# **Proposal 5:** Determination of remuneration amount for Directors (excluding Directors who are Audit and Supervisory Committee Members)

At the 88th Annual General Meeting of Shareholders held on June 25, 2008, the remuneration amount for the Bank's Directors was resolved to be not more than ¥20 million per month and it has been remained unchanged to the present. Subject to the approval and adoption of Proposal 2 "Partial amendments to the Articles of Incorporation," the Bank will make the transition to a company with audit and supervisory committee. For this reason, we would like to abolish the current provisions concerning the remuneration amount for Directors and amend the remuneration amount for Directors (excluding Directors who are Audit and Supervisory Committee Members) to be not more than ¥220 million per year, of which the remuneration amount for Outside Directors is to be not more than ¥12 million per year, in consideration of various circumstances such as economic situation. In addition, the remuneration amount for Directors (excluding Directors who are Audit and Supervisory Committee Members) shall not include the portion of employee salaries of Directors concurrently serving as employees.

If Proposal 2 "Partial amendments to the Articles of Incorporation," and Proposal 3 "Election of nine (9) Directors (excluding Directors who are Audit and Supervisory Committee Members)" are approved and adopted as originally proposed, the number of Directors (excluding Directors who are Audit and Supervisory Committee Members) will be nine (9) (including two (2) Outside Directors).

This proposal can only take effect on the condition that Proposal 2 "Partial amendments to the Articles of Incorporation" becomes effective.

# Proposal 6: Determination of remuneration amount for Directors who are Audit and Supervisory Committee Members

Subject to the approval and adoption of Proposal 2 "Partial amendments to the Articles of Incorporation," the Bank will make the transition to a company with audit and supervisory committee. Therefore, in consideration of the duties and responsibilities of Directors who are Audit and Supervisory Committee Members, the remuneration amount for Directors who are Audit and Supervisory Committee Members shall be not more than ¥60 million per year.

If Proposal 2 "Partial amendments to the Articles of Incorporation" and Proposal 4 "Election of four (4) Directors who are Audit and Supervisory Committee Members" are approved and adopted as originally proposed, the number of Directors who are Audit and Supervisory Committee Members will be four (4).

This proposal can only take effect on the condition that Proposal 2 "Partial amendments to the Articles of Incorporation" becomes effective.

# **Proposal 7:** Determination of remuneration for granting restricted shares to Directors (excluding Outside Directors and Directors who are Audit and Supervisory Committee Members)

At the 88th Annual General Meeting of Shareholders held on June 25, 2008, the remuneration amount for the Bank's Directors was approved to be not more than ¥20 million per month (provided, however, that the portion of employee salaries of Directors concurrently serving as employees is excluded). If Proposal 5 "Determination of remuneration amount for Directors (excluding Directors who are Audit and Supervisory Committee Members)" and Proposal 6 "Determination of remuneration amount for Directors who are Audit and Supervisory Committee Members" are approved at this meeting, in line with the Bank's transition to a company with audit and supervisory committee, the remuneration amount for the Bank's Directors (excluding Directors who are Audit and Supervisory Committee Members) shall be not more than ¥220 million per year, of which the remuneration amount for Outside Directors shall be not more than ¥12 million per year, and the remuneration amount for the Bank's Directors who are Audit and Supervisory Committee Members and Supervisory Committee Members be not more than ¥12 million per year, and the remuneration amount for the Bank's Directors who are Audit and Supervisory Committee Members and Supervisory Committee Members be not more than ¥12 million per year.

The Bank hereby proposes to newly provide remuneration for granting restricted shares to the Bank's Directors (excluding Outside Directors and Directors who are Audit and Supervisory Committee Members) ("Eligible Directors") in order to provide Eligible Directors an incentive to sustainably increase the Bank's corporate value and to further promote shared value between shareholders and Eligible Directors, within the maximum limit established separately from the above maximum remuneration amount, as part of revisions to its remuneration plan for Directors. The remuneration to be paid for granting restricted shares to the Eligible Directors based on this proposal shall be monetary claims (the "Monetary Remuneration Claims") and the total amount shall be not more than ¥20 million per year, as an amount considered appropriate, taking into consideration the above objectives. In addition, the specific timing for providing thereof and the allocation to each Eligible Director shall be decided at a meeting of the Board of Directors. However, the remuneration for granting restricted shares shall not be provided to Outside Directors and Directors who are Audit and Supervisory Committee Members.

