension and the Company. We have appointed our Human Resources Department to be the department in charge of our Group's corporate pension fund. The Department has acquired the necessary business knowledge by attending various seminars held by the investment institutions.

Candidates are considered and discussed by the Nomination and Compensation Committee (of which the majority of Committee members are Outside Directors) which then refers the nominees to the Board of Directors for final decision-making. Outside members are appointed in accordance with the Tokyo Stock Exchange's requirements for independence. It is our

policy to appoint people to the positions of Outside Director or Outside Audit & Supervisory Board Member who do not come from affiliated companies, major shareholders or major customers, and who can maintain proper independence.

The process of dismissal of Senior Management is as follows. If the qualities stipulated in the appointment policy are found to be lacking, then following the advice and recommendations of the Nomination and Compensation Committee, the person is dismissed following comprehensive judgment by the Board of Directors.

(5) The reasons for the nomination of Director and Audit & Supervisory Board Member candidates are published in our Convocation Notice.

(Supplementary Principle 4.1.1) Scope of delegation to Management

We have established the Board of Directors' meeting criteria, clarified the matters to be resolved at the meetings of the Board, and have delegated other decisions to Management. Management carries out their duties based on their authority to make decisions, depending on the size and nature of the transactions and operations concerned.

(Principle 4.9) Independence Standards and Qualifications for Independent Outside Directors

On the premise that the independence of our Outside Directors is able to satisfy the requirement of the Tokyo Stock Exchange's requirements for independence, we appoint people to the position of Outside Director who have a high level of expertise and abundant experience, and who can actively come up with proposals in response to the management issues of the Company, and who can provide management oversight functions in their position.

(Supplementary Principle 4.11.1) Stance on Balance among Knowledge, Experience, and Skills, and on Diversity and Size of the Board of Directors

Our Articles of Incorporation permit us to appoint up to 15 Directors and up to 4 Audit & Supervisory Board Members.

We currently have 9 Directors, of which 3 are Outside Directors. We appoint Directors who have various forms of knowledge, experience and abilities for the execution of their duties, and who can function effectively in meetings of the Board of Directors.

In the appointment of our Directors, we do not discriminate on the grounds of gender, age or nationality. We carefully consider the personal qualities and business insights of each person, and it is our policy to appoint people who properly understand and practice our Group's founding philosophy of "Eliminating 'Negatives' with a sense of justice" and our management philosophy of "Can achieve more" and can fulfill their duties and responsibilities. Candidates are considered and discussed by the Nomination and Compensation Committee (of which the majority of Committee members are Outside Directors) which then refers the names to a meeting of the Board of Directors for final decision-making. Outside Directors are appointed in accordance with the Tokyo Stock Exchange's requirements for independence. It is our policy to appoint people to the positions of Outside Director or Outside Audit & Supervisory Board Member who do not come from affiliated companies, major shareholders or major customers, and who can maintain proper independence.

(Supplementary Principle 4.11.2) Concurrent Positions of Directors

Important concurrent positions of Directors and Audit & Supervisory Board Members are published in our Convocation Notice.

(Supplementary Principle 4.11.3) Summary of the Results of Evaluation of the Effectiveness of the Board of Directors

Beginning in FY Mar/2016, we introduced a system whereby each Director and Audit & Supervisory Board Member conducts a self-evaluation of meetings of the Board of Directors, so that we can gain a better understanding of the state of the Board and enable it to operate more effectively.

The evaluation is conducted by sending a questionnaire survey to each Director and Audit & Supervisory Board Member that asks them about general matters relating to the Directors, such as the structure of the Board and its state of operation, and the role and activities of the Outside Directors. The results of the questionnaire are assessed.

In the Board evaluations of FY Mar/2019, we determined that overall, the Board of Directors is operating appropriately and that the effectiveness of the Board is being maintained. At the same time, there were requests that support be continued and further enhanced to help Directors acquire further knowledge. In the evaluation in the previous fiscal year, the same points were raised as ongoing challenges, and this year it has been confirmed that progress has been made in the support given to Directors to help them gain knowledge. On the other hand, in the opinion of some, there are issues with the number of Directors and the proportion of them who are Outside Directors. These issues were raised at the Ordinary General Meeting of Shareholders held on June 22, 2019. It was decided to reduce the number of Directors from 15 to 9, and to increase the proportion of Outside Directors, so that management decision-making could be sped up and the management oversight function of the Board be enhanced.

