Listing on the First Section of the Tokyo Stock Exchange

We would like to announce that our stock was designated to the First Section of the Tokyo Stock Exchange today (the stock had been listed on the Second Section of the exchange).

This was made possible thanks to support from shareholders, customers, client companies, and many other stakeholders, to whom we would like to express our great appreciation.

On the basis of our management philosophy to “become a company that is loved beyond generations,” we have continued to grow by developing long-selling brands and creating new brands. We will continue our earnest efforts to expand our business operations and deliver happiness to customers, who are mainly children.

In order to be able to meet your expectations, our group as a whole will endeavor to improve our corporate value and contribute to society. We would appreciate your further support.