The above remuneration amount does not include the portion of employee salaries of Directors concurrently serving as employees.

The number of Directors is currently eight (8) (including two (2) Outside Directors). If Proposal 3 "Election of nine (9) Directors (excluding Directors who are Audit and Supervisory Committee Members)" is approved and adopted as originally proposed, the number of Directors (excluding Directors who are Audit and Supervisory Committee Members) will be nine (9) (including two (2) Outside Directors).

Eligible Directors shall pay all Monetary Remuneration Claims to be provided under this proposal in the form of property contributed in kind, in accordance with the resolution of the Board of Directors of the Bank, and shall, in return, receive common stock of the Bank that shall be issued or disposed of by the Bank. The total number of common stock of the Bank to be issued or disposed of thereby shall be not more than 25,000 shares per year (provided, however, that if a stock split (including a gratis allotment of common stock of the Bank) or stock consolidation is conducted in regard to the common stock of the Bank on or after the date this proposal is approved and adopted, or if other circumstances arise whereby an adjustment is necessary to the total number of common stock of the Bank to be issued or disposed of as restricted shares, then the total number of common stock shall be adjusted within a reasonable range).

The amount to be paid in per share shall be determined at a meeting of the Board of Directors based on the closing price of the Bank's common stock on the Tokyo Stock Exchange on the business day immediately prior to each date of resolution by the Board of Directors (if there is no closing price on such date, the closing price of the closest preceding trading day), which will be within the extent not particularly advantageous to Eligible Directors who subscribe such common stock. In addition, for the issuance or disposal of the common stock of the Bank, an agreement on allotment of shares with transfer restrictions that includes provisions, as outlined below (the "Allotment Agreement"), shall be entered into between the Bank and each Eligible Director.

#### (1) Transfer restriction period

An Eligible Director shall not transfer, create a security interest in, or otherwise dispose of the common stock of the Bank allotted under the Allotment Agreement (the "Allotted Shares") for the period from the allocation date until the time immediately after the Eligible Director retires from the position predetermined by the Board of Directors (the "Transfer Restriction Period"). The restriction described in the preceding sentence will hereinafter be referred to as the "Restriction."

## (2) Lifting of the Restriction

Notwithstanding the provision of (1) above, the Bank shall lift the Restriction of all of the Allotted Shares upon expiration of the Transfer Restriction Period on the condition that the Eligible Director has remained in the position specified in the provision of (1) above throughout the period from the start date of the Transfer Restriction Period to the time immediately prior to the closing of the first annual general meeting of shareholders occurring after the start date. However, if the Eligible Director retires from the position specified in the provision of (1) above before the expiration of the Transfer Restriction Period due to death or other justifiable reason, the Bank shall rationally adjust the number of the Allotted Shares on which the Restriction is to be lifted, and the timing of lifting as needed. In addition, the Bank shall automatically acquire without contribution the Allotted Shares on which the Restriction has not been lifted as of the time immediately after the Restriction was lifted in accordance with the provisions above.

- (3) Treatment on retirement from the position due to a reason other than a justifiable reason Notwithstanding the provision of (2) above, the Bank shall automatically acquire without contribution all of the Allotted Shares, on the condition that an Eligible Director retires from the position specified in the provision of (1) above during the Transfer Restriction Period due to a reason other than a justifiable reason.
- (4) Treatment during reorganization, etc.

Notwithstanding the provision of (1) above, if, during the Transfer Restriction Period, matters relating to a merger agreement in which the Bank is the disappearing company, a stock exchange agreement or stock transfer plan in which the Bank becomes a wholly owned subsidiary, or other reorganization, etc. are approved at the Bank's general meeting of shareholders (or at a meeting of its Board of Directors in cases where approval at the Bank's general meeting of shareholders is not required in relation to the reorganization, etc.), the Bank shall lift the Restriction on the Allotted Shares with the number of shares that is reasonably determined considering the period from the start date of the Transfer Restriction Period to the date of approval of the reorganization, etc. prior to the date on which the reorganization, etc. becomes effective, by resolution of the Board of Directors of the Bank. In cases specified above, the Bank shall automatically acquire without contribution the Allotted Shares on which the Restriction has not been lifted as of the time immediately after the Restriction was lifted.

### (5) Other matters

Other matters concerning the Allotment Agreement shall be determined by the Bank's Board of Directors.

This proposal can only take effect on the condition that the amendments to the Articles of Incorporation relating to Proposal 2 "Partial amendments to the Articles of Incorporation" become effective.