Based on the results of this evaluation, we will strive to ensure and improve the function and effectiveness of the Board of Directors.

(Supplementary Principle 4.14.2) Measures for Training of Directors and Audit & Supervisory Board Members

When newly appointed Outside Directors or Outside Audit & Supervisory Board Members take their positions, in addition to explaining to them our management philosophy, business details, management strategy, the business environment and issues surrounding our operations, we use outside training courses to enhance their knowledge of their legal roles and duties.

In addition to this training, we make efforts annually to ensure that all Directors and Audit & Supervisory Board Members acquire necessary knowledge and we promote the understanding of their roles and responsibilities. This is done through holding study sessions run by lawyers who cover the Companies Act and the latest situations. We also provide appropriate information about corporate governance and other areas that is necessary, and we endeavor to promote their acquisition of required knowledge and understanding of their roles.

In addition, for the training of the next generation of managers we run the 2-year *Ikemori Leadership Training Program* that deepens understanding of our founding philosophy and business philosophy, where trainees study the viewpoints of management.

(Principle 5.1) Policy for Constructive Dialog with Shareholders

The systems we have put in place and the initiatives we have taken to encourage constructive dialog with shareholders are as follows.

- In our dialogue with individual shareholders, we place the highest priority on the General Shareholder Meeting. By holding the Meeting on Saturdays or Sundays it is easier for shareholders to attend, so many can be present. At the Meeting, we carefully explain our future business strategies and business prospects, using videos for ease of understanding, and the Director in charge or the Chairman can answer questions from the shareholders.
- Business Management Division Directors and Executive Officers engage in dialogs with analysts, institutional investors and others.
- Individual discussions with analysts and institutional investors are held, and the details are reported to our Directors and Executive Officers.
- We hold financial results briefings for analysts and institutional investors (4 times a year) in which the Representative Director explains the outcomes.
- Each of our divisions (IR, Corporate Planning, General Affairs, Accounting, and Legal) collaborate in the release of financial results and in the General Shareholder Meeting and other events, and strive to deliver accurate information.

## Disclosure of Policy on Determining Remuneration Amounts and Calculation Methods

### Matters Concerning Policy on Determining Remuneration Amounts, etc. of Officers, and Calculation Methods

#### 1) Policy details

The remuneration, etc. (the compensation, bonuses and other property benefits received from the Company as compensation for the execution of their duties; hereafter the same), of Officers in the Company is comprised of monthly remuneration that is a fixed monthly amount, stock options that are a long-term incentive, and a performance-linked stock price-based compensation plan (hereafter "phantom stock") that is a medium-term incentive. Monthly compensation can be divided into basic compensation and variable compensation. Note however that Outside Directors are only paid basic compensation.

The basic compensation is decided considering the gravity of the role and responsibility, regardless of the results or evaluation of performance. Variable compensation is determined each year based on the achievement rate of the fiscal year plan (consolidated operating income) in the previous fiscal year and the evaluation of personal performance in the previous fiscal year. The purpose of stock options is to incentivize the enhancement of the Company's stock price throughout the term of the executive officer. The exercise price of the option is ¥1 per share. Stock acquisition rights are granted that can only be exercised collectively within 10 days of resignation. This exercise period is limited to the time of retirement to provide an incentive to the executive to increase shareholder value throughout their tenure. The number of shares granted in each fiscal year is calculated based on a ratio of around 15 to 30% of the annual total of monthly remuneration for each Director (and varies, depending on the job title).

Phantom stock is a monetary remuneration whose payment amount is determined according to the stock price on a certain date. In order to provide an incentive to achieve the Medium-Term Management Plan in addition to stock price performance, the phantom stock payment amount is linked to the degree of achievement of the performance targets set out in the Medium-Term Management Plan (consolidated sales and operating income). The number share granted in each fiscal year is determined so that the amount accounted for in each fiscal year is a ratio of around 10 to 20% of the annual total of monthly remuneration for each Director (and varies, depending on the job title). Please refer to the 39th Securities Report for details about specific phantom stock.

#### 2) Method for Determining Remuneration, etc.

To ensure that the Independent Outside Directors are proactively involved in the nomination of Officer candidates and in the setting of Officer remuneration and to ensure the fairness, transparency and objectivity of procedures, the Company established the Nomination and Compensation Committee to be an advisory body to the President & CEO, Representative Director.

