[Monthly comment]

In March, net sales totaled 90.4% for existing stores compared with the previous year and 94.4% for all stores. In addition to the shortening of business hours in some stores in the Kanto region and closing of Brand Collect stores for two days on a Saturday and Sunday with the spread of novel coronavirus, one less Saturday affected the sales. By category, while sales of apparel and brand-named items were sluggish, sales of home appliances and furniture experienced a small drop due to demands for starting anew and sales of sports items, musical instrument and other hobby-related items performed favorably.