Remuneration, etc., for Executive Officers is decided as follows. The Nomination and Compensation Committee discusses remuneration and passes its opinion to the President & CEO, Representative Director. The President & CEO, Representative Director then prepares a proposal with respect to this opinion and submits it to the Board of Directors for deliberation and final decision. The majority of the members of the Nomination and Compensation Committee are Independent Outside Directors. In addition to matters relating to the nomination of our Directors, Executive Officers, special officers and the representative directors of our consolidated subsidiaries (hereafter, "Directors, etc.") the Committee considers policy relating to remuneration, etc. for Directors, etc., considers the amount of remuneration for individual Directors, etc., and passes its opinions on to the President & CEO, Representative Director.

The President & CEO, Representative Director respects the opinion of the Nomination and Compensation Committee and determines the amount of remuneration, etc., for individual Directors, etc. within the scope set by the resolutions of the General Meeting of Shareholders and the Board of Directors. Furthermore, at the 38th Ordinary General Meeting of Shareholders held on June 23, 2018 the limit to remuneration, etc. for Directors was set to within an annual limit of ¥830 million (for a maximum of 15 Directors).

Based on the policy decided in June 2018, the remuneration, etc., of Directors for FY Mar/2019 was determined by the President & CEO, Representative Director who has been granted discretion to do so by the Board of Directors. The President & CEO, Representative Director made this determination following consultation with the Nomination and Compensation Committee. The Nomination and Compensation Committee looks into the evaluation of the Officer system and individual Officers, the amounts of remuneration, the details of stock-option remuneration add how many shares to grant to each individual, and ways to enhance our corporate governance, and relays its opinions on to the President & CEO, Representative Director.

Remuneration, etc., for Audit & Supervisory Board Members is within the scope set by the resolutions of the General Meeting of Shareholders and is determined through consultation with Audit & Supervisory Board Members. Furthermore, at the 26th Ordinary General Meeting of Shareholders held on June 17, 2006 the limit to remuneration, etc. for Audit & Supervisory Board Members was set to within an annual limit of ¥60 million (for a maximum of 4 Audit & Supervisory Board Members).

## Supporting System for Outside Directors and Outside Audit & Supervisory Board Members [Updated]

## 2. Matters on Functions of Business Execution, Auditing, Oversight, Nomination and Remuneration Decisions (Overview of Current Corporate Governance System) [Updated]

An executive officer system was introduced in June 1999 to separate the functions of management supervision and business execution. In June 2004 the positions of president, senior managing director, managing director and other executive director positions were abolished and those titles were assigned to Executive Officers. In June 2005 the term of Directors was shortened from 2 years to 1 year to enable the Company to organically build the optimal management team to respond to changes in the business environment. Furthermore, it was decided from June 2019 to reduce the number of Directors from 15 down to 9, and to

increase the proportion of Outside Directors, so that management decision-making could be sped up and the management oversight function of the Board be enhanced.

#### Board of Directors

Meetings of the Board of Directors are held at least once a month. The Board is composed of 9 Directors (of which 3 are Outside Directors). The Board makes important business decisions and decides other statutory matters. It also receives reports about the state of management of the Company's subsidiaries and supervises their management. In addition, the Company appoints Outside Directors. From their standpoint of independence, the Outside Directors attend meetings of the Board of Directors, and oversee its management from their diverse range of perspectives and a wealth of experience and insight.

In FY Mar/2019 a total of 16 meetings of the Board were held, with all members present for at least 15 of those meetings.

#### Management Conference

The Management Conference is comprised of Directors, Executive Officers and Full-time auditors. The Conference deliberates matters before they are decided upon by the Board of Directors and also deliberates important matters of management within the scope of the authority delegated to it by the Board of Directors.

#### Nomination and Compensation Committee

This Committee is comprised of 5 members: 2 Inside Directors (the President & CEO, Representative Director, and the Chairman & Founder, Representative Director) and 3 Outside Directors.

Independent Outside Directors are proactively involved in the nomination of Officer candidates and in the setting of their remuneration. To ensure the fairness, transparency and objectivity of procedures, the Nomination and Compensation Committee was established in June 2018 to be an advisory body to the President & CEO, Representative Director. The majority of the members of the Nomination and Compensation Committee are Independent Outside Directors.
